SCE CBO DATA FOOTNOTES

Acronym Glossary
AMP: Arrearage Management Plan
CAP: Customer Assistance Programs
CARE: California Alternate Rates for Energy (Program)
CBO: Community Based Organization
DAC: Disadvantaged Communities
EE: Energy Efficiency
ESA: Energy Savings Assistance (Program)
ESJ: Environmental Justice and Social Justice (Communities)
EV: Electric Vehicle
LIC: Low Income Communities
LIHEAP: Low Income Home Energy Assistance (Program)
MBL:Medical Baseline
MEO: Marketing, Education & Outreach
PS: Payment Structure
RFP: Request for Proposal
WMBVDE: Women Minority Disabled Veteran Business Enterprise

**Activity Status Legend
High: Defined as CBOs that have an active MOU with IOUs. They are consistently
engaging with the community to spread CAP awareness and providing updates to the IOUs on
a frequent basis.
Medium: Defined as CBOs that have an active MOU with IOUs. CAP outreach
may only be on an event by event basis or less frequent engagement with the community
on a monthly basis.
Low: Defined as CBOs that do not have an active MOU with IOUs.
They may request to share CAP information to the public on an infrequent basis

Footnotes
***Interpreted as MOUs**
This first draft of SCE's CBO data has a total of 188 CBOs. The first 66 organizations provided by SCE (categorized as "High" in column "M") are "Tier 1" organizations; the other 122 (categorized as "Medium" in column "M") are "Tier 2" organizations. SCE provided data for "Tier 1" and "Tier 2" organizations as they (1) represent SCE's most significant programmatic engagement partnerships, and (2) were instrumental in providing additional resource and program information to their constituents as a result of COVID impacts.
The "Tier 1" CBOs share information about the programs such as rate options that can help customers to reduce their bills, including programs such as CARE/FERA, Medical Baseline Allowance program, Wildfire and Safety Preparedness. CBOs also regularly exchange and share communications on programs and services through social media, newsletters, e-mail(s), blog post, and direct stake holder engagement efforts through digital webinars or "live" events via Facebook or Instagram.
"Tier 2" organizations are not currently contracted for their engagement and outreach services. As such, the data in column "T" for "Tier 2" organizations refers to the information on programs and services that SCE shares with "Tier 2" organizations, entrusting them to determine how, if, and when they share with their stakeholders. "Tier 1" organizations provided SCE with RFPs in support of Rates/Time-of-Use (TOU) and Wildfire marketing and outreach efforts, that contain all the information found in the associated data reporting template.
Zip codes in Column "B" were derived in four ways (in no specific order): 1) They were taken from their RFP applications (this primarly applies to "Tier 1" organizations; 2) Identifying all zip codes found within the lists of "Cities Served" located in column "Q."; 3) Identifying the single zip code that is associated with an organiztion's address; 4) Directly communicating with the CBO to retireve this information.
All CBOs were contacted, for those CBOs that we could not speak to, we filled in the City, Zip and Outreach Type, and listed "N/A" for column "R" (# Ppl served monthly).
