

The new
PG&E Property
Management Portal
has all your energy
account management
tools in one place

Sign up for PG&E's Property Management Portal and simplify energy account management

Dealing with the day-to-day details of energy service for your properties can be time-consuming. That's why we've launched the new PG&E Property Management Portal. It enables you to do everything online, in one place. You'll save time and provide your clients with better service, too.

- Manage energy services at the building level
- View and pay bills
- Filter properties by client and building address
- Create downloadable reports based on service start date, service status or billing status of units/apts
- Update notification preferences, contact information and billing address
- Access the Interim Service Agreements and Property Management Authorizations uploaded by your client
- Assign staff members to particular properties

Get started in 3 easy steps.

Step 1 - Register for your account

Step 2 - Partner with your client to register for their account and authorize your access

Step 3 - Login and transact

Sign up for your PG&E Property Management Portal account today at pge.com/pmp.

Access all your buildings with these easy-to-use tools
