**QUESTION 03**

Regarding Table 12 of Attachment 1: Please explain in general the meaning – in terms of how PG&E will record costs and how it will seek authorization for cost recovery – when a Column M (“If existing...”) includes “WMCE” but Column N (“If new ..”) includes “FRMMA/WMPMA.”

**ANSWER 03**

The program was part of the 2019 WMCE filing and will also be included in subsequent FRMMA/WMPMA cost recovery applications. Taking Initiative 7.3.2.2.4 for example, this discusses our Sensor IQ program. PG&E requested cost recovery of this program in our 2019 WMCE application as this program is incremental to our 2017 GRC filing. This program will also continue into the 2020 GRC period (program is incremental to our 2020 GRC filing), so we will also seek cost recovery through subsequent FRMMA/WMPMA cost recovery filings.
