

## PG&E - VCEA Comparison

### Electric Power Generation Mix\*

| Specific Purchases                     | Percent of Total Retail Sales (kWh) |                  |
|--|-------------------------------------|------------------|
|  | PG&E                                | VCEA<br>Standard |
| <b>Renewable</b>                       | <b>38.3%</b>                        | <b>17.5%</b>     |
| • Biomass & Biowaste                   | 4.6%                                | 0%               |
| • Geothermal                           | 0.5%                                | 0%               |
| • Eligible hydroelectric               | 1.8%                                | 0%               |
| • Solar electric                       | 26%                                 | 17.5%            |
| • Wind                                 | 9.4%                                | 0%               |
| <b>Coal</b>                            | <b>0%</b>                           | <b>0%</b>        |
| <b>Large Hydroelectric</b>             | <b>7.6%</b>                         | <b>7.4%</b>      |
| <b>Natural Gas</b>                     | <b>4.8%</b>                         | <b>0%</b>        |
| <b>Nuclear</b>                         | <b>49.3%</b>                        | <b>0%</b>        |
| <b>Other</b>                           | <b>0%</b>                           | <b>0%</b>        |
| <b>Unspecified Sources of Power **</b> | <b>0%</b>                           | <b>75.1%</b>     |
| <b>Total</b>                           | <b>100%</b>                         | <b>100%</b>      |

\* As reported to the California Energy Commission’s Power Source Disclosure Program excluding voluntary unbundled renewable energy credits. The figures above may not sum up to 100 percent due to rounding.

\*\*Unspecified sources of power refers to electricity that is not traceable to a specific generating facility, such as electricity traded through open market transactions. Unspecified sources of power are typically a mix of all resource types, and may include renewables.
