

SCHEDULE G-CARE
CARE PROGRAM SERVICE FOR QUALIFIED FACILITIES

Sheet 1

(T)

APPLICABILITY: This schedule is applicable to Facilities which meet the criteria for California Alternate Rates for Energy (CARE) set forth in Rules 19.2, 19.3 or 19.4*

(N)

TERRITORY: Schedule G-CARE applies everywhere PG&E provides natural gas service.

RATES: If the Facility qualifies for residential service, the facility's account will be served on the appropriate residential CARE rate schedule.

Qualified Facilities served on a nonresidential rate schedule will not pay the CARE rate component shown in Preliminary Statement Part B, and will receive a 20 percent discount on the charges billed under the otherwise applicable rate schedule. For the purpose of calculating the G-CARE bill, the otherwise applicable commodity or volumetric charge will be the adopted charge less the PPP-CARE rate component.

Core transport Qualified Facilities receiving service in conjunction with Schedule G-CT will receive a 20 percent discount on the transportation charges billed under their otherwise-applicable rate schedule. They will receive an additional 20 percent discount on the procurement charge from their otherwise-applicable rate schedule. This is to assure that the Customer receives the same CARE discount whether they are procuring gas from PG&E or from a party other than PG&E.

See Preliminary Statement, Part B, for the Default Tariff Rate Components.

* The rules referred to in this schedule are part of PG&E's gas tariffs. Copies are available at PG&E's local offices.
