QUESTION 01

PG&E re-submitted Q3 "PSPS Event Other Asset Damage Detail" in its Q4 GIS data submission. Clarify whether or not there were "Other Assets" damaged in Q4.

ANSWER 01

PG&E's WSD GIS Data Standards submission on February 5, 2021, inadvertently re-submitted the Q3 "PSPS Event Other Asset Damage Detail" feature class. Please see the attached Excel file called "WildfireMitigationPlans_DR_WSD_009-Q01Atch01_CONF.xlsx" which represents the Q4 "PSPS Event Other Asset Damage Detail" feature class.
