SELF-GENERATION INCENTIVE PROGRAM CONTRACT

BETWEEN **PROGRAM ADMINISTRATOR, HOST CUSTOMER, AND APPLICANT**

This Contract is made by and between **Company Name** (Applicant), organized and existing under California law, jointly and severally with **Company Name** (Host Customer), organized and existing under California law, and **Pacific Gas and Electric Company** (Program Administrator), a California corporation. The designated System Owner for the purpose of this Agreement is defined as the _____ above.

1.0 PROGRAM OVERVIEW AND PROJECT DESCRIPTION - The Self-Generation Incentive Program ("Program" or "SGIP"), authorized by the California Public Utilities Commission (CPUC) in Decisions 01-03-073 and 04-12-045, encourages the installation of several types of self-generation technologies, both renewable and non-renewable, at customer sites in California. The Program offers differential incentives for self-generation technologies (SG Unit(s)) differentiated by their technology, fuel type, air emissions characteristics, and system costs. The Program, to be funded by California investor-owned utility customers, is administered by Program Administrator for customers within its service territory, under the auspices of the CPUC. Customers who participate in the Program must be current electric or gas distribution customers of Program Administrator who pay the Public Goods Charge (PGC) or gas Demand Side Management (DSM) surcharge. A Customer can participate either by hiring a separate entity to act as Applicant, or by submitting its own Application. Applicants acting on behalf of customers must include the Host Customer's signature on the Reservation Request Form, Appendix A hereto.

1.1 The Program provides several levels of incentive payments by technology (Level 1, Level 2, Level 3-R and Level 3-N), subject to the availability of Program funds. The different levels of payments and other details are set forth in detail in D.01-03-073 and D.04-12-045 and in Appendix C hereto. Installation and operation of the SG Unit(s) (also referred to as the "Project") must be verified by Program Administrator or its designees in accordance with this Contract before incentive payments can be made. Applicant and Host Customer, as defined in the Appendix C, the Self-Generation Incentive Handbook, Section 6, must also agree to permit the Program's Measurement and Evaluation (M&E) consultant to measure and verify the amount of energy production in accordance with the M&E consultant's approved M&E Plan, as described in the Section 5 of Program Handbook, Appendix C. Finally, Applicant and Host Customer must also agree to provide any additional cost information requested by Program Administrator in order to substantiate total qualifying Project cost.

1.2 The Program requires that the SG Unit(s) be covered by warranties of three, or in some cases five, years depending on the type of SG Unit(s) involved.

1.3 This Contract is limited to Reservation No. **XXXX-XXX** attached to this Contract as Appendix A. If all Program and Contract terms and conditions are complied with, Program Administrator will pay Applicant incentives based on the incentive guidelines set in forth D.04-12-045 and in Appendix C. Program Administrator reserves the right to modify or cancel the incentive offer if Applicant's actual installation of SG Unit(s) differs from the proposed

installation described in Appendix A. SG Unit(s) must also be installed by the date shown on the Reservation Confirmation and Incentive Claim Form, Appendix B, issued by Program Administrator.

- Appendix H - Waste Gas Fuel Affidavit (if applicable)

Applicant, and Host Customer if different, each acknowledge having received, read, agree to be bound by Appendices A, B, C, D, E, F, G and H, copies of which were previously provided to Applicant and Host Customer, as the case may be, and the terms of which are incorporated herein by reference as though set forth in full. Should a conflict exist between this Contract and these Appendices, this Contract shall control.

3.0 SUBMITTAL REQUIREMENTS FOR PAYMENT - As a condition of payment, the Applicant or Host Customer, as the case may be, shall submit to Program Administrator, within the deadlines established by Program Administrator, the documents described in Appendix C (SGIP Handbook), Section 4. Each document requires review and Program Administrator’s written approval before Applicant or Host Customer, as the case may be, may move on to the next stage of the application process.

3.1 The Self-Generation Incentive Program Reservation Request Form - (Appendix A or “Request Form”) describes the Project, lists the SG Unit(s) that will be installed in the Project, and estimates its size (in projected kW which it will produce) and its costs (including interconnection fees and in some cases warranty costs). When Applicant or Host Customer, as the case may be, submits the Request Form to Program Administrator, it shall include the applicable items listed in Appendix C, Section 4.2. Program Administrator will review the Request Form and, if the Project appears to meet eligibility requirements, Program Administrator will make a conditional reservation of funds for the Project and will send Applicant or Host Customer, as the case may be, a Conditional Reservation Notice Letter, the description of which is provided in Appendix C, Section 4.3.

3.2 Proof of Project Advancement - Within the prescribed number of days, as defined in Appendix C (SGIP Handbook), Section 4.3, of the date on the Conditional Reservation Notice Letter, Applicant or Host Customer, as the case may be, must submit the applicable Proof of Project Advancement items listed in Appendix C (SGIP Handbook), Section 4.3 to demonstrate to Program Administrator that the Project is progressing and that there is a substantial commitment to complete the Project.

After Program Administrator reviews the Proof of Project Advancement items and determines that the Project has met all the necessary criteria, Program Administrator will send Applicant or the Host Customer, as the case may be, the **Reservation Confirmation and Incentive Claim Form ("Claim Form")**. This Claim Form will list the specific reservation amount and the reservation expiration date.

3.3 Reservation Confirmation and Incentive Claim Form - Upon Project completion, and prior to the reservation expiration date, Applicant or Host Customer, as the case may be, must complete and submit the Claim Form to request an incentive payment. In addition to the completed Claim Form, Applicants must submit the applicable items listed in Appendix C (SGIP Handbook), Section 4.4.

3.4 The Field Verification Visit by the Program Administrators or their contractors will verify that the SG Unit(s) have been installed and are operating in accordance with the Request Form, Claim Form and required accompanying information. No incentive payment can be made until the final Field Verification Visit report has been satisfactorily completed. The terms and conditions for the Field Verification Visit are set forth in Section 4.1 below.

4.0 INSPECTIONS AND MEASUREMENT & EVALUATION (M&E) ACTIVITIES - As a condition of receiving incentive payments, Applicant and Host Customer must ensure that Program Administrator or its authorized agent and the Program M&E consultant have access to the Project Site(s) for all Field Verification Visits, Field M&E Visits, and M&E data collection activities summarized below and described in detail in Appendix C, Section 5. Incentive payments will not be made if the Field Verification Visit shows that the SG Unit(s) have not been properly installed or are not operational in accordance with the Request Form, Claim Form and required accompanying information.

4.1 After complete, proper installation of the SG Unit(s) and submittal of the applicable items listed in Appendix C (SGIP Handbook), Section 4.4, the Program Administrator or its authorized agent will schedule and complete a **Field Verification Visit** to verify that the SG Unit(s) have been installed and are operating in accordance with the Request Form, Claim Form and required accompanying information. During the Field Verification Visit, Applicant and Host Customer must provide access to the SG Unit(s) and must demonstrate the operation of the SG Unit(s). During the Field Verification Visit, Applicant and Host Customer must ensure that someone is present for an interview who is knowledgeable about the SG Unit(s) and their operation and allow photographs of the SG Unit(s) and its related systems to be taken.

4.2 At the **Field Verification Visit**, Program Administrator or its authorized agent checks installed SG Unit(s) to verify that the SG Unit(s) described in Appendix A have been properly installed and are operating in accordance with the Request Form, Claim Form and accompanying information. Incentive payments will not be made if the **Field Verification Visit** report shows that the SG Unit(s) have not been properly installed or are not operational in accordance with the Request Form, Claim Form and required accompanying information.

4.3 The Applicant and Host Customer agree to participate in M&E activities as discussed in Appendix C, Section 5. For systems with Applicant, Host Customer and/or third party installed monitoring equipment; the Applicant and Host Customer agree to provide system monitoring data (including but not limited to electric, gas, thermal and/or other relevant fuel input data) to the M&E consultant. Furthermore, the Applicant and Host Customer agree to cooperate with

the installation of any additional monitoring equipment that the M&E consultant may deem necessary in its sole discretion.

4.4 Applicant and Host Customer agree to allow the Program Administrator or its Measurement & Evaluation contractor access to the Host Customer's Site to develop and implement a Measurement and Evaluation Plan for the SG Unit(s) and its related systems in support of Measurement and Evaluation activities discussed in Appendix C, Section 5. The same terms and conditions specified for Field Verification Visits in Section 4.1 will apply to such **Field M&E Visits**.

5.0 PAYMENT - The Incentive Payment will be made payable to Applicant or Host Customer, as the Applicant and Host Customer shall designate in writing, only after the appropriate documents have been submitted (within the deadlines established by Program Administrator) and approved, and the Field Verification Visit report has been satisfactorily completed, in accordance with the Program rules set forth in Appendix C. Program Administrator's determination of the incentive amount is final and Applicant and Host Customer each agree to accept this determination. The incentive payment constitutes final and complete payment.

5.1 Applicant and Host Customer may designate in writing a third party to whom Program Administrator shall make the approved incentive payments.

6.0 REVIEW AND DISCLAIMER - Program Administrator's review of the design, construction, installation, operation or maintenance of the Project or the SG Unit(s) is not a representation as to their economic or technical feasibility, operational capability, or reliability. Applicant and Host Customer each agrees that neither of them will make any such representation to any third party. Applicant and Host Customer are solely responsible for the economic and technical feasibility, operational capability, and reliability of the Project and the SG Unit(s).

7.0 RENEWABLE FUEL LEVELS - For Level 3-R and Level 1 fuel cells running on renewable fuel, Applicant and Host Customer shall not, for the applicable period described below or the life of the applicable SG Unit, whichever is shorter, use fossil fuel for more than 25% of its total annual fuel requirements for such SG Unit in any calendar year.

- Five years for Level 1 fuel cell(s).
- Three years for Level 3-R.

7.1 In the event the Applicant or Host Customer fails to comply with Section 7.0 above, then Applicant and Host Customer shall, within 30 days of receipt of a written demand from Program Administrator, reimburse Program Administrator all incentive payments paid by Program Administrator pursuant to the Program and this Contract. Such reimbursement shall be in the form of a certified check or cash payable to Program Administrator.

7.2 In order to ensure payment in the event the Applicant or Host Customer fails to reimburse Program Administrator pursuant to Section 7.1 above, the Program Administrator may, in its sole discretion, require a bond or other forms of security acceptable to Program Administrator. Acceptable forms of security include cash deposit, irrevocable letter of credit, surety bond from an "A" rated company by A.M. Best, assignment of certificate of deposit, or corporate guarantee (guarantor subject to creditworthiness review).

7.3 LEVEL 3-N WASTE GAS FUEL PROJECTS - For Level 3-N Projects running on waste gas fuel, Applicant and Host Customer shall, for the applicable three year warranty period or the

life of the applicable SG Unit, whichever is shorter, operate solely on waste gas (100%) for its total annual fuel requirements for such SG Unit in any calendar year.

7.4 In the event the Applicant or Host Customer fails to comply with Section 7.3 above and Section 7.3 applies to Applicant or Host Customer's project, then Applicant and Host Customer shall, within 30 days of receipt of a written demand from Program Administrator, reimburse Program Administrator all incentive payments paid by Program Administrator pursuant to the Program and this Contract. 9.0 PERMANENT INSTALLATION

Equipment installed under this program is intended to be in place for the duration of its useful life. Only permanently installed systems are eligible for incentives. This means that the Applicant or Host Customer must demonstrate to the satisfaction of the Program Administrator that the generating system has both physical and contractual permanence prior to Program Administrator paying any incentive.

Physical permanence is to be demonstrated by the generating system's electrical, thermal and fuel connections in accordance with industry practice for permanently installed equipment and its secure physical attachment to a permanent surface (e.g. foundation). Any indication of portability, including but not limited to: temporary structures, quick disconnects, unsecured equipment, wheels, carrying handles, dolly, trailer or platform will render the system ineligible for incentives.

Contractual permanence, corresponding to a minimum of twice the applicable warranty period, is to be demonstrated as follows:

- All agreements involving the Project which is the subject of an incentive which may be paid under this Contract by Program Administrator are to be provided to the Program Administrator as soon as they are available (e.g., at the Proof of Project Advancement stage, or the Incentive Claim stage at the latest), including but not limited to: sales agreements, warranties, leases, energy service agreements, and/or energy savings guarantees.
- An additional agreement between the System Owner and the Program Administrator may be required at the Program Administrator's sole discretion in order to safeguard against the possibility of early removal and relocation of the generation system. This additional agreement, if required, must be negotiated to the satisfaction of the Program Administrator.

10.0 ASSIGNMENT- Applicant and Host Customer consent to Program Administrator's assignment of all of Program Administrator's rights, duties and obligations under this Contract to the CPUC and/or its designee. Any such assignment shall relieve Program Administrator of all rights, duties and obligations arising under this Contract. Neither Applicant nor Host Customer shall assign its rights or delegate its duties without the prior written consent of Program Administrator or its assignee, if any, except in connection with the sale or merger of a substantial portion of its assets. Any such assignment or delegation without the prior written consent of Program Administrator or its assignee, if any, shall be null and void. Consent to assignment shall not be unreasonably withheld or delayed. Applicant and Host Customer must provide assurance of the success of a Project if assigned by providing any additional information requested by Program Administrator.

15.0 RIGHT TO AUDIT AND REPORT INFORMATION - Program Administrator shall be allowed to periodically audit Applicant's and Host Customer's records related to the work done under this Contract, and report the results of its audit to the CPUC or its designee. Applicant and Host Customer must provide all requested Project documents to Program Administrator upon written request, and must, for 5 years following Contract termination, maintain copies of all Project documents, including, but not limited to, Contracts, invoices, purchase orders, reports, and all back-up documents, for Program Administrator's review.

16.3 Applicant and Host Customer each shall, on Program Administrator's request, defend any action, claim or suit asserting a claim which might be covered by this indemnity. Applicant and Host Customer shall pay all costs and expenses that may be incurred by Program Administrator in enforcing this indemnity, including reasonable attorney's fees. Either party must give the other party or parties written notice of any dispute. Within thirty (30) calendar days after delivery of the notice, the executives shall meet at a mutually acceptable time and place, and shall attempt to resolve the dispute. If the matter has not been resolved within thirty (30) calendar days of the first meeting, any party may pursue other remedies, including mediation. All negotiations and any mediation conducted pursuant to this clause are confidential and shall be treated as compromise and settlement negotiations, to which Section 1152.5 of the California Evidence Code shall apply, and Section 1152.5 is incorporated herein by reference. Notwithstanding the foregoing provisions, a party may seek a preliminary injunction or other provisional judicial remedy if in its judgment such action is necessary to avoid irreparable damage or to preserve the status quo. Each party is required to continue to perform its obligations under this Contract pending final resolution of any dispute arising out of or relating to this Contract.

20. INTEGRATION AND MODIFICATION - This Contract and its appendices constitute the entire Contract and understanding between the Parties as to its subject matter. It supersedes all prior or contemporaneous contracts, commitments, representations, writings, and discussions between Applicant, Host Customer, and Program Administrator, whether oral or written, and has been induced by no representations, statements or Contracts other than those expressed herein.
