Purpose: This bulletin provides an additional change on Section 5.5.2, Sealing Meters and Metering Equipment, page 5-9 of the 2008-2009 Greenbook.

Safety: Employees shall follow all applicable precautions and requirements listed in the Utility Standard Practices (USP) 22, "Safety and Health Program," and the Code of Safe Practices.

Implementation: This bulletin shall be circulated to all internal and external users of the Greenbook.

Information:

The 2nd paragraph of Section 5.5.2 states: Applicants cannot locate or install equipment within meter sections, meter panels, switchboard sections, or equipment enclosures with existing PG&E seals unless they receive authorization from a PG&E service planner. **This was a typo and the sentence should read:** "Applicants cannot locate or install equipment within meter sections, meter panels, switchboard sections, or equipment enclosures with existing PG&E seals unless they received authorization from the PG&E metering group."
