

# Pacific Gas and Electric Company General Improvements Catalog

Energy Efficiency Rebates for Your Home

Carefully read the specifications below to determine that you are installing a qualifying product(s).  
Words in italics are defined at the end of this catalog.

## ATTIC AND WALL INSULATION

Proper installation is the key to getting the results expected when installing insulation. The insulation *R-value* can be significantly degraded by air flowing through or around the insulation.

### Requirements (Both Attics and Walls):

- Customers must have natural gas and/or electricity distributed by Pacific Gas and Electric Company (PG&E) for space heating or cooling at the installation address.
- All insulation material must be new and meet or exceed all applicable local, state and federal standards.
- Insulation must be installed between a *conditioned living area* and an *unconditioned non-living area*.

### Exclusions (Both Attics and Walls):

- Garages, interior walls and other non-living areas do not qualify (unconditioned non-living areas do not qualify).
- *New construction* projects do not qualify.

### Installation Requirements (Both Attics and Walls):

- Follow manufacturer's installation requirements.

### Application Process (Both Attics and Walls) – If You Install Yourself:

- Please provide paid receipts confirming:
  - Retailer's information (name, address, phone #).
  - Total square footage.
  - Product description (e.g. *R-30* batt insulation).
  - Number of units purchased (e.g. 12 rolls).

### Application Process (Both Attics and Walls) – If You Have a Contractor Install:

- Your contractor must provide and include the following on your proof of payment documentation or Home Improvement Contract:
  - Total square footage of attic and/or wall insulation for the conditioned space only.
  - Estimated pre-existing (previous) *R-value*.
  - Final (installed) *R-value*.

### Additional Requirements (Attics):

- Insulation must be installed in the attic of the conditioned living area. Unconditioned, non-living areas do not qualify.
- Documented, pre-existing insulation levels must be R-19 or less in climate zones 1 & 16 or, R-11 or less in all other climate zones.
- New insulation level must be R-38 or greater in climate zones 1 & 16 or, R-30 or greater in all other climate zones when the attic crawl space is adequate (24" or more between the bottom of the roof rafter and the top of the ceiling joists).

- New insulation level must be R-19 or greater when the attic crawl space is inadequate (less than 24" between the bottom of the roof rafter and the top of the ceiling joists).
- Flat or low-pitched roofs insulated with foam board are eligible as long as R-19 or greater is achieved.

### Additional Details (Attics):

- Rebate amount is based on the square footage of the insulated living space.

### Additional Requirements (Walls):

- Existing walls must not have any previous insulation.
- Installed wall insulation must achieve R-13 or greater.

Product Code		Rebate/Unit Measure
<b>B11</b>	<b>Attic Insulation</b>	<b>\$0.15/square foot</b>
<b>B25</b>	<b>Wall Insulation</b>	<b>\$0.15/square foot</b>

## RESIDENTIAL COOL ROOF

### Requirements:

- Customer must have electricity distributed by PG&E to the installation address.
- Only residential electric customers who own an existing single family or mobile home are eligible.
- Must reside in qualifying climate zone 2, 4, 11, 12 or 13. Visit [www.energy.ca.gov/maps/building\\_climate\\_zones.html](http://www.energy.ca.gov/maps/building_climate_zones.html) to find your climate zone.
- Customer must have a central air conditioning (AC) system or be installing a new AC system concurrently.
- Check with your local city/county Building Department for any special requirements related to your selected product.
- Customer must purchase and install roofing materials that meet the *Initial Solar Reflectance* and *Initial Thermal Emittance levels* specified in the Rebate Level and Product Specifications table along with being rated by the Cool Roof Rating Council.

The Cool Roof Rating Council maintains a directory and searchable database of rated products at [www.coolroofs.org](http://www.coolroofs.org).

### Rebate Level and Product Specifications

Type	Tier	Initial Solar Reflectance	Initial Thermal Emittance	Rebate
Low Slope	N/A	≥ 0.70	≥ 0.75	\$0.20/ sq ft
	Steep Slope	Level I	0.25 to 0.39	≥ 0.75
Level II		≥ 0.40	≥ 0.75	\$0.20/ sq ft

For more information visit [www.pge.com/res/rebates](http://www.pge.com/res/rebates) or call the Smarter Energy Line at 1-800-933-9555.

Carefully read the specifications below to determine that you are installing a qualifying product(s).

## RESIDENTIAL COOL ROOF, continued

### Exclusions:

- Homes with portable or window air conditioning systems and evaporative coolers (e.g. "swamp" coolers) do not qualify.

### Application Process:

- Rebate amount is based on the square footage over conditioned space that is cooled by your central air conditioning system.
  - Can use conventional architectural overhangs in square footage calculations.
- Your contractor must provide and include the following on your proof of payment documentation or Home Improvement Contract:
  - Customer name and installation address.
  - Installation date.
  - Low or steep slope.
  - Square footage.
  - Manufacturer, brand and model number as listed on the Cool Roof Rating Council's product directory at [www.coolroofs.org](http://www.coolroofs.org).
  - Whether paid in full or payment terms.

You may contact the Contractors State License Board (CSLB) at **1-800-321-CSLB** or at [www.cslb.ca.gov](http://www.cslb.ca.gov) to confirm your contractor's license status.

Product Code		Rebate/Unit Measure
<b>B02</b>	<b>Cool Roof Low Slope</b>	<b>\$0.20/square foot</b>
<b>B03</b>	<b>Cool Roof Steep Slope Level I</b>	<b>\$0.10/square foot</b>
<b>B04</b>	<b>Cool Roof Steep Slope Level II</b>	<b>\$0.20/square foot</b>

## DEFINITIONS

**Conditioned Area/Space:** The living area being heated or cooled by your heating, ventilation and air conditioning (HVAC) system.

**Unconditioned Area:** A non-living area that is not being heated or cooled by your heating, ventilation and air conditioning (HVAC) system such as the garage.

**R-Value:** Insulation is rated in terms of thermal resistance, called R-value, which indicates the resistance to heat flow. A greater R-value corresponds with a greater insulating effectiveness.

**New Construction:** For the purposes of PG&E's Energy Efficiency Rebates for Your Home Insulation Rebate Program, new construction is defined as "a structure that is new and not physically attached or connected to an existing structure on the property."

**Initial Solar Reflectance:** A measure of the ability of a surface material to reflect sunlight (including the visible, infrared and ultraviolet wavelengths) on a scale of 0 to 1.

**Initial Thermal Emittance:** The thermal emittance of a material refers to its ability to release absorbed heat. Scientists use a number between 0 and 1, or 0 and 100%, to express emittance. With the exception of metals, most construction materials have emittance above 0.80.

We identify cool roofs in two primary categories, low and steep slope.

**Low slope:** A low slope roof is a roof surface with a maximum slope of 2 inches "rise" for 12 inches "run" as defined in American Society for Testing and Materials Standard E 1918-97.

**Steep Slope:** Steep slope roofs, or sloped roofs, are roof surfaces with a slope greater than 2 inches "rise" for 12 inches "run".

For more information visit [www.pge.com/res/rebates](http://www.pge.com/res/rebates) or call the Smarter Energy Line at **1-800-933-9555**.

# Energy Efficiency Rebates for Homes, Businesses and Multifamily Properties

2009 INTERIM  
APPLICATION  
FORM

This Application Form and Instructions supersedes and replaces the 2006-2008 Energy Efficiency Rebate Application Form and Instructions.

## SECTION 6

### TERMS AND CONDITIONS: READ, SIGN, AND DATE PAGE 1, SECTION 5

- To be eligible for a rebate I understand that I must be a customer of Pacific Gas and Electric Company (PG&E) with an active meter serviced by PG&E. I understand that if I am installing products at more than one residence or facility, I must identify each individual address and Service ID # on the "Rebate Product Information" section. All uses herein of the words "install", "installation", or similar phrases shall mean complete installation such that the subject products are fully functional and operational.
- As a business customer, I agree to provide PG&E with 100% of the energy savings for the rated life of the product(s) or for a period of three (3) years from receipt of rebate, whichever is less. If I do not provide the energy savings or if I cease to be a customer of PG&E during the 3 years, I shall refund a prorated amount of rebate dollars based on the time installed.
- I understand the program term is January 1, 2009 through December 31, 2009 (the "Program Term"). However, should the California Public Utilities Commission (CPUC) approve the 2010-12 Energy Efficiency Portfolio through 2012, then the Program Term shall be revised to commence January 1, 2009 and end December 31, 2012. Qualifying new products installed within the Program Term are eligible for a rebate. Program offerings and rebate amounts may change during the Program Term. Resale products, products leased less than 3 years, rebuilt, rented, received from warranty or insurance claims, exchanged, won as a prize, or new parts installed in existing products, do not qualify. The Program may be modified or terminated without prior notice, and payments are subject to the availability of Program funding. To be eligible for a rebate, applications with proper supporting documentation must be sent to PG&E's Integrated Processing Center (IPC), postmarked no later than 60 days following the expiration of the Program Term.
- I understand that this signed and dated "2009 Interim Application Form", completed "Rebate Product Information" incorporated herein by this reference, all appropriate proof(s) of purchase, and other required documentation as referenced in this application must be sent to PG&E's IPC to be considered eligible for payment of a rebate. A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after PG&E receives and approves a completed application including all required documentation unless an application is selected for a verification, which may add additional time. An incomplete application cannot be processed for payment.
- I will allow, if requested, a representative from PG&E, the California Public Utilities Commission (CPUC), or any authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. The verification of installation must be scheduled within 30 days of customer contact by PG&E. I understand that PG&E may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
- I have installed a qualifying product(s) and understand that the energy-efficiency eligibility requirements for each stated product (as defined in the Catalog) determines the rebate amount. The rebate amount cannot exceed the purchase price.
- I have installed a qualifying new product(s) in accordance with all applicable federal, state, and local laws, building codes, and manufacturer's specifications.
- I understand that I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy-efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds. Products discounted by PG&E at the point of sale are not eligible for additional rebates.
- THE UTILITY MAKES NO REPRESENTATION OR WARRANTY, AND ASSUMES NO LIABILITY WITH RESPECT TO QUALITY, SAFETY, PERFORMANCE, OR OTHER ASPECT OF ANY DESIGN, SYSTEM OR APPLIANCE INSTALLED PURSUANT TO THIS AGREEMENT, AND EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATION, WARRANTY OR LIABILITY. I AGREE TO INDEMNIFY PACIFIC GAS & ELECTRIC COMPANY, ITS AFFILIATES, SUBSIDIARIES, PARENT COMPANY, OFFICERS, DIRECTORS, AGENTS, AND EMPLOYEES AGAINST ALL LOSS, DAMAGE, EXPENSE, FEES, COSTS AND LIABILITY ARISING FROM ANY MEASURES INSTALLED.
- If a tenant, I am responsible for obtaining the property owner's permission to install the measure for which I am applying for a rebate payment. My signature on this application indicates I have obtained this permission.
- I understand that PG&E is not responsible for items lost or destroyed in transit through the mail or electronic medium. Original applications will become the property of PG&E.

## SECTION 7

### PAYMENT RELEASE AUTHORIZATION

COMPLETE THIS SECTION **ONLY** IF PAYMENT IS GOING TO SOMEONE OTHER THAN THE PG&E CUSTOMER OF RECORD ON PAGE 1, SECTION 2. I AM AUTHORIZING THIS PAYMENT OF MY REBATE TO THE THIRD PARTY ("PAYEE") NAMED BELOW AND I UNDERSTAND THAT I WILL NOT BE RECEIVING THE REBATE CHECK FROM PG&E. IF "PAYEE" IS A BUSINESS, PAGE 1, SECTION 3 NEEDS TO BE COMPLETED. I ALSO UNDERSTAND THAT MY RELEASE OF THE PAYMENT TO THE THIRD PARTY DOES NOT EXEMPT ME FROM THE REBATE REQUIREMENTS OUTLINED IN THIS APPLICATION.

# Energy Efficiency Rebates

## for Homes, Businesses and Multifamily Properties

2009 INTERIM  
APPLICATION  
INSTRUCTIONS

This Application Form and Instructions supersedes and replaces the 2006-2008 Energy Efficiency Rebate Application Form and Instructions.

Pacific Gas and Electric Company's Energy Efficiency Rebates are available to eligible PG&E customers who install qualifying energy-efficient products in homes, businesses or multifamily properties. Please refer to the appropriate product catalog for information on product specifications including energy-efficiency requirements, rebate amounts and product codes.

### APPLICATION INSTRUCTIONS

- 1. Read** the Terms and Conditions on **page 2, section 6** and sign your acceptance on **page 1, section 5** included in this application.
- 2. Read** the Product Specifications for the item(s) in the corresponding catalog for which you are applying. The catalog will detail the requirements for qualifying products including eligibility dates, if applicable.
- 3. Install** qualifying new product(s) between January 1, 2009 and December 31, 2009. These dates may change if funds are depleted sooner. Qualifying products must be installed before submitting your application.  
**All applications should be returned within 90 days of purchase date to be considered eligible.**
- 4. Complete the Application Form - pages 1 and 2. You will need the rebate catalog affiliated with your purchase, your receipt and a copy of your PG&E bill:**
  - A. Account Information - page 1, section 1.** Complete all required fields, account number(s), "Property Occupied By" and "Property Type".
  - B. Customer Information - page 1, section 2.** Print your name as it appears on your PG&E bill, address information and telephone number. Provide installation address, mailing address and contact information.
  - C. Business Customers or Multifamily Property Owners or Energy Efficiency Trade Professionals** who will be authorized to receive the rebate from the PG&E Customer of Record, please complete **page 1, section 3** with your "Tax Status" and "Tax ID Number".
  - D. Rebate Product Information - page 1, section 4.** Complete all required information including: Service ID #, product code number, manufacturer, model number, install date, unit of measure, number of units, rebate per unit and total rebate amount.
    - **Business Applicants:** you must include Service ID # for the location of each product if products were installed at different service addresses.
    - **Multifamily Properties Applicants:** you must complete the Apartment Product Location Form or Common Area Product Location Form in the Multifamily Properties Catalog, instead of page 1, section 4 of this application form.
  - E. Business Property Type Description - page 2, section 8.** Business customers must check one of the boxes or provide a written description of their business.
  - F. Multifamily Properties** - In addition to the attached forms, Multifamily property owners MUST complete the "Reservation Form" in the Multifamily Properties Catalog.
- 5. Signature and date required in the following sections:**
  - A. Page 1, section 5, accepting the "Terms and Conditions".** Your signature is required and must be in **INK** to accept the "Terms and Conditions" of the application.
  - B. Rebate check to be paid to a trade professional, landlord or other party?** In addition to providing your signature on **page 1, section 5** when the rebate is to be paid to a party other than the Customer of Record as provided on the PG&E bill, the "Payment Release Authorization" on **page 2, section 7** of this application MUST be signed in **INK**.
- 6. Make and Keep a Copy** of the completed Application Form and all required documentation, such as receipts, and Home Improvement Contracts for your records. Submitted applications will become the property of PG&E.
- 7. Mail** the completed Application Form and other required documentation with proofs of purchase to Pacific Gas and Electric Company.

# Energy Efficiency Rebates

## for Homes, Businesses and Multifamily Properties

2009 INTERIM  
APPLICATION  
INSTRUCTIONS

This Application Form and Instructions supersedes and replaces the 2006-2008 Energy Efficiency Rebate Application Form and Instructions.

### PROOF OF PURCHASE REQUIREMENTS

Proof of purchase and other documentation required to process your rebate application may differ depending on who completes the installation – you or your contractor.

#### All Customers – Homes, Businesses and Multifamily Properties

##### 1. Retail Product Receipt/Invoice

Proof of purchase and supporting documentation should be submitted within 90 days of purchase date and must include all of the following information:

- A. Retailer/Contractor name, address, and phone number
- B. Itemized listing of each product including quantity, product description, manufacturer, model number, or other identifying information, i.e., SKU # as appropriate
- C. Purchase price per product
- D. Date “Paid in Full” or payment terms, such as “Charge” or “Net 30”
- E. Product installation date

Read the product specifications included in the appropriate catalog to make sure all requirements are met.

#### Residential and Multifamily Property Customers Only

Depending on your energy-efficiency project, you may need to submit a Home Improvement Contract as additional documentation to be submitted to PG&E, along with your proof of purchase.

##### 2. Home Improvement Contract (HIC)

- A. The California State License Board (CSLB) requires that licensed contractors must provide you with an HIC if the materials and labor total for the product(s) and installation is \$500 or more. It is recommended that you request an HIC from your contractor even if the contractor’s product and installation costs are less than \$500.
- B. If an HIC is your proof of purchase it must be given to you by your contractor and must be signed and dated by both you and your licensed contractor.
- C. If the signatures are not dated, the date that the HIC was written will determine the product order/purchase date.

For additional information on Home Improvement Contracts or the status of your contractor’s license, visit [www.cslb.ca.gov](http://www.cslb.ca.gov) or call the **Contractors State License Board** at **1-800-321-CSLB**.

#### BUILDING A NEW HOME?

For more information about energy-efficient new homes, please visit [www.pge.com/newhomes](http://www.pge.com/newhomes).

#### SOLAR INCENTIVES AVAILABLE

For more information about the California Solar Initiative and solar incentives, please visit [www.pge.com/solar](http://www.pge.com/solar).

#### CUSTOMER DEFINITIONS

**Residential Customers** living in a Home, Mobile Home, Apartment or Condominium.

**Business Customers** and Commercial Property Owners.

**Multifamily Properties** - Residential/ apartment buildings and condominium communities of two or more units, and mobile home parks. Products may be installed in existing apartments, or in the common areas of apartment buildings, condominium communities, and mobile home parks.
