

On the following Bill Buster Energy Survey there are 40 questions. **Make sure you answer all of them.** Questions 1-16 are about your own use of energy. Read and think over each question carefully. Answer them with your honest and best estimate. Questions 17-40 ask what you already know about energy and its use. Just do your best.

1. In the empty boxes write in your answer, for example hours .

2. If you do not use an energy-user, fill in the box with a "0."

3. In the boxes with numbers, put an X over the number that matches your answer.
