

Welcome to the

# 2005 Water Conservation Showcase

Sponsored by the

PACIFIC ENERGY CENTER

and the

U.S. GREEN BUILDING COUNCIL  
– NORTHERN CALIFORNIA CHAPTER

## SUPPORTERS

ADPSR – Northern California Chapter  
 AIA Committee on the Environment - San Francisco Chapter  
 APLD – Association of Professional Landscape Designers  
 American Society of Landscape Architects - Northern California Chapter  
 California Department of Water Services  
 California Integrated Waste Management Board  
 California Landscape Contractors Association  
 California Urban Water Agencies  
 California Urban Water Conservation Council  
 Department of the Environment, City and County of San Francisco  
 East Bay Municipal Utility District  
 Ecological Landscaping Association  
 Food Service Technology Center  
 Green Resource Center  
 International Interior Design Association - Northern California Chapter  
 The Pacific Institute  
 San Francisco Public Utilities Commission  
 San Francisco Planning and Urban Research Association (SPUR)  
 U.S. Environmental Protection Agency - Pacific Southwest - Region IX  
 Water Resources Center Archives - University of California, Berkeley

## PRESENTATIONS:

The presentations will take place in two rooms, the **POLICY TRACK** room on the first floor and the **DESIGN TRACK** room on the second floor. Two talks will occur simultaneously on regular 90-minute intervals with a planned forty minute break between talks. Lectures are forty minutes in length with a ten-minute Q&A session at the end of each lecture.

**12:00 pm**

**POLICY TRACK-** "Leading the Way: Bay Area Water Conservation Programs" by Dana Haasz of SFPUC and Richard Harris of East Bay MUD

**DESIGN TRACK-** "Innovative Water Planning and the 10th & Bannock Building" by David C. Gibney of HDR Inc.

**1:30 pm**

**POLICY TRACK -** "Water Planning Issues for San Francisco and Beyond" by Alex Lantsberg of the Alliance for a Clean Water Front

**DESIGN TRACK -** "Plants and Landscapes for Summer-Dry Climates of the San Francisco Bay Region" by Susan Handjian & Christine Finch of East Bay MUD National Laboratory

**3:00 pm**

**POLICY TRACK -** "Energy Down the Drain, The Hidden Costs of California's Water Supply" by Ronnie Cohen of the Natural Resources Defense Council

**DESIGN TRACK -** "Living Architecture: An Ecological Approach" by Paul Kephart of Rana Creek

**4:30 pm**

**POLICY TRACK -** "Do You Like it Hot?: Improving Hot Water Distribution Systems" by Gary Klein of the California Energy Commission

**DESIGN TRACK -** "Potty Talk: a Forum on Water-Conserving Fixtures" by Sharon Sarris of Greenfuse, Mike Hazinski of East Bay MUD and Don Mills of Clivus Multrum

**6:00 pm**

**PACIFIC-** "Economic Assessment of Water Conserving Fixtures: Some Methods and Examples" by Gary Wolff of the Pacific Institute

**DESIGN TRACK -** "Rainwater Harvesting: Dealing with Dr. 'No'" by Tim Pope of Northwest Water Source
