ADVICE 2205-G/1957-E

Public Utilities Commission of the State of California

Pacific Gas & Electric Company (PG&E) hereby submits for filing revisions to its gas and electric tariffs. The affected tariff sheets are listed on the enclosed Attachment II.

The purpose of this filing is to submit, pursuant to Resolution (R.) E-3642, dated December 16, 1999, revised gas and electric Standard Form 01-6330--*Energy Statement-Central Mailing*. The Resolution was issued as a result of Advice 2180-G/1913-E, in which PG&E proposed revisions to Standard Form 01-6330.

Pursuant to R. E-3642, PG&E is filing sample billing formats for all of its currently effective rate schedules.¹ In order to show which billing format corresponds to which applicable tariff schedule, PG&E has attached a table (Attachment I) that provides a complete list of PG&E's tariff schedules and the corresponding billing format designation used. As shown on Attachment I, PG&E currently has 41 gas and 57 electric rate schedules in its tariff book.²

This filing will not affect any other rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

PG&E requests that this filing become effective on regular notice, **February 27, 2000**, which is 40 days after the date of this filing.

¹ Mimeo, p. 6 (Finding No. 5)

² R. E-3642 erroneously refers to 48 gas and 58 electric tariff schedules. The Resolution also provided four examples of tariff schedules not represented in Advice 2180-G/1913-E. Since all four of these schedules were previously eliminated under the authority of the Commission, they do not appear in this filing. (Schedule E-14 was eliminated effective July 15, 1993, in Advice 1439-E; Schedule E-26 was eliminated effective July 15, 1993, in Advice 1439-E; Schedule A-11 was eliminated effective May 1, 1992, in Advice 1388-E; and Schedule E-SEG was eliminated effective January 1, 1999, in Advice 1824-E. Schedule E-NEM--*Net Energy Metering Service* was subsequently replaced by Schedule E-SEG.)
