ADVICE 1998-E

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits, in accordance with Section X.B of General Order 96-A, an Addendum to the Agreement between PG&E and the California Department of Transportation (Caltrans). The Agreement was submitted in Advice 1943-E, dated December 21, 1999, and became effective on that date, by letter dated April 3, 2000. This Agreement provides for electric service to Caltrans, as required, under the normal provisions of Schedule LS-3—*Customer-Owned Street and Highway Lighting Electrolier Meter Rate* and Schedule TC-1—*Traffic Control Service* with slight modification to the applicability of those tariffs.

In order to allow Caltrans the time it needs to make the changes required by the Agreement, the Addendum provides for the “grandfathering” of Caltrans’ facilities to the terms and conditions of the Agreement. No other changes to the Agreement have been made.

The List of Contracts and Deviations has been revised to reflect the Agreement, and is included in Attachment I.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

In accordance with Section X.B. of General Order 96-A, PG&E requests that this filing become effective on **May 18, 2000**, which is the date of filing.

Anyone wishing to protest this filing may do so by sending a letter within 20 days after the date of this filing. Protest should be mailed to:

In accordance with Section III, Paragraph G, of General Order 96-A, PG&E is mailing copies of this advice to the utilities and interested parties shown on the attached list.
