Advice 2118-E-B

(Pacific Gas and Electric Company ID U 39 E

Public Utilities Commission of the State of California

Subject: Electric Rate Schedule E-NET and Associated Agreements

Pacific Gas and Electric Company (PG&E) hereby submit a second supplemental filing for revisions to its electric tariffs. The affected tariff sheets are listed on the enclosed Attachment I.

Purpose

To comply with AB X1 29, and Decisions (D.) 00-11-001 and (D.) 00-12-037, and Rulemaking (R.) 99-10-025, we are clarifying Advice Letter 2118-E-A, related to references we made in our Advice Letter 2118-E-A, related to the content of ABX1 29 and Schedule E-NET. It is extremely regrettable that we did not identify the error before it was sent to the Commission.

In Paragraph One, under '*Background*,' we describe the intent of ABX1 29. Though we describe the intent of ABX1 29, we would like to correct how we described the different billing requirements. In identifying the types of customers, AB X1 29 lays out the different billing requirements for industrial, agricultural, and larger commercial customer-generators.

In Paragraph Four, third sentence, under '*Background*,' we identify ABX1 29 as referring to the language of '10 kW or less.' In fact, it is Schedule E-NET which references the language of '10 kW or less.'
