

March 27, 2002

**Advice 2212-E
(Pacific Gas and Electric Company ID U39 E)**

Public Utilities Commission of the State of California

**Subject: Notice of Proposed Construction of Facilities Pursuant to
General Order 131-D, Hammer-Country Club, 60 Kilovolt Power
Line Relocation in the City of Lodi**

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4 of the construction of facilities that are exempt from a Permit to Construct.¹

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI, Subsections B and C. This supercedes Advice 2206-E, *Notice of Proposed Construction of Facilities Pursuant to General Order 131-D, Hammer-Country Club, 60 Kilovolt Power Line Relocation in the City of Lodi*. Advice 2206-E was withdrawn on March 22, 2002, due to some inadvertent errors.

Background

Pacific Gas and Electric Company has been requested by the developer of Parisis Ranch Subdivision and Thayer Ranch Subdivision to relocate a portion of the existing Hammer-Country Club 60 kilovolt power line in the City of Lodi, San Joaquin County for the widening of Harney Lane east of Stockton Street. A total of 4 wood poles will be relocated approximately 25 feet north of their existing location along Harney Lane to the back of the proposed sidewalk. The total length of 60 kV line to be relocated is approximately 1,800 feet. Construction is scheduled to begin in May 2002, or as soon as possible thereafter, and the new facilities are planned to be in operation in June 2002.

¹ The Company reserves all legal rights to challenge the decisions or statutes under which it has been required to make this advice filing, and nothing in this advice filing constitutes a waiver of such rights. Also, the Company reserves any additional legal rights to challenge the requirement to make this advice filing by reason of its status as a debtor under Chapter 11 of the Bankruptcy Code, and nothing in this advice filing constitutes a waiver of such rights.

This project qualifies as exempt from Permit to Construct filing requirements pursuant to G.O. 131-D, Section III, Subsection B.1, which exempts, "power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation". Also, under G.O. 131-D, Section III, B.1, this project is exempted from "power line facilities or substations, to be located in a franchise or in a setback easement or in part of a designated utility corridor in compliance with a local government general plan for which a final EIR has been prepared in compliance with CEQA." The City of Lodi has issued a Negative Declaration for Thayer Ranch and Parisis Ranch Subdivisions dated March 1, 1996.

Additionally, G.O. 131-D requires utilities to employ "no cost" and specified "low cost" measures to reduce public exposure to electric and magnetic fields (EMFs). Based upon the standard that "low cost" mitigation measures not exceed 4% of the total project costs, there are no "no cost" or "low cost" measures to be employed by the Company on this project.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by **April 16, 2002**, which is 20 days after the filing date, at the following address:

Director, Energy Division
California Public Utilities Commission
505 Van Ness Avenue, Fourth Floor
San Francisco, California 94102
Facsimile: (415) 703-2200

In addition, protests and all other correspondence regarding this advice letter should also be sent by letter and transmitted via facsimile to the attention of:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120
Facsimile (415) 973-0516

Les Guliasi
Director, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177
Facsimile (415) 973-7226

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions identified in G.O. 131-D, Section III.B.2, exist.

Effective Date

The Company requests that this advice filing become effective on **May 6, 2002**, which is 40 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

In accordance with G.O. 96-A, Section III, Paragraph G, the Company is electronically and postal mailing copies of this advice letter to the utilities and interested parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. Address change requests should be directed to Rose Abao at (415) 973-2218. Advice letter filings can also be accessed electronically at:
