Advice 2380-G/2222-E
(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Revisions to Gas and Electric Standard Form 01-6330--*Energy Statement-Central Mailing*.

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas and electric rules. The affected tariff sheets are listed on the enclosed Attachment I.¹

Purpose

The purpose of this filing is to submit revisions to gas and electric Standard Form 01-6330--*Energy Statement-Central Mailing*. These revised forms generally retain the current, familiar format, but provide customers with additional data to better assist customers in re-calculating their bills.

Background

As part of its on-going efforts to provide exceptional service to its customers, PG&E is implementing a new customer information system. Later this year, PG&E intends to switch from the current information system to the new CorDaptix system. This filing submits changes to PG&E's bill format.

Modifications will be made to PG&E's standard energy statement upon implementation of the new customer information system. The energy statement will generally retain its current, familiar format, but will reflect additional details for a customer to re-calculate their bill. The key changes are shown and described in the representative bill format set forth in Attachment II.

¹ PG&E reserves all legal rights to challenge the decisions or statutes under which it has been required to make this advice filing, and nothing in this advice filing constitutes a waiver of such rights. Also, PG&E reserves any additional legal rights to challenge the requirement to make this advice filing by reason of its status as a debtor under Chapter 11 of the Bankruptcy Code, and nothing in this advice filing constitutes a waiver of such rights. PG&E reserves all rights to amend or revise its filings before the Commission and other agencies to implement the requirements of the order or orders of the Bankruptcy Court confirming PG&E's plan of reorganization as originally filed on September 20, 2001, and subsequently amended.

**Tariff Revisions**

PG&E is filing draft billing formats for all of its currently effective rate schedules. Attachment III provides a list of PG&E's tariff schedules and the corresponding billing format designation used. PG&E will supplement this filing prior to the actual CorDaptix implementation date with actual tariff sheets.

This filing will not affect any other rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by sending a letter by **April 29, 2002**, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:

IMC Branch Chief
Energy Division
California Public Utilities Commission
505 Van Ness Avenue, Room 4002
San Francisco, California 94102
Facsimile: (415) 703-2200

Copies should also be mailed to the attention of the Director, Energy Division, Room 4005 and Jerry Royer, Energy Division, at the address shown above. It is also requested that a copy of the protest be sent via postal mail and facsimile to Pacific Gas and Electric Company on the same date it is mailed or delivered to the Commission at the address shown below.

Pacific Gas and Electric Company
Attention: Les Guliasi
Director, Regulatory Relations
77 Beale Street, Mail Code B10C
P.O. Box 770000
San Francisco, California 94177
Facsimile: (415) 973-7226

Effective Date

PG&E requests that this advice filing become effective on regular notice, **May 20, 2002**, which is 40 days after the date of filing.

Notice

In accordance with General Order 96-A, Section III, Paragraph G, a copy of this advice letter is being sent electronically and via U.S. mail to parties shown on the attached list. Please note that the attachments to this filing are not available electronically. Address changes should be directed to Nelia Avendano at (415) 973-3529. Advice letter filings can also be accessed electronically at:

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail – Send payment in the enclosed envelope.
- In Person – Pay at any PG&E local office or pay station.
- Unpaid Bill – May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential – The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential – The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)

Consumer Affairs

505 Van Ness Avenue

San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will fund the funds required to restore the site when PG&E's nuclear plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail – Send payment in the enclosed envelope.
- In Person – Pay at any PG&E local office or pay station.
- Unpaid Bill – May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential – The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential – The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail - Send payment in the enclosed envelope.
- In Person - Pay at any PG&E local office or pay station.
- Unpaid Bill - May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential - The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential - The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail - Send payment in the enclosed envelope.
- In Person - Pay at any PG&E local office or pay station.
- Unpaid Bill - May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential - The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential - The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-763-2632.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail - Send payment in the enclosed envelope.
- In Person - Pay at any PG&E local office or pay station.
- Unpaid Bill - May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential - The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential - The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Low Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail – Send payment in the enclosed envelope.
- In Person – Pay at any PG&E local office or pay station.
- Unpaid Bill – May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential – The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential – The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will offset the funds required to restore the site when PG&E's nuclear plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail - Send payment in the enclosed envelope.
- In Person - Pay at any PG&E local office or pay station.
- Unpaid Bill - May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential - The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential - The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2632.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail - Send payment in the enclosed envelope.
- In Person - Pay at any PG&E local office or pay station.
- Unpaid Bill - May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential - The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential - The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-G12 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail – Send payment in the enclosed envelope.
- In Person – Pay at any PG&E local office or pay station.
- Unpaid Bill – May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential – The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential – The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC) –
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will collect the funds required to restore the site when PG&E's nuclear power plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail – Send payment in the enclosed envelope.
- In Person – Pay at any PG&E local office or pay station.
- Unpaid Bill – May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential – The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential – The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
502 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.

ELECTRIC INDUSTRY COMPETITION DEFINITIONS

Competition Transition Charge: This charge was authorized by the CPUC and allows PG&E to recover costs related to its CPUC-approved, pre-restructuring investments in electric generating facilities and power purchase contracts. All customers are obligated to pay the CTC. The CTC does not diminish your 10% rate reduction nor increase the amount of your bill.

Legislated 10% Reduction: All residential and eligible small business customers receive this discount effective January 1, 1998. This rate reduction was ordered by the Legislature to provide some benefits of electric industry restructuring at the earliest possible date.

Trust Transfer Amount (TTA): A portion of historic costs has been financed through low-cost bonds to reduce your total bill by 10%. The TTA reflects the costs of these bonds, which are less expensive than the type of financing the utilities previously employed. The TTA does not offset your rate reduction, nor does it increase the total amount you otherwise would have paid. The TTA has been transferred to a subsidiary of PG&E and then to a public trust. PG&E is collecting the TTA on behalf of the subsidiary and public trust. The TTA does not belong to PG&E. Although the TTA is shown as a separate line item, it is already included in your total charges and does not increase your electricity costs.

Direct Access Energy Credit: The cost of energy credited to customers who purchase electricity from a non-PG&E source.

Distribution: The cost of distributing the energy over the wires and utility poles to your home or business.

Energy Charges: This charge is established to pay for electricity and is equal to charges for energy purchased by the California Department of Water Resources (CDWR) and charges for all other energy purchases.

Energy Surcharges (ES): Revenues to supplement funding for ongoing energy costs as authorized by the CPUC in Decisions 01-01-018 and 01-03-082.

Nuclear Decommissioning: The non-bypassable charge that will pay the funds required to restore the site when PG&E's nuclear plants are removed from service.

Public Purpose Programs: The non-bypassable charge, which has always been part of utility bills, of contributing to state-mandated assistance programs for low-income customers and energy-efficiency efforts.

Transmission: The cost of conveying energy from power plants to energy distributors over high-voltage lines, including charges PG&E receives from the California Independent System Operator (ISO) for Reliability Services costs under ISO contracts with generators required for transmission system reliability.

THIS BILL IS NOW DUE AND PAYABLE

PAYING YOUR BILL

- By Mail - Send payment in the enclosed envelope.
- In Person - Pay at any PG&E local office or pay station.
- Unpaid Bill - May require a deposit as outlined below to reestablish credit and/or result in disconnection of service.

PAST-DUE BILLS

- Residential - The bill is due when you receive it and becomes past due 19 days after the date presented.
- Nonresidential - The bill is due when you receive it and becomes past due 15 days after the date presented.
- A closing bill is considered past due if not paid 15 days after the mailing date for all customers.
- Unable to pay on time? Call to discuss reasonable payment arrangements, special programs and agencies that may be available to assist you.
- You may qualify for reduced rates under PG&E's CARE program. Call PG&E for an application.
- If a residential customer claims an inability to pay and PG&E does not offer reasonable payment arrangements, he/she may contact the CPUC at 1-800-649-7570 or by TDD/TTY at 415-703-2032.

DEPOSITS

- A residential deposit will be twice the average monthly bill as estimated by PG&E.
- A nonresidential deposit may be twice the maximum monthly bill as estimated by PG&E.
- A deposit to reestablish credit may be required when conditions of service or the basis on which credit was originally established has changed.

RULES AND RATES

- The full text of PG&E's rules and rates is available for inspection upon request.
- Optional rates are available to many customers and may lower your PG&E bills. Call PG&E for details.

DISPUTED BILLS

Should you question this bill, please request an explanation from PG&E. If you thereafter believe you have been billed incorrectly, send the bill and a statement supporting your belief that the bill is not correct to:

California Public Utilities Commission (CPUC)
Consumer Affairs Branch
505 Van Ness Avenue
San Francisco, CA 94102

To avoid having service turned off if the bill has not been paid, enclose a deposit for the amount of the bill made payable to the CPUC. If you are unable to pay the amount in dispute, you must inform the CPUC of your inability to pay. Your service cannot be discontinued for nonpayment of the disputed bill until the CPUC completes its review. The CPUC will review the basis of the billed amount, communicate the results of its review to the parties and make disbursements of any deposit.

The CPUC will not, however, accept deposits when the dispute appears to be over matters that do not directly relate to the accuracy of the bill. Such matters include the quality of a utility's service, general level of rates, pending rate applications and sources of fuel or power.
