**Advice 2691-E
(Pacific Gas and Electric Company ID U39 E)**

Public Utilities Commission of the State of California

**Subject: Notice of Proposed Construction of Facilities Pursuant to
General Order 131-D, Manteca-Louise 60kv Relocation Project
for Woodbridge Ranch Subdivision, City of Manteca, County of
San Joaquin**

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4 of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in GO 131-D, Section XI, Subsections B and C.

Background

Pacific Gas and Electric Company has been requested by Pulte Homes Corporation, the developer of the Woodbridge Ranch Subdivision in Manteca to relocate a portion of the existing Manteca-Louise 60kv wood pole line approximately 10 feet east to avoid a conflict with proposed Airport Road street improvements. The proposed relocation to a new franchise position will begin on Airport Road just north of the intersection of Airport Road and Lathrop Road and continue north approximately 1320 feet, and will include seven new poles to replace five existing poles. The two new poles are approximately 70 feet tall; four of the replacement poles are approximately 5 feet shorter than the existing wood poles, and one of the replacement poles is approximately 15 feet taller than the existing pole. Construction is scheduled to begin in September 2005, or as soon as possible thereafter, and the new facilities are planned to be in operation in September 2005, or as soon as possible after project completion.

This project qualifies as exempt from Permit to Construct filing requirements pursuant to G.O. 131-D, Section III, B, 1, which exempts;

- “the replacement of existing powerline facilities or supporting structures with equivalent facilities or structures.” and
- “the minor relocation of existing powerline facilities, or the intersetting of additional supporting structures between existing supporting structures, up to 2000 feet in length.” and
- “power line facilities or substations to be located in an existing franchise, road widening setback easement.”

Electric and Magnetic Fields (EMF): Pacific Gas and Electric Company will employ “no cost” and specified “low cost” measures to reduce public exposure to EMF in accordance with California Public Utilities Commission (CPUC) Decision 93-11-013 and Pacific Gas and Electric Company’s “EMF Design Guidelines of New Electrical Facilities: Transmission, Substation, and Distribution.” The following measure will be implemented: pole heights will be 5 feet taller than otherwise required to reduce magnetic fields at ground level.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by **August 17, 2005**, which is 20 days after the filing date, at the following address:

Director, Energy Division
California Public Utilities Commission
505 Van Ness Avenue, Fourth Floor
San Francisco, California 94102
Facsimile: (415) 703-2200
E-Mail: jjr@cpuc.ca.gov and jjj@cpuc.ca.gov

In addition, protests and all other correspondence regarding this advice letter should also be sent by letter and transmitted via facsimile to the attention of:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120
Facsimile: (415) 973-0516

Brian K. Cherry
Director, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177
Facsimile: (415) 973-7226
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions identified in G.O. 131-D, Section III.B.2, exist.

Effective Date

The Company requests that this advice filing become effective on **August 27, 2005**, which is 30 days after the date of filing. (In accordance with GO 131-D, construction will not begin until 45 days after notice is first published.)

Notice

In accordance with G.O. 96-A, Section III, Paragraph G, the Company is electronically and postal mailing copies of this advice letter to the utilities and interested parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. Address change requests should be directed to Rose de la Torre at (415) 973-4716. Advice letter filings can also be accessed electronically at: <http://www.pge.com/tariffs>

NOTICE OF PROPOSED CONSTRUCTION

Project Name: Manteca-Louise 60kv Relocation for the Woodbridge Ranch Subdivision, City of Manteca, County of San Joaquin
 ADVICE LETTER NUMBER: 2691-E

Pacific Gas and Electric Company has been requested by Pulte Homes Corporation, the developer of the Woodbridge Ranch Subdivision in Manteca to relocate a portion of the existing Manteca-Louise 60kv wood pole line approximately 10 feet east to avoid a conflict with proposed Airport Road street improvements. The proposed relocation to a new franchise position will begin on Airport Road just north of the intersection of Airport Road and Lathrop Road and continue north approximately 1320 feet, and will include seven new poles to replace five existing poles. The two new poles are approximately 70 feet tall; four of the replacement poles are approximately 5 feet shorter than the existing wood poles, and one of the replacement poles is approximately 15 feet taller than the existing pole. Construction is scheduled to begin in September 2005, or as soon as possible thereafter, and the new facilities are planned to be in operation in September 2005, or as soon as possible after project completion.

Electric and Magnetic Fields (EMF): Pacific Gas and Electric Company will employ "no cost" and specified "low cost" measures to reduce public exposure to EMF in accordance with California Public Utilities Commission (CPUC) Decision 93-11-013 and Pacific Gas and Electric Company's "EMF Design Guidelines of New Electrical Facilities: Transmission, Substation, and Distribution." The following measure will be implemented: pole heights will be 5 feet taller than otherwise required to reduce magnetic fields at ground level.

Exemption from CPUC Authority: CPUC General Order 131-D, Section III.B, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. Pacific Gas and Electric Company believes this project qualifies for the following exemptions:

- "the replacement of existing power line facilities or supporting structures with equivalent facilities or structures." and
- "the minor relocation of existing power line facilities, or the intersetting of additional supporting structures between existing supporting structures, up to 2000 feet in length." and
- "power line facilities or substations to be located in an existing franchise, road widening setback easement."

Public Review Process: Persons or groups may protest the proposed construction if they believe that Pacific Gas and Electric Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by August 17, 2005, at the following address:

Director, Energy Division
 California Public Utilities Commission
 505 Van Ness Avenue, Fourth Floor
 San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

Pacific Gas and Electric Company must respond within five business days of receipt and serve copies of its response on each protestant and the Energy Division. Within 30 days after Pacific Gas and Electric Company has submitted its response, the Executive Director of the CPUC will send you a copy of an Executive Resolution granting or denying the request and stating the reasons for the decision.

Assistance in Filing a Protest: For assistance in filing a protest, contact the CPUC Public Advisor in San Francisco at (415) 703-2074 or 1-866-849-8390 (toll-free); TTY# (415) 703-5258 (toll free); or public.advisor@cpuc.ca.gov

Additional Project Information: To obtain further information on the proposed project, please call Pacific Gas and Electric Company's Project Information Line at (415) 973-5530.
