**Advice 2774-E
(Pacific Gas and Electric Company ID U39 E)**

Public Utilities Commission of the State of California

**Subject: Cayucos– Cambria 70kV Pole Replacement Project, San Luis
Obispo County**

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

Pacific Gas and Electric Company (PG&E) plans to replace 38 decaying wood poles along the existing Cayucos – Cambria 70 kilovolt (kV) power line in San Luis Obispo County. The project begins at the Cayucos Substation located off of Old Creek Road near the City of Cayucos and proceeds northwest along the coast past the City of Cambria to the Cambria Substation located off of San Simeon Creek Road. The pole line will be accessed from Old Creek Road, Cayucos Creek Road, Highway 46, Santa Rosa Creek Road, Bridge Road and San Simeon Creek Road. Steel poles will be used to replace 27 of the existing poles, and wood poles will be used to replace the remaining 11 poles. Poles will be 5 to 10 feet taller than existing poles to allow proper clearance. Work is scheduled to commence in May, 2006, or as soon thereafter as possible, and will be completed by August, 2006, or as soon thereafter as possible.

This project qualifies as exempt from Permit to Construct filing requirements, pursuant to G.O. 131-D, Section III, Subsections B.1.b, and g, which exempts the following:

- b) the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
- g) power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement.

Additionally, G.O. 131-D requires utilities to employ "no cost" and specified "low cost" measures to reduce public exposure to electric and magnetic fields (EMFs) but no low cost mitigation is available for this project.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing should do so by sending a letter via postal mail and facsimile by **February 21, 2006**, which is 21 days after the filing date, at the following address:

CPUC Energy Division
Attn: Tariff Unit, 4th Floor
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, California 94102
Facsimile: (415) 703-2200
E-Mail: jjr@cpuc.ca.gov and jnj@cpuc.ca.gov

In addition, protests and all other correspondence regarding this advice letter should also be sent by letter and transmitted via facsimile to the attention of:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120
Facsimile: (415) 973-0516

Brian K. Cherry
Director, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177
Facsimile: (415) 973-7226
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in G.O. 131-D, Section III.B.2, exist.

Effective Date

The Company requests that this advice filing become effective on **March 2, 2006**, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

In accordance with G.O. 96-A, Section III, Paragraph G, the Company is electronically and postal mailing copies of this advice letter to the utilities and interested parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. Address change requests should be directed to Rose de la Torre at (415) 973-4716. Advice letter filings can also be accessed electronically at: <http://www.pge.com/tariffs>

¹ Discuss in AL if more space is needed.

NOTICE OF PROPOSED CONSTRUCTION

PROJECT NAME: Cayucos – Cambria 70kV Pole Replacement Project, San Luis Obispo County
ADVICE LETTER NUMBER: 2774-E

Proposed Project: Pacific Gas and Electric Company (PG&E) plans to replace 38 decaying wood poles along the existing Cayucos – Cambria 70 kilovolt (kV) power line in San Luis Obispo County. The project begins at the Cayucos Substation located off of Old Creek Road near the City of Cayucos and proceeds northwest along the coast past the City of Cambria to the Cambria Substation located off of San Simeon Creek Road. The pole line will be accessed from Old Creek Road, Cayucos Creek Road, Highway 46, Santa Rosa Creek Road, Bridge Road and San Simeon Creek Road. Steel poles will be used to replace 27 of the existing poles, and wood poles will be used to replace the remaining 11 poles. Poles will be 5 to 10 feet taller than existing poles to allow proper clearance. Work is scheduled to commence in May, 2006, or as soon thereafter as possible, and will be completed by August, 2006, or as soon thereafter as possible.

Electric and Magnetic Fields (EMF): PG&E would employ “no cost” and specified “low cost” measures to reduce public exposure to EMF in accordance with California Public Utilities Commission (CPUC) Decision 93-11-013 and Pacific Gas and Electric Company’s “EMF Design Guidelines of New Electrical Facilities: Transmission, Substation, and Distribution,” but no low cost mitigation is available for this project.

Exemption from CPUC Authority: CPUC General Order 131-D, Section III, B.1, exempts projects meeting specific conditions from the CPUC’s requirement to file an application requesting authority to construct. PG&E believes this project qualifies for the following exemptions:

- b) the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
- g) power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement.

Public Review Process: Persons or groups may protest the proposed construction if they believe that Pacific Gas and Electric Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by February 21, 2006, at the following address:

CPUC Energy Division
 Attn: Tariff Unit, 4th Floor
 California Public Utilities Commission
 505 Van Ness Avenue
 San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

Pacific Gas and Electric Company must respond within five business days of receipt and serve copies of its response on each protestant and the Energy Division. Within 30 days after Pacific Gas and Electric Company has submitted its response, the Executive Director of the CPUC will send you a copy of an Executive Resolution granting or denying the request and stating the reasons for the decision.

Assistance In Filing a Protest: For assistance in filing a protest, contact the CPUC Public Advisor in San Francisco at (415) 703-2074 or 1-866-849-8390 (toll-free) or TTY (415) 703-5258 or public.advisor@cpuc.ca.gov

Additional Project Information: To obtain further information on the proposed project, please call Pacific Gas and Electric Company’s [Project Information Line at \(415\) 973-5530](tel:(415)973-5530).
