Advice 2824-E

(Pacific Gas and Electric Company ID U39E)

Public Utilities Commission of the State of California

**Subject: Electric Distribution Agreement to Perform Tariff Scheduled
Related Work Exceptional Case Agreement for City and County of
San Francisco**

Pursuant to General Order 96-A, Section X.B., Pacific Gas and Electric Company ("PG&E") hereby submits an Agreement to Perform Tariff Scheduled Related Work ("Agreement") between PG&E and the City and County of San Francisco ("CCSF"). The Agreement provides for PG&E to reprogram certain CCSF meters.

Background

PG&E currently acts as the Scheduling Coordinator ("SC") for CCSF transactions under the 1987 Interconnection Agreement ("IA") between CCSF and PG&E that are scheduled with the California Independent System Operator Corporation ("ISO"). Under a settlement agreement approved by the Federal Energy Regulatory Commission ("FERC") in July 2005, CCSF agreed to become its SC by December 31, 2005.¹ This deadline was later extended to June 30, 2006.

As a part of the SC transition, CCSF requires access to certain interval meters owned by PG&E when the SC transition occurs. CCSF has agreed to pay PG&E to re-program the meters to allow CCSF access so it can obtain meter data.

¹ See *Pacific Gas and Electric Company*, 112 FERC ¶ 61,076 (2005).

Tariff Deviations

The standard form Agreement to Perform Tariff Scheduled Related Work (Standard Form 62-4527) includes a provision for the indemnification of PG&E. CCSF and PG&E already have indemnification language in the IA between the parties. PG&E and CCSF have agreed to remove the standard indemnification provision and instead rely on the indemnification provision in the IA. The Agreement removes the indemnification language, thereby deviating from PG&E's standard form agreement, and includes a provision referencing the IA.²

Anyone wishing to protest this filing may do so by sending a letter by **May 29, 2006**, which is 21 days from the date of this filing.
