**Advice 2954-E-A**

(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

**Subject: Supplement - Land Conservation Plan Implementation  
Memorandum Account**

**Purpose**

On December 15, 2006 PG&E submitted Advice 2954-E to create new electric Preliminary Statement EK - Land Conservation Plan Implementation Account (LCPIA), to recover from customers a portion of the costs incurred by PG&E to process applications before the California Public Utilities Commission (CPUC or Commission) and the Federal Energy Regulatory Commission (FERC) for transactions necessary to implement the Land Conservation Commitment as established by the CPUC in Decision (D.) 03-12-035.

On May 3, 2007 the Commission approved Advice 2954-E in Resolution E-4072, with modifications. PG&E submits this supplemental filing in compliance with Ordering Paragraph (OP) 2 of Resolution E-4072, in which the Commission orders PG&E to update the "Revision Date" of the LCPIA so it reads:

"PG&E shall file an application to request that the Commission review and approve for recovery in rates, any amounts recorded in the LCPIA with the following exception: PG&E may request recovery through the Annual Electric True-Up (AET) advice letter process, of those separately identifiable costs recorded in the LCPIA that are incurred by the Commission and billed to PG&E, with written verification of those costs provided to Commission staff and available upon request to other parties."

The revised LCPIA is being submitted as Attachment 1 to this advice letter. This filing supersedes Advice 2954-E in its entirety.
