Advice 3042-E  
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

**Subject: Diablo Canyon Independent Safety Committee (DCISC) Yearly Compensation Letter**

Pacific Gas and Electric Company (PG&E) hereby submits an annual report (Attachment I) for establishing the compensation levels for the members of the Diablo Canyon Independent Safety Committee (DCISC) in compliance with Decision (D.) 88-12-083, dated December 19, 1988, and Resolution E-3152, dated May 19, 1989.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any rate schedule or rule.

**Background**

In D.88-12-083, the Commission adopted the Diablo Canyon Settlement Agreement, which included the establishment of the DCISC, to be made up of persons with knowledge, background, and experience in the field of nuclear power facilities. The DCISC is to review Diablo Canyon operations for the purpose of assessing the safety of operations and suggesting any recommendations for safe operation.

In response to Advice Letter 1857-E, filed by PG&E on April 1, 1999, the CPUC issued Resolution E-3608 which revised the DCISC member compensation. Resolution E-3608, approved by the CPUC on September 2, 1999, established the current DCISC member compensation as follows:

- an annual retainer of \$8,000;
- a fee of \$200 per hour for attendance at committee meetings;
- for committee work performed outside of committee meetings, \$200 per hour for each hour in excess of 40 hours per year; and
- reimbursement of expenses incurred in performance of committee work.

The annual report examines the current fees paid to members of the DCISC, in comparison to fees paid to members of the Nuclear Facilities Decommissioning Master Trust Committee and the Nuclear Safety Oversight Committee. PG&E has determined that the current fees are reasonable.

### **Effective Date**

PG&E requests that this filing become effective on **May 25, 2007**, which is 30 days after the date of filing.

### **Protests**

Anyone wishing to protest this filing may do so by sending a letter by **May 15, 2007**, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:

DCISC Compensation Levels

## DCISC Compensation Levels

### I. Purpose

The purpose of this report is to provide an evaluation of the compensation paid to persons who provide comparable services to those of the DCISC as delineated in Finding #3 of CPUC Resolution E-3152 and to make a recommendation regarding adjustments to be made, if any, to the compensation paid to DCISC members.

### II. Background

Finding #7 of CPUC Resolution E-3152 "Diablo Canyon Independent Safety Committee - Standards for compensation and accounting guidelines" states the following:

7. PG&E should annually, on April 1, file a report and advice letter with CACD [Commission Advisory and Compliance Division of the CPUC] to update the compensation levels set forth in findings 3 and 4.

Findings 3 and 4 read as follows:

3. Comparable services are those received by PG&E from the persons overseeing its Nuclear Decommissioning Trust Funds and from expert consultants used by PG&E in connection with the Diablo Canyon nuclear power plant.
4. Under the above findings, appropriate levels of compensation for members of the committee are as follows. Each member should receive an annual retainer of \$8,000. Each member should receive an hourly fee of \$200 for hours of committee work in excess of 40 hours per year, except that each member should receive a flat fee of \$500 for each committee meeting that he or she attends. Each member should receive reimbursement, consistent with procedures for such reimbursement as established by the committee, of his or her expenses incurred in the performance of duties as committee member.

In response to Advice Letter 1857-E, filed by PG&E on April 1, 1999, the CPUC issued Resolution E-3608 which revised the DCISC member compensation. Resolution E-3608, approved by the CPUC on September 2, 1999, established the current DCISC member compensation as follows:

- an annual retainer of \$8,000;
- a fee of \$200 per hour for attendance at committee meetings;
- for committee work performed outside of committee meetings, \$200 per hour for each hour in excess of 40 hours per year; and
- reimbursement of expenses incurred in performance of committee work.

### III. Compensation Evaluation

#### A. Nuclear Facilities Decommissioning Master Trust Committee Member Compensation

The Nuclear Facilities Decommissioning Master Trust Committee is composed of two PG&E employee members and three non-PG&E affiliated members. The outside members are senior representatives from the financial community, including a retired chief investment officer and a retired chief financial officer.

## DCISC Compensation Levels

The outside member compensation level is \$8,000 annual retainer plus \$500 per meeting. This is the rate established for the committee at its inception and has not changed. Over the last several years, three meetings have been held per year on average with each meeting being approximately two hours in duration. It is estimated that about four hours is required by the committee members to prepare for each meeting.

### B. Expert Consultant Compensation

#### Nuclear Safety Oversight Committee

There are currently three paid outside consultants to the Nuclear Safety Oversight Committee (NSOC). Outside consultants for the NSOC are selected on the basis of their nuclear industry experience and their ability to provide valuable insight to the committee relative to the safe operation of Diablo Canyon. The current consultants bring significant nuclear industry experience to the committee as exemplified by their former positions in the industry:

- Former NRC Regional Administrator
- Former NRC Director of Licensing
- Retired Utility Vice President

The current NSOC consultants receive compensation of \$200 an hour for work performed on NSOC business. There are typically four NSOC meetings per year of 1-1/2 day duration each. In addition to attendance at the meetings, the consultants are expected to review numerous plant documents in support of committee business.

### C. Current DCISC Member Compensation

The DCISC is made up of three members. These members are selected on the basis of their nuclear experience and their ability to provide valuable insight to the committee relative to the safe operation of Diablo Canyon. The current membership consists of individuals with extensive nuclear experience from both the power industry and the academic community as follows:

- Retired Utility Executive Vice President
- Utility Industry Consultant
- Major University Professor of Nuclear Engineering

The compensation paid to the DCISC members was originally established by the CPUC in Resolution E-3152 and subsequently revised in Resolution E-3608. Each member receives an annual retainer of \$8,000. In addition, the members receive an hourly fee of \$200 for hours of committee work in excess of 40 hours per year. The members are also compensated for attendance at public meetings at an hourly rate of \$200. Typically, three 1-1/2 day public meetings are held each year with a plant tour accompanying the first meeting of the year.

## IV. Recommendation

### DCISC Compensation Levels

The compensation paid to the DCISC members for time spent on committee business, as delineated in CPUC Resolution E-3608, appears to be reasonable when compared to the compensation paid for comparable services as defined in Finding #3 of the Resolution E-3152. No change is recommended.
