Advice 3220-E-A
(Pacific Gas and Electric Company ID U 39 E)

Public Utilities Commission of the State of California

**Subject: Supplement - PG&E's 2007 Cooling Centers Pilot Program
Report and 2008 Program Proposal**

Purpose

Pacific Gas and Electric Company (PG&E) hereby supplements its Advice 3220-E, filed February 29, 2008, as a result of direction from the California Public Utilities Commission's (CPUC's) Energy Division. In the initial filing, PG&E had requested to recover the 2008 Cooling Center Program budget through the Public Purpose Program Revenue Adjustment Mechanism (PPPRAM). This supplemental Advice Letter (AL) now requests that the program budget be recovered via the California Alternate Rates for Energy Account (CAREA) incremental to the current CARE administrative budget. These costs will be recovered in the next Annual Electric True-Up (AET) process or other proceeding as authorized by the Commission.

Because of the change noted above, PG&E removes the requested tariff changes it submitted in 3220-E. PG&E is no longer requesting to recover the 2008 Cooling Center Program budget through the PPPRAM, and therefore there is no need to alter the *PPPRAM* or the *CAREA*. PG&E requests all additional information submitted in 3220-E still be considered for approval by April 15.

Protests

PG&E's initial filing on February 29 was not protested. In order to allow for this advice letter to be effective by April 15, 2008, PG&E requests that the Energy Division waive the protest period since this supplemental advice letter is simply making the change to fund the 2008 program from the CAREA budget rather than through the LIEE budget.
