**Advice 3305-E
(Pacific Gas and Electric Company ID U 39E)**

Public Utilities Commission of the State of California

**Subject: Submits Notice of Construction, Pursuant to General Order 131-D,
for the Plainfield Tap 60kV Power Line Relocation in the County of
Yolo**

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

In order to accommodate the addition of equipment to PG&E's existing Plainfield Substation in Yolo County, PG&E proposes to relocate approximately 600' (minor relocation) of the existing Plainfield Tap 60kV power line in Yolo County. PG&E will relocate the line from its present location on the Plainfield Substation property located on the south side of County Road 27 approximately 1.5 miles west of Highway 113 to a new location approximately 115' to the east of its present location. Approximately two 50' wood poles on the south side of County Road 27 will be replaced with four 10' taller tubular steel poles, and one 50' wood pole on the north side of County Road 27 will be replaced with a 10' taller tubular steel pole in the same location. The tubular steel poles are required to maintain the angles in the line around the substation. Construction is scheduled to begin in September 2008 or as soon thereafter as possible, with completion in approximately four weeks or as soon as possible after construction begins

- This project qualifies as exempt from Permit to Construct filing requirements, pursuant to G.O. 131-D, Section III, Subsection B.1., which exempts, "The minor relocation of existing power line facilities up to 2,000 feet in length, or the intersetting of additional support structures between existing support structures."
