Advice Letter 3310-E

Brian K. Cherry
Vice President, Regulatory Relations
Pacific Gas and Electric Company
77 Beale Street, Mail Code B10C
P.O. Box 770000
San Francisco, CA 94177

**Subject: Submits Notice of Construction, Pursuant to General Order
131-D, for Pole Relocations Along the Santa Rosa-Corona
115 kV Line in the City of Rohnert Park, County of Sonoma**

Dear Mr. Cherry:

Advice Letter 3310-E is effective September 4, 2008.

Sincerely,

A handwritten signature in blue ink, appearing to read "Julie A. Fitch".

Julie A. Fitch, Director
Energy Division

August 5, 2008

**Advice 3310-E
(Pacific Gas and Electric Company ID U39 E)**

Public Utilities Commission of the State of California

**Subject: Submits Notice of Construction, Pursuant to General Order 131-D,
for Pole Relocations Along the Santa Rosa-Corona 115 kV Line in the
City of Rohnert Park, County of Sonoma**

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

To accommodate a CalTrans highway widening project at the Wilfred overcrossing and offramp of Highway 101 in Sonoma County, Pacific Gas and Electric Company (PG&E) proposes to relocate a 4,700-foot section of the existing Santa Rosa-Corona 115 kV power line. The relocation will require replacement or relocation of eight wood poles with taller wood poles in the existing roadway franchise (existing franchise) and utility easement to accommodate proper clearances over existing city street lights. The relocation will begin at the corner of Business Park Drive and Redwood Drive, where an 80-foot pole will be replaced with a 100-foot pole. Moving north along the line, the next three poles will be moved from the east to the west side of Redwood Drive and replaced with 90-foot poles. The next pole, which is 75 feet tall, is located within a landscaped parking lot island and will be replaced with a 100-foot tall pole. Just west of the Highway 101 southbound off ramp, a 60-foot pole will be replaced with a 100-foot pole. Finally, on the east side of Highway 101, a 75-foot pole will be replaced 240 feet to the south of its current location with a 100-foot pole.

Construction activities are tentatively scheduled to begin October 1, 2008, or as soon as possible thereafter, and project completion is scheduled April 1, 2009, or as soon as possible thereafter.

This project qualifies as exempt from Permit to Construct filing requirements, pursuant to G.O. 131-D, Section III, Subsection B.1.g, which exempts, "power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies for which a final Negative Declaration or EIR finds no significant unavoidable environmental impacts."

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, by facsimile or electronically, any of which must be received no later than **August 25, 2008**, which is 20 days after the date of this filing. Protests should be mailed to:

CPUC Energy Division
Tariff Files, Room 4005
DMS Branch
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-mail: jnj@cpuc.ca.gov and mas@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address shown above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Facsimile: (415) 973-0516

Brian K. Cherry
Vice President, Regulatory Relations
Pacific Gas and Electric Company
77 Beale Street, Mail Code B10C
P.O. Box 770000
San Francisco, California 94177

Facsimile: (415) 973-7226
E-mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Effective Date

The Company requests that this advice filing become effective on **September 4, 2008**, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

In accordance with G.O. 96-B, Section IV, a copy of this advice letter is being sent electronically and via U.S. mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. Address changes to the General Order 96-B service list should be directed to Rose de la Torre at (415) 973-4716. Send all electronic approvals to PGETariffs@pge.com. Advice letter filings can also be accessed electronically at: **<http://www.pge.com/tariffs>**.

NOTICE OF PROPOSED CONSTRUCTION

PROJECT NAME: SANTA ROSA-CORONA 115kV POLE RELOCATION - ROHNERT PARK (COUNTY OF SONOMA)

ADVICE LETTER NUMBER: 3310-E

Proposed Project: To accommodate a CalTrans highway-widening project at the Wilfred overcrossing and offramp of Highway 101 in Sonoma County, Pacific Gas and Electric Company (PG&E) proposes to relocate a 4,700-foot section of the existing Santa Rosa-Corona 115 kV power line. The relocation will require replacement or relocation of eight wood poles with taller wood poles in the existing roadway franchise (existing franchise) and utility easement to accommodate proper clearances over existing city street lights. The relocation will begin at the corner of Business Park Drive and Redwood Drive, where an 80-foot pole will be replaced with a 100-foot pole. Moving north along the line, the next three poles will be moved from the east to the west side of Redwood Drive and replaced with 90-foot poles. The next pole, which is 75 feet tall, is located within a landscaped parking lot island and will be replaced with a 100-foot tall pole. Just west of the Highway 101 southbound off ramp, a 60-foot pole will be replaced with a 100-foot pole. Finally, on the east side of Highway 101, a 75-foot pole will be replaced 240 feet to the south of its current location with a 100-foot pole. Construction activities are tentatively scheduled to begin October 1, 2008, or as soon as possible thereafter, and project completion is scheduled April 1, 2009, or as soon as possible thereafter.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. Pacific Gas and Electric Company believes this project qualifies for the following exemption:

(g.) power line facilities or substations to be located in an existing franchise, road-widening setback easement, or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies for which a final Negative Declaration or EIR finds no significant unavoidable environmental impacts.

Public Review Process: Persons or groups may protest the proposed construction if they believe that Pacific Gas and Electric Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by August 25, 2008, at the following address:

Director, Energy Division
California Public Utilities Commission
505 Van Ness Avenue, Fourth Floor
San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Pacific Gas and Electric Company must respond within five business days of receipt and serve copies of its response on each protestant and the Energy Division. Within 30 days after Pacific Gas and Electric Company has submitted its response, the Executive Director of the CPUC will send you a copy of an Executive Resolution granting or denying the request and stating the reasons for the decision.

Assistance in Filing a Protest: For assistance in filing a protest, contact the CPUC Public Advisor in San Francisco at (415) 703-2074 or 1-866-849-8390 (toll-free) or TTY (415) 703.5258 or public.advisor@cpuc.ca.gov.

Additional Project Information: To obtain further information on the proposed project, please call Pacific Gas and Electric Company's Project Information Line at (415) 973-5530.
