**Subject: Submits Notice of Construction, Pursuant to G.O. 131-D, for
the Glass-Biola-Madera 70 kV Reconductor Project, County
of Madera**

Dear Mr. Cherry:

Advice Letter 3328-E is effective October 8, 2008.

Sincerely,

A handwritten signature in blue ink, appearing to read "Julie A. Fitch".

Julie A. Fitch, Director
Energy Division

September 8, 2008

Advice 3328-E
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

**Subject: Submits Notice of Construction, Pursuant to General Order
131-D, for the Glass-Biola-Madera 70kV Reconductor Project,
County of Madera**

Pacific Gas and Electric Company (the Company) hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

The Company proposes to replace existing wires (conductors) with new wires (reconductor) on approximately seven-and-one-half miles of the Glass-Biola-Madera 70 Kilovolt Power line in the County of Madera in order to continue to provide for the increasing demand and to improve reliability in the southerly portions of Madera County. The reconductoring of the existing power line will begin on the northerly side of Avenue 12 approximately 2,000 feet west of the intersection of Avenue 12 and State Highway 145, and extend westerly approximately two-and-one-half miles, then northerly approximately 1,800 feet to the Glass Substation, then southerly along another pole line approximately 1,800 feet to Avenue 12, then continue westerly along the northerly side one-half mile to Road 24, then southerly along the westerly side one-half mile to the Avenue 11-1/2 alignment, then easterly in a private easement for one-half mile to Road 24-1/2, then continuing easterly on the northerly side of Avenue 11-1/2 approximately two-and-one-half miles to Highway 145, then northerly on the westerly side approximately 2,300 feet, and finally easterly approximately 76 feet

across Highway 145 to a pole located in front of the PG&E Madera Substation located at the southeast corner of Highway 145 and Avenue 12. PG&E will replace approximately 106 of the existing wood poles (replacement of existing facilities) with approximately 5- to 15-foot taller wood poles to support the new conductors. The reconducted power line will be installed in the existing alignment except for a slight adjustment for the last 2,300 feet (approximately 11 poles) along Highway 145, where the line will be moved to the westerly edge of the Highway 145 right-of-way to accommodate a Caltrans road-widening project. Work is scheduled to begin in October 2008, or as soon thereafter as possible, and will be completed by March 2009, or as soon thereafter as possible.

CPUC General Order 131-D, Section III, Subsection B.1., exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption(s):

- b) the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
- g) power line facilities or substations to be located in an existing franchise road-widening setback easement, or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies for which a final Negative Declaration or EIR finds no significant unavoidable environmental impacts.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by **September 29, 2008**, which is 21 days after the date of this filing.¹ Protests should be mailed to the following address:

CPUC Energy Division
Tariff Files, Room 4005
DMS Branch
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200

¹ The 20-day protest period concludes on a weekend. PG&E is hereby moving this date to the following business day.

E-Mail: jnj@cpuc.ca.gov and mas@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Facsimile (415) 973-0516

Brian K. Cherry
Vice President, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177

Facsimile (415) 973-7226
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Effective Date

The Company requests that this advice filing become effective on **October 8, 2008**, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

In accordance with G.O. 96-B, Section IV, a copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. Address changes to the General Order 96-B service list should be

directed to Rose de la Torre at (415) 973-4716. Send all electronic approvals to PGETariffs@pge.com. Advice letter filings can also be accessed electronically at <http://www.pge.com/tariffs/>.

A handwritten signature in cursive script, reading "Brian Cheng / mt".

NOTICE OF PROPOSED CONSTRUCTION

PROJECT NAME: Glass-Biola-Madera 70kV Reconductor Project – County of Madera
ADVICE LETTER NUMBER: 3328-E

Proposed Project: Pacific Gas and Electric Company (PG&E) proposes to replace existing wires (conductors) with new wires (reconductor) on approximately seven-and-one-half miles of the Glass-Biola-Madera 70 Kilovolt Power line in the County of Madera in order to continue to provide for the increasing demand and to improve reliability in the southerly portions of Madera County. The reconductoring of the existing power line will begin on the northerly side of Avenue 12 approximately 2,000 feet west of the intersection of Avenue 12 and State Highway 145, and extend westerly approximately two-and-one-half miles, then northerly approximately 1,800 feet to the Glass Substation, then southerly along another pole line approximately 1,800 feet to Avenue 12, then continue westerly along the northerly side one-half mile to Road 24, then southerly along the westerly side one-half mile to the Avenue 11-1/2 alignment, then easterly in a private easement for one-half mile to Road 24-1/2, then continuing easterly on the northerly side of Avenue 11-1/2 approximately two-and-one-half miles to Highway 145, then northerly on the westerly side approximately 2,300 feet, and finally easterly approximately 76 feet across Highway 145 to a pole located in front of the PG&E Madera Substation located at the southeast corner of Highway 145 and Avenue 12. PG&E will replace approximately 106 of the existing wood poles (replacement of existing facilities) with approximately 5- to 15-foot taller wood poles to support the new conductors. The reconducted power line will be installed in the existing alignment except for a slight adjustment for the last 2,300 feet (approximately 11 poles) along Highway 145, where the line will be moved to the westerly edge of the Highway 145 right-of-way to accommodate a Caltrans road-widening project. Work is scheduled to begin in October 2008, or as soon thereafter as possible, and will be completed by March 2009, or as soon thereafter as possible.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III, B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. Pacific Gas and Electric Company believes this project qualifies for the following exemption(s):

- b. The replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
- g. Power line facilities or substations to be located in an existing franchise road-widening setback easement, or public utility easement; or in a utility corridor designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies for which a final Negative Declaration or EIR finds no significant unavoidable environmental impacts.

Public Review Process: Persons or groups may protest the proposed construction if they believe that Pacific Gas and Electric Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

- 1. Your name, mailing address and daytime telephone number.
- 2. Reference to the CPUC Advice Letter Number and Project Name.
- 3. A clear description of the reason for the protest.
- 4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by September 29, 2008, at the following address:

Director, Energy Division
 California Public Utilities Commission
 505 Van Ness Avenue, Fourth Floor
 San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

Pacific Gas and Electric Company must respond within five business days of receipt and serve copies of its response on each protestant and the Energy Division. Within 30 days after Pacific Gas and Electric Company has submitted its response, the Executive Director of the CPUC will send you a copy of an Executive Resolution granting or denying the request and stating the reasons for the decision.

Assistance in Filing a Protest: For assistance in filing a protest, contact the CPUC Public Advisor in San Francisco at (415) 703-2074 or 1-866-849-8390 (toll-free) or TTY (415) 703-5258 or public.advisor@cpuc.ca.gov.

Additional Project Information: To obtain further information on the proposed project, please call Pacific Gas and Electric Company's Project Information Line at (415) 973-5530.
