Advice 3386-E-A

(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Supplemental Filing for Contract for Procurement of Renewable Energy Resources Resulting from PG&E's 2008 Renewables Portfolio Standard Solicitation

Pacific Gas and Electric Company (PG&E) hereby submits to the California Public Utilities Commission (Commission or CPUC) a supplemental filing for Advice 3386-E, dated December 22, 2008.

The purpose of this supplement is to correct PG&E's Above Market Funds (AMF) calculation in Advice Letter 3386-E to reflect the final 2008 Market Price Referent, as adopted in Commission Resolution E-4214. In Advice Letter 3386-E, PG&E calculated the AMF using the draft 2008 MPR. Upon release of the final Resolution, the MPR increased from \$111.19 to \$111.26. Attached to this supplemental filing is an updated calculation which reflects this change.

Confidential Attachment:

Appendix A – Updated AMF calculation reflecting the final 2008 MPR.

PG&E originally submitted this confidential appendix as part of Advice 3386-E in the manner directed by D.08-04-023 and the Administrative Law Judge's Ruling Clarifying Interim Procedures for Complying with Decision 06-06-066, issued August 22, 2006, to demonstrate the confidentiality of the material and to invoke the protection of confidential utility information provided by section 583 of the Public Utilities Code. A separate Declaration Seeking Confidential Treatment was filed concurrently with the advice letter.

The Appendix to this Supplement contains information about the price of energy procured by an investor-owned utility (IOU) which is confidential under either the terms of the IOU Matrix, Attachment 1, of D.06-06-066 and Appendix C of D.08-04-023 or General Order 66-C. Because the Appendix amends information that

PG&E has shown to be subject to confidential treatment, the contents of the Appendix are also entitled to confidentiality protection, for the reasons set forth in the Declaration Seeking Confidential Treatment filed submitted on December 22, 2008.

Protests:

PG&E asks that the protest and comment period not be reopened since this supplement is simply providing an update to reflect the Commission's final MPR resolution.

Effective Date:

PG&E requests that the Commission issue a resolution approving this advice filing no later than **May 7, 2009**.

Notice:

In accordance with General Order 96-B, Section IV, a copy of this advice letter excluding the confidential appendix is being sent electronically and via U.S. mail to parties shown on the attached list and the service lists for R.06-02-012, R.06-02-013 and R.08-08-009. Non-market participants who are members of PG&E's Procurement Review Group and have signed appropriate Non-Disclosure Certificates will also receive the advice letter and accompanying confidential attachment by overnight mail. Address changes should be directed to Rose De La Torre (415) 973-4716. Advice letter filings can also be accessed electronically at:

Limited Access to Confidential Material:

The Appendix to this Supplement is marked "Confidential Protected Material" because it contains energy procurement price information submitted under the confidentiality protection of Public Utilities Code Section 583 and General Order 66-C. PG&E's December 22, 2008 Declaration explaining why such information in the Advice Letter is protected from public disclosure pursuant to D.06-06-066 and D.08-04-023 applies equally to the Confidential Protected Material within the Supplement.
