Advice 3117-G/3666-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Revised Household Income Requirements and Recertification Periods for California Alternate Rates for Energy (CARE) Program and Family Electric Rate Assistance (FERA) Program

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas and electric tariffs. The affected tariff sheets are listed on the enclosed attachment 1.

Purpose

The purpose of this filing is to revise the household income requirements and to update the cited recertification periods within the tariffs for PG&E's CARE/FERA Program.

CARE Program

This filing complies with Resolution (R.) E-3524, dated February 19, 1998, in which the Commission ordered the Energy Division Director to notify California utilities by letter no later than May 1st of each year of annual revisions to CARE income levels effective June 1st. In accordance with the Energy Division's Notice to Investor Owned Utilities Providing Service Under CARE and LIEE (CARE Notice) dated April 23, 2010, PG&E hereby submits tariffs with revised income limitations for the CARE program, **effective June 1, 2010.**

The revised income levels are as follows:

<u>No. of Persons in Household</u>	<u>Total Combined Annual Income</u>
1-2	\$31,300
3	\$36,800
4	\$44,400
5	\$52,000
6	\$59,600
Each Additional	\$ 7,600

In addition, in reviewing its tariffs, PG&E found that while it has updated its CARE Program materials and implemented the approved extensions to the recertification periods for CARE eligibility, it had failed to update the corresponding language contained in its tariffs. These extensions were approved by the Commission in the following Decisions:

- On December 14, 2006, Decision (D.) 06-12-038 extended the CARE recertification period from two years to four years for fixed income residential customers and from one year to four years for fixed income sub-metered customers.
- On November 6, 2008, D.08-11-031 extended the recertification period from one year to two years for sub-metered customers, qualified non-profit group living facilities, agricultural employee housing facilities and migrant farm worker housing centers.

As noted above, the extended recertification periods had been implemented in a timely manner and, to PG&E's knowledge, no customers have been disadvantaged by the incorrect time periods stated in its tariffs.

FERA Program

PG&E also submits this filing in accordance with a Notice to Energy Utilities Providing Service under the FERA Program (FERA Notice) dated April 27, 2010. The FERA program is referred to as the Tier 3 large household program in accordance with Decision (D.) 04-02-057. The FERA program is a rate assistance program whereby lower to middle income large household participants will be charged Tier 2 electricity rates for their Tier 3 usage if the household consists of three (3) or more people and the family has an income between 200% and 250% of the federal poverty level.¹ The income threshold increases with each additional family member over three (3).² The FERA program was designed to assist larger families whose income levels are just above the CARE program income limits and thus are not eligible for CARE benefits. FERA is applicable to domestic customers in individually metered single-family accommodations, or domestic sub-metered tenants residing in multifamily master-metered accommodations. Customers receiving service under Schedule E-CARE, or sub-metered tenants receiving benefit of Schedule E-CARE on their sub-metered bills, as well as all Direct Access Customers and Community Choice Aggregation Service Customers, are not eligible for FERA.

¹ In D.05-10-044, dated October 27, 2005, the lower limits of the FERA program were raised to 200% + \$1 of the Federal poverty guideline levels, which correspond to the higher limits of the CARE program.

² The exact annual income dollar amounts delimiting FERA eligibility, by family size, changes each year based on CPUC-approved updates reflecting new Federal Poverty Guidelines. The same process and basic figures adopted by the CPUC each year for use in the CARE program will also be used for FERA, with FERA targeting those between 200% and 250% of the Federal Poverty Guidelines.

In compliance with the FERA Notice, PG&E is revising the Total Gross Annual Income Levels on page 2 of electric Rate Schedule E-FERA--*Family Electric Rate Assistance*. The income levels are as follows:

No. of Persons in Household	Total Gross Annual Income
1-2	Not Eligible
3	\$36,801 to \$46,100
4	\$44,401 to \$55,600
5	\$52,001 to \$65,100
6	\$59,601 to \$74,600
Each Additional	\$ 7,600 to \$9,500

In addition, in compliance D.08-11-031, with PG&E is conforming the applicable recertification period and audit requirements for the FERA Program with the CARE Program. As with the CARE Program, PG&E had updated its FERA Program materials and implemented the approved extensions to the recertification periods for FERA eligibility in a timely manner and is unaware of any customers who have been disadvantaged by the incorrect time periods stated in its tariffs

PG&E also is revising the income levels in the standard forms as listed on page 3 of this advice letter and in Attachment I; and in some instances is filing a language translation or a large print version of the form for Commission approval.

Gas and electric Rules 19.1 -- California Alternate Rates for Energy for Individual Customers and Submetered Tenants of Master-Metered Customers: Sections B, D and E of gas and electric Rules 19.1 were revised to update the maximum annual household income levels, extend the recertification period for sub-metered customers from one year to two years, and from two years to four years for fixed income residential and sub-metered customers, and remove the requirement for annual audits of sub-metered tenants.

C. CERTIFICATION

1. Individually metered PG&E Customers, submetered tenants of master-metered PG&E Customers, and other qualifying applicants in individually metered residential dwelling units:

All applicants for certification must fill out and provide to PG&E Application Form No. 01-9077.

2. Submetered tenants of master-metered PG&E Customers:

Submetered tenants of master-metered Customers will submit Application Form No. 01-9285 to PG&E, including their apartment/unit number and PG&E master metered account number. PG&E will notify the master-metered Customer of the tenant's certification. The master-metered Customer, not PG&E, is responsible for extending CARE discounts to tenants certified to receive them.

3. Self-certification:

Self-certification will be used to determine income eligibility for the CARE program. Customers must sign a statement upon application indicating that PG&E may verify the Customer's eligibility at any time. If verification establishes that the Customer is ineligible, the Customer will be removed from the program and PG&E may render corrective billings.

D. RECERTIFICATION REQUIREMENTS

Certification of individually-metered PG&E Customers and submetered tenants of master-metered customers is valid for a period of two years, or four years for customers that are determined to have a fixed income, except as provided in Section F. (T)
 | (T)

Applicants either suspected of or proven to have provided incorrect information in their application for CARE may be required to recertify at any time. Further, PG&E reserves the right to conduct random audits to determine applicants' eligibility. Failure by any party asked to provide proper proof of eligibility will result in disqualification of applicant's eligibility to receive the CARE rate. PG&E may rebill Customers removed from the program for previous discounts received for which the participant did not qualify. (D)

Upon PG&E's request that the applicant recertify eligibility following the regular expiration date of applicants' eligibility, the applicant will have 90 days to recertify, after which applicants not recertified may lose their eligibility under the CARE program.

It is the responsibility of the applicant to immediately notify PG&E when the applicant is no longer eligible for the CARE program.

E. QUALIFIED SUBMETERED APPLICANTS

Where residential dwelling units are not individually metered by PG&E and where the qualifying CARE applicants are not PG&E's Customers of record, PG&E may perform audits to determine if the qualifying applicants still reside at the premises receiving CARE. Then PG&E will either (a) allow CARE to remain in effect until recertification in accordance with Section D above, or (b) remove the Customers of record from CARE effective with the first day of the next Billing Cycle after PG&E performs the audits. (T)
(T)

F. MISAPPLICATION OF CARE

Certification for eligibility for the CARE program that is made based upon incorrect information provided by the applicant shall constitute misapplication of CARE for the period under which the applicant received CARE. PG&E may rebill the account at the Customer's/applicant's otherwise-applicable rate schedule for misapplication of CARE. Such billing shall be for a period up to the most recent three years in accordance with Rule 17.1. However, nothing in Rule 19.1 shall be interpreted as limiting PG&E's rights under any provisions of any applicable law or tariff.

Master-metered Customers with PG&E-certified submetered tenants shall not be held responsible for incorrect information provided by the submetered tenant to PG&E.
