Advice 3175-G/3777-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Revisions to Gas and Electric Rules 1, 6, 7, 17, and 17.1, and New Sample Form No. 79-1128, *Affidavit in Support of Customer Claim Qualifying as a Small Business Customer under Government Code Section 14837*

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas and electric tariffs. The affected tariff sheets are listed on the enclosed Attachment 1.

Purpose

In compliance with Ordering Paragraphs (OP) 1, 2 and 3 of California Public Utilities Commission's (Commission) Decision (D.) 10-10-032¹ (the Decision), PG&E is revising the language in its Gas and Electric Rules 1, 6, 7, 17, and 17.1, and proposing new Sample Form No. 79-1128, *Affidavit in Support of Customer Claim as Qualifying as a Small Business Customer Under Government Code Section 14837*, to allow customers who do not qualify on the basis of annual usage to self-certify as a "small business customer" by meeting the definition of a "micro-business" under Government Code Section 14837.

Background

On May 6, 2010, the Commission issued Order Instituting Rulemaking (OIR) 10-05-005 to determine whether revisions or updates are necessary to utility tariff rules governing adjustments of customer bills due to meter and/or billing errors and whether utility deposit rules need to be revised to address concerns raised by business customers that were faced with utility back-bills that may date back several years. The OIR strictly limited any tariff revisions to treating small business customers the same as residential customers for specific billing and deposit purposes. The OIR also established a preliminary scoping memo identifying the issues and a schedule.

¹ D.10-11-037, dated November 18, 2010, corrected errors in OP 1(e) and 3 in D.10-10-032. Those corrections are incorporated into this filing.

On July 6, 2010, pursuant to the OIR, a workshop was held at the Commission's offices in San Francisco. Parties attending the workshop focused on three main issues:

1. A definition of a "small business customer."
2. Tariff policies addressing back-billing for small business customers.
3. Tariff policies addressing deposits for small business customers.

On July 28, 2010, an Assigned Administrative Law Judge's (ALJ) Ruling provided an opportunity for comments on a Business and Community Outreach Staff Report (Report). The Report, summarizing the comments of parties who attended the July 6th Workshop, states that parties generally were in agreement that a small business should be defined as one of the following:

1. A non-residential electric customer with annual consumption of 40,000 kWh or less or an energy demand of 20 kW or less.
2. A non-residential gas customer with an annual consumption of 10,000 therms or less.
3. A non-residential customer meeting Section 14837 of Government Code's definition of "micro-business."

The Report concluded that parties agreed to revise the back-billing tariff rule for small businesses such that the maximum back-billing period would be three months, rather than the current rule of three years. In addition, the Report recommended that the overcharge refund period for billing errors, currently six months, be revised to three years so it is the same as the overcharge refund period for metering errors.² Although the Report noted that parties were unable to agree on changes in deposit rules, the Commission's Business and Community Outreach (BCO) staff recommended changes in deposit rules that would effectively limit deposits to twice the average monthly bill rather than twice the maximum monthly bill. BCO staff also recommended small business disconnection notice practices and pursuit of alternative credit and payment policies.

On October 28, 2010, the Commission issued the Decision directing the utilities to revise their tariff rules for non-residential electric customers using 40,000 kilowatt hours or less, or have a demand of 20 kilowatts or less, or gas customers using 10,000 therms or less, or non-residential customers meeting the requirements of a micro-business as defined in Government Code Section 14837 (small business customers) as follows:

- a) Reduce the back-billing period from three years to three months for undercharges resulting from billing and metering errors;

² Current tariffs generally provide that overcharges for billing errors may be refunded for up to three years, while overcharges for metering errors may be refunded for up to six months. PacifiCorp's tariff Rule 9 is an exception as it provides that overcharges for both billing and metering errors be refunded for up to six months.

- b) Reduce the deposit requirements to twice the average monthly bill and permit the utilities to offer alternative credit mechanisms in lieu of deposits if customers select this option;
- c) Establish that refund periods for overcharges resulting from metering and billing errors be a maximum of three years;
- d) Specify that reestablishment of service deposits shall not apply when failure to pay results from charges that are backbilled;
- e) Establish that a small business customer, as specified above, shall receive a warning letter after the first late payment during any twelve-month period, which informs that a deposit to reestablish credit may be required if another late payment occurs within the same twelve-month period; and
- f) Clearly define the small business customers which qualify for these tariff revisions.
- g) Inform nonresidential customers subject to backbilling that they may self-certify as a micro-business under Government Code Section 14837.

In accordance with OP 1 and 3 of D.10-10-032, PG&E is submitting revisions to its gas and electric tariffs to implement the revised billing and credits practices for small business customers ordered by the Decision. In addition, in accordance with OP 2, PG&E has, or will, implement all of these measures by December 27, 2010.

Tariff Revisions

In accordance with OP 1 and 3 of D. 10-10-032, PG&E proposes the following tariff modifications:

Electric Rule 1 - Definitions

- Added a new definition for “Small Business Customer.”

Electric Rule 6 - Establishment and Reestablishment of Credit

- Section B.2 was revised to state: (1) a Small Business Customer may not be required to reestablish credit if such bills are for retroactive charges resulting from a meter error or billing error as prescribed in Rules 17 and 17.1, and (2) provide for the issuance of a warning letter to Small Business Customers after the first late payment during any twelve-month period informing the customer that a deposit to reestablish credit may be required if another late payment occurs within the same twelve-month period.

Electric Rule 7 – Deposits

- Sections A.1.b and A.2 were revised to change the basis for deposits required to establishment or reestablishment credit for Small Business Customers from twice the “maximum” monthly bill to twice the “average” monthly bill and clarify the treatment of all other nonresidential customers.

Electric Rule 17 - Meter Tests and Adjustment of Bills for Meter Error

- Section B.1.a was revised to increase the maximum period for which PG&E will refund overcharges resulting from a fast meter from six months to three years.

Electric Rule 17.1 - Adjustment of Bills for Billing Error

- Section B.2.b was revised to decrease the maximum period for which PG&E will bill a Small Business Customer for undercharges resulting from a billing error from three years to three months, and clarify that a customer who had qualified as a Small Business Customer based upon annual usage during the period of the billing error would not become ineligible for the reduced back-billing period if their corrected usage caused them to exceed the annual usage limit.

Gas Rule 1 - Definitions

- Added a new definition for “Small Business Customer.”

Gas Rule 6 - Establishment and Reestablishment of Credit

- Section E.2 was revised to state that (1) a Small Business Customer may not be required to reestablish credit if such bills are for retroactive charges resulting from a meter error or billing error as prescribed in Rules 17 and 17.1, and (2) provide for the issuance of a warning letter to Small Business Customers after the first late payment during any twelve-month period informing the customer that a deposit to reestablish credit may be required if another late payment occurs within the same twelve-month period.

Gas Rule 7 – Deposits

- Sections A.1.b and A.2.a were revised to change the basis for deposits required to establishment or reestablishment credit for Small Business Customers from twice the “maximum” monthly bill to twice the “average” monthly bill and clarify the treatment of all other nonresidential customers.

Gas Rule 17 – Meter Tests and Adjustment of Bills for Meter Error

- Section B.1.a was revised to increase the maximum period for which PG&E will refund overcharges resulting from a fast meter from six months to three years.

Gas Rule 17.1 – Adjustment of Bills for Billing Error

- Section B.2.b was revised to decrease the maximum period for which PG&E will bill a Small Business Customer for undercharges resulting from a billing error from three years to three months, and clarify that a customer who had qualified as a Small Business Customer based upon annual usage during the period of the billing error would not become ineligible for the reduced back-billing period if their corrected usage caused them to exceed the annual usage limit.

Form No. 79-1128, Affidavit in Support of Customer Claim as Qualifying as a Small Business Customer under Government Code Section 14837

- New customer affidavit form to allow gas customers who do not qualify on the basis of annual gas usage, or electric customers who do not qualify on the basis of annual electric usage or maximum billing demand, to self-certify as a “Small Business Customer.” PG&E requests the authority to update the qualifications in the form as necessary to align it with future revisions to the code section without further approval from the Commission.

This filing will not affect any other rates or charges, cause the withdrawal of service, or conflict with any other rate schedule or rule.

GAS RULE NO. 17
METER TESTS AND ADJUSTMENT OF BILLS FOR METER ERROR

Sheet 2

A. METER TESTS (Cont'd.)

Every gas meter, when installed for the use of any Customer, shall be in good order and shall have been adjusted to register within one percent over or two percent under the proper registration when passing gas at a rate which will cause a pressure drop in the meter not to exceed one-half inch of water column. The meter shall be adjusted so that the open flow test agrees with the check flow test within one percent, provided however, that no meter shall be put in service which on any test proves in excess of one percent over the proper registration.

B. ADJUSTMENT OF BILLS FOR METER ERROR

Meter error is the incorrect registration of the Customer's energy usage resulting from a malfunctioning or defective meter. It does not include incorrect registration attributable to billing error or unauthorized use.

Where, as the result of a meter test (except for "Meters Other Than Displacement Gas Meters," as described in Section C), a meter is found to be nonregistering or incorrectly registering, PG&E may render an adjusted bill to the Customer for the amount of any undercharge, without interest. PG&E shall issue a refund or credit to the Customer for the amount of any overcharge, without interest, computed back to the date that PG&E determines the meter error commenced, except that the period of adjustment shall not exceed the limits set forth below. Such adjusted bill shall be computed as follows:

1. FAST METER

a. RESIDENTIAL AND NONRESIDENTIAL SERVICE

If a meter for either residential or nonresidential service is found to be registering more than two percent fast, PG&E will calculate the amount of the overcharge for refund to the Customer based on the corrected meter readings or PG&E's estimate of the natural gas usage for a period of three years. However, if it is known that the period of meter error was less than three years, the overcharge will be calculated for only those months during which the meter error occurred. (T) (T)

B. ADJUSTMENT OF BILLS FOR BILLING ERROR (Cont'd.)

1. BILLING ERROR RESULTING IN OVERCHARGES TO THE CUSTOMER
 (Cont'd.)

a. RESIDENTIAL AND NONRESIDENTIAL SERVICE

If either a residential or nonresidential service is found to have been overcharged due to billing error, PG&E will calculate the amount of the overcharge, for refund to the Customer, for a period of three years. However, if it is known that the period of billing error was less than three years, the overcharge will be calculated for only those months during which the billing error occurred.

2. BILLING ERROR RESULTING IN UNDERCHARGES TO THE CUSTOMER

b. NONRESIDENTIAL SERVICE

If a nonresidential service is found to have been undercharged due to a billing error, PG&E may bill the Customer for the amount of the undercharge for a period of three years. However, if it is known that the period of billing error was less than three years, the undercharge will be calculated for only those months during which the billing error occurred.

- i. bill the Customer for the amount of the undercharge for a period of three months if the Customer is a Small Business Customer, as defined in Rule 1; or
- ii. bill the Customer for the amount of the undercharge for a period of three years if the Customer is not a Small Business Customer, as defined in Rule 1.

(L)

A customer who qualified as a Small Business Customer based upon annual usage under Rule 1 during the period of the billing error, but exceeds the annual maximum usage as a result of applying the three-month back-billing to calculate annual usage shall be treated as a Small Business Customer under the Section B.2.b.i, above, for any undercharges.

(N)

However, if it is known that the period of billing error was less than three months or three years, as applicable, the undercharge will be calculated for only those months during which the billing error occurred.

 ESTABLISHMENT AND REESTABLISHMENT OF CREDIT

Sheet 2

B. REESTABLISHMENT OF CREDIT—ALL CLASSES OF SERVICE

1. An applicant who previously has been a customer of PG&E and whose electric service has been discontinued by PG&E during the last twelve months of that prior service because of nonpayment of bills, may be required to reestablish credit by depositing the amount prescribed in Rule 7 for that purpose, and by paying bills regularly due; except, an applicant for residential service will not be denied service for failure to pay such bills for other classes of service.

2. A customer who fails to pay bills before they become past due as defined in Rule 11, and who further fails to pay such bills within five days after presentation of a discontinuance of service notice for nonpayment of bills, may be required to pay said bills and reestablish credit by depositing the amount prescribed in Rule 7; except, a Small Business Customer, as defined in Rule 1, may not be required to reestablish credit if such bills are for retroactive charges resulting from a meter error or billing error as prescribed in Rules 17 and 17.1. In addition, a customer who has been identified by PG&E as a Small Business Customer, as defined in Rule 1, will receive a warning letter after the first late payment during any twelve-month period informing the customer that a deposit to reestablish credit may be required if another late payment occurs within the same twelve-month period. This rule will apply regardless of whether or not service has been discontinued for such nonpayment.

3. A customer using nonresidential service may be required to reestablish credit in accordance with Rule 6.A.2 in case the conditions of service or basis on which credit was originally established have, in the opinion of PG&E, materially changed.

ELECTRIC RULE NO. 17
 METER TESTS AND ADJUSTMENT OF BILLS FOR METER ERROR

Sheet 2

B. ADJUSTMENT OF BILLS FOR METER ERROR

Meter error is the incorrect registration of the Customer's energy usage resulting from a malfunctioning or defective meter. It does not include incorrect registration attributable to billing error or unauthorized use.

Where, as the result of a meter test, a meter is found to be nonregistering or incorrectly registering, PG&E may render an adjusted bill to the Customer for the amount of any undercharge, without interest. PG&E shall issue a refund or credit to the Customer for the amount of any overcharge, without interest, computed back to the date that PG&E determines the meter error commenced, except that the period of adjustment shall not exceed the limits set forth below. Such adjusted bill shall be computed as follows:

1. FAST METER

a. RESIDENTIAL AND NONRESIDENTIAL SERVICE

If a meter for either residential or nonresidential service is found to be registering more than two percent fast, PG&E will calculate the amount of the overcharge for refund to the Customer based on the corrected meter readings or PG&E's estimate of the energy usage for a period of three years. However, if it is known that the period of meter error was less than three years the overcharge will be calculated for only those months during which the meter error occurred.

(T)
 |
 (T)

2. SLOW METER

a. RESIDENTIAL SERVICE

If a meter for residential service is found to be registering more than 25 percent slow, PG&E may bill the Customer for the amount of the undercharge based on the corrected usage or PG&E's estimate of the energy usage for a period of three months. However, if it is known that the period of meter error was less than three months, the undercharge will be calculated for only those months during which the meter error occurred.

ELECTRIC RULE NO. 17.1
ADJUSTMENT OF BILLS FOR BILLING ERROR

Sheet 2

B. ADJUSTMENT OF BILLS FOR BILLING ERRORS (Cont'd.)

1. BILLING ERROR RESULTING IN OVERCHARGES TO THE CUSTOMER

a. RESIDENTIAL AND NONRESIDENTIAL SERVICE

If either a residential or nonresidential service is found to have been overcharged due to billing error, PG&E will calculate the amount of the overcharge, for refund to the Customer, for a period of three years. However, if it is known that the period of billing error was less than three years, the overcharge will be calculated for only those months during which the billing error occurred.

2. BILLING ERRORS RESULTING IN UNDERCHARGES TO THE CUSTOMER

a. RESIDENTIAL SERVICE

If a residential service is found to have been undercharged due to a billing error, PG&E may bill the Customer for the amount of the undercharge for a period of three months. However, if it is known that the period of billing error was less than three months, the undercharge will be calculated for only those months during which the billing error occurred.

b. NONRESIDENTIAL SERVICE

If a nonresidential service is found to have been undercharged due to a billing error, PG&E may:

- i. bill the Customer for the amount of the undercharge for a period of three months if the Customer is a Small Business Customer, as defined in Rule 1; or (T)
|
- ii. bill the Customer for the amount of the undercharge for a period of three years if the Customer is not a Small Business Customer, as defined in Rule 1. (T)

A Customer who qualified as a Small Business Customer based upon annual usage under Rule 1 during the period of the billing error, but exceeds the annual maximum usage as a result of applying the three-month back-billing to calculate annual usage shall be treated as a Small Business Customer under the Section B.2.b.i, above, for any undercharges.

However, if it is known that the period of billing error was less than three months or three years, as applicable, the undercharge will be calculated for only those months during which the billing error occurred. (T)
