Advice 3318-G-A /4089-E-A
(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

**Subject: Supplemental: New Service Update Form (#62-3531B) and
Renumbering of Service Report Form (#62-3531)**

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its electric and gas tariff sheets. The affected tariff sheets are listed on the enclosed Attachment 1.

This supplemental advice letter replaces the original advice letter in its entirety.

Purpose

Pacific Gas and Electric Company (PG&E) hereby seeks approval to utilize a new pilot program form, the "Service Update" Form (#62-3531B), which will be given to customers during site visits, notifying them of specific work performed by our meter technicians. In addition, PG&E seeks approval to revise its "Service Report" form, from Form # 62-3531 to Form # 62-3531A.

In addition to the minor modification that was requested in Advice 3318-G/4089-E, this supplemental advice letter adds additional format changes to the existing Service Report Form (# 62-3531) that will enhance appearance of the form and make it easier for customers to understand the work that was performed at their sites.

Background

Customers currently receive a "Service Report" form when a PG&E Field Service Representative performs work at the customer site. PG&E's Gas Service Representatives, Electric Troublemakers, Meter Technicians, and other field representatives currently use the "Service Report" form to apprise customers of work performed at their premise in response to service requests or ongoing maintenance by PG&E.

Decision (D.) 96-04-071 was issued as the result of a high bill complaint against PG&E (C.95-07-029). In the Decision, the Commission ordered PG&E to revise the

procedures for Form 62-3531 to require that it be posted on the customer's premises when a meter is reread.

The Service Report Form was last modified by PG&E in Advice Letter 1996-G/1638-E (12/19/96), and was approved by the Commission on April 14, 1997. This form was one of several forms to which PG&E requested modifications. PG&E received Commission approval to combine the "Sorry We Missed You" form (#62-3531) and the "Service Report" form (#62-0362). The combined form retained the #62-3531 designation.

Tariff Revisions

In order to improve customer service and make maintenance work more transparent to customers, PG&E is launching a new pilot program. PG&E proposes to have Meter Technicians and Senior Meter Readers leave a new "Service Update" form (Form #62-3531B) at a customer's premise. The revised form adds a large print tagline and is more customer friendly and reflective of the work that is performed by Meter Technicians.

In addition, PG&E seeks to re-number its current "Service Report" form from the current number #62-3531 to Form #62-3531A. At this time, the "Service Update" form will not replace the current "Service Report" Form, but will be used by PG&E Meter Technicians and Senior Meter Readers on a trial basis while the "Service Report" Form will continue to be used by other PG&E Field Representatives. Please note that the existing stock of "Service Reports" was inadvertently reprinted with the wrong form number. The content of the notice remained unchanged and only the form number was incorrect. PG&E proposes to use its existing stock of "Service Report" forms before reprinting new forms with the new form number.

PG&E has also made the following minor revisions to the "Service Report" form:

- Change the reference name of the Residential Energy Efficiency Information toll free line to the "Smarter Energy Line."
- Revision of the Chinese language description for the Chinese speaking Customer Service line.
- Added a large print tag line under the heading stating: "PG&E Visited Your Property Today to Service Your Account."
- Addition of a Confirmation/Field Order # field that provides an additional reference point for tracking of service requests and any potential follow-up calls that may be required.
- An enhanced check box table that more specifically identifies the tasks performed by PG&E's field technicians on the customer equipment as part of their safety and efficiency inspection.
- Redesign of the layout of the Service Report form to increase readability and customer usefulness.
- Addition of an internal reorder code that will be used by PG&E's materials department.

Depending on the initial work order, PG&E may conduct work associated with an energy cost inquiry in conjunction with other work that is performed at the customer premise. The new "Service Update" form will include a meter re-read section for energy cost inquiries that will inform customers that a PG&E Field Service Representative visited their premise and has read their meter. This language is similar to the language that is currently on the "Service Report" form that complies with D. 96-04-07.

As stated previously, the new "Service Update" form will initially be used on a pilot basis. Upon completion of the pilot, the form may be used by other PG&E customer service groups or may be modified in response to feedback that PG&E receives from customers and PG&E's field representatives. PG&E is requesting that the Commission accept a Tier 1 filing for any future revisions to the "Service Update" form.

Protests

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, by facsimile or electronically, any of which must be received no later than **September 10, 2012**, which is 20 days after the date of this filing. Protests should be mailed to:

CPUC Energy Division
Tariff Files, Room 4005
DMS Branch
505 Van Ness Avenue
San Francisco, California 94102

Facsimile: (415) 703-2200
E-mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address shown above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

Brian K. Cherry
Vice President, Regulatory Relations
Pacific Gas and Electric Company
77 Beale Street, Mail Code B10C
P.O. Box 770000
San Francisco, California 94177

Facsimile: (415) 973-7226
E-mail: PGETariffs@pge.com

Effective Date

PG&E requests that this Tier 2 advice filing become effective on regular notice, **September 20, 2012**, which is 30 calendar days after the date of filing.

Notice

In accordance with General Order 96-B, Section IV, a copy of this advice letter is being sent electronically and via U.S. mail to parties shown on the attached list. Address changes to the General Order 96-B service list should be directed to PG&E at email address PGETariffs@pge.com. For changes to any other service list, please contact the Commission's Process Office at (415) 703-2021 or at Process_Office@cpuc.ca.gov. Send all electronic approvals to PGETariffs@pge.com. Advice letter filings can also be accessed electronically at: <http://www.pge.com/tariffs>.

Sorry We Missed You

- We performed a routine test of your:
 - Electric Meter (with momentary electric service interruption – we apologize for the inconvenience).
 - Gas meter (without interruption of your gas service).

- We read the gas/electric meter(s) for the closing bill.

The gas meter has been left On Off

The electric meter has been left On Off

If your service is off, please call us at **1-800-743-5000** to have service established in your name.

- The gas/electric meter was read and/or tested as part of our investigation into your billing inquiry. A PG&E representative will contact you to follow-up on your inquiry. The meter readings are:

- Gas _____
- Electric _____

- We had to interrupt the gas service to perform upgrades on our facilities. Your gas meter was left off and your gas service can not be restored without access to your gas appliance(s). Please contact us at **1-800-743-5000** to have your service restored.

- We did not turn the gas on because our technician was unable to enter the building to check the safe and efficient operation of your gas appliance(s).

- We turned your electricity on and read the meter. However, due to your absence the main switch at your meter panel was left in the off position. To obtain power, follow the instructions below the checked box. **Note:** all major electric appliances should be in the "off" position before turning the main switch on. If you live in an apartment complex and cannot locate your meter panel, please contact your apartment manager.
