Advice 4145-E
(Pacific Gas and Electric Company ID U39 E)

Public Utilities Commission of the State of California

Subject: Submits Notice of Construction, Pursuant to General Order 131-D, for the Construction of the GOLD HILL #1 60 KV POWER LINE RELOCATION project in the County of El Dorado County

Pacific Gas and Electric Company ("PG&E" or "the Company") hereby submits notice pursuant to General Order (G.O.) 131-D, Section XI, Subsection B.4, of the construction of facilities that are exempt from a Permit to Construct.

Purpose

This advice letter provides a copy of the Notice of Proposed Construction (Attachment I) and the Notice Distribution List, which comply with the noticing requirements found in G.O. 131-D, Section XI.

Background

In order to accommodate El Dorado County and Caltrans' planned Silva Valley Parkway Interchange (larger project), Pacific Gas and Electric Company (PG&E) has been requested to relocate approximately 2,900 feet of the Gold Hill #1 60 Kilovolt (kV) Power Line, which currently parallels the south side of Highway 50. The relocated segment begins just northeast of Clarksville Substation on Joerger Cutoff Road in El Dorado County and continues east through an undeveloped area that is bordered by Highway 50 to the north and White Rock Road to the south. The project will require relocating six wood poles approximately 46 to 68 feet tall with wood poles approximately 59 to 76 feet tall, adding three wood poles approximately 56 to 75 feet tall, and replacing two wood poles approximately 60 feet tall with wood poles approximately 61 to 69 feet tall (replacement of existing facilities). The new poles will be moved as little as approximately two feet south of the existing poles to as much as approximately 350 feet south of the existing poles in a new easement. Construction is scheduled to begin in January 2013 or as soon thereafter as possible, with completion in June 2013 or as soon as possible after construction begins.

CPUC General Order 131-D, Section III.B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. The Company believes this project qualifies for the following exemption(s),

b. the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.

g. power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation.

El Dorado County adopted an Environmental Impact Report for the Silva Valley Parkway Interchange project, finding no significant unavoidable environmental impacts resulting from PG&E's relocated facilities. (State Clearinghouse #1988050215)

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

Protests

Anyone wishing to protest this filing may do so by filing a protest with the CPUC and the Company by **December 4, 2012**, which is 20 days after the date of this filing. Protests should be mailed to the following address:

CPUC Energy Division
ED Tariff Unit
505 Van Ness Avenue, 4th Floor
San Francisco, California 94102

Facsimile: (415) 703-2200
E-Mail: EDTariffUnit@cpuc.ca.gov

Copies of protests also should be mailed to the attention of the Director, Energy Division, Room 4004, at the address show above.

The protest also should be sent via U.S. mail (and by facsimile and electronically, if possible) to PG&E at the address shown below on the same date it is mailed or delivered to the Commission:

David T. Kraska
Attorney, Law Department
Pacific Gas and Electric Company
P.O. Box 7442
San Francisco, California 94120

Facsimile: (415) 973-0516

Brian K. Cherry
Vice President, Regulatory Relations
Pacific Gas and Electric Company
P.O. Box 770000, Mail Code B10C
San Francisco, California 94177

Facsimile: (415) 973-7226
E-Mail: PGETariffs@pge.com

Persons or groups may protest the proposed construction if they believe that the Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of G.O. 131-D exist.

Effective Date

The Company requests that this advice filing become effective on **December 14, 2012**, which is 30 days after the date of filing. (In accordance with G.O. 131-D, construction will not begin until 45 days after notice is first published.)

Notice

A copy of this advice letter is being sent electronically and via U.S. Mail to parties shown on the attached list, including the parties listed in G.O. 131-D, Section XI, Paragraphs B.1 and B.2. These parties are identified in the "Notice Distribution List" included in Attachment I. All electronic approvals should be sent to e-mail PGETariffs@pge.com. Advice letter filings can also be accessed electronically at <http://www.pge.com/tariffs/>.

NOTICE OF PROPOSED CONSTRUCTION

PROJECT NAME: GOLD HILL #1 60 KV POWER LINE RELOCATION (El Dorado County)
ADVICE LETTER NUMBER: 4145-E

Proposed Project:

In order to accommodate El Dorado County and Caltrans' planned Silva Valley Parkway Interchange (larger project), Pacific Gas and Electric Company (PG&E) has been requested to relocate approximately 2,900 feet of the Gold Hill #1 60 Kilovolt (kV) Power Line, which currently parallels the south side of Highway 50. The relocated segment begins just northeast of Clarksville Substation on Joerger Cutoff Road in El Dorado County and continues east through an undeveloped area that is bordered by Highway 50 to the north and White Rock Road to the south. The project will require relocating six wood poles approximately 46 to 68 feet tall with wood poles approximately 59 to 76 feet tall, adding three wood poles approximately 56 to 75 feet tall, and replacing two wood poles approximately 60 feet tall with wood poles approximately 61 to 69 feet tall (replacement of existing facilities). The new poles will be moved as little as approximately two feet south of the existing poles to as much as approximately 350 feet south of the existing poles in a new easement. Construction is scheduled to begin in January 2013 or as soon thereafter as possible, with completion in June 2013 or as soon as possible after construction begins.

Exemption from CPUC Permit Requirement: CPUC General Order 131-D, Section III.B.1, exempts projects meeting specific conditions from the CPUC's requirement to file an application requesting authority to construct. Pacific Gas and Electric Company believes this project qualifies for the following exemption(s):

- b. the replacement of existing power line facilities or supporting structures with equivalent facilities or structures.
- f. power lines or substations to be relocated or constructed which have undergone environmental review pursuant to CEQA as part of a larger project, and for which the final CEQA document (Environmental Impact Report (EIR) or Negative Declaration) finds no significant unavoidable environmental impacts caused by the proposed line or substation.

El Dorado County adopted an Environmental Impact Report for the Silva Valley Parkway Interchange project, finding no significant unavoidable environmental impacts resulting from PG&E's relocated facilities. (State Clearinghouse #1988050215.)

Public Review Process: Persons or groups may protest the proposed construction if they believe that Pacific Gas and Electric Company has incorrectly applied for an exemption or that the conditions set out in Section III.B.2 of General Order 131-D exist;

- a. There is reasonable possibility that the activity may have an impact on an environmental resource of hazardous or critical concern where designated, precisely mapped and officially adopted pursuant to law by federal, state, or local agencies; or
- b. The cumulative impact of successive projects of the same type in the same place, over time, is significant; or
- c. There is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.

Protests should include the following:

1. Your name, mailing address and daytime telephone number.
2. Reference to the CPUC Advice Letter Number and Project Name.
3. A clear description of the reason for the protest.
4. Whether you believe that evidentiary hearings are necessary to resolve factual disputes.

Protests for this project must be filed by December 4, 2012 at the following address:

Director, Energy Division
 California Public Utilities Commission
 505 Van Ness Avenue, Fourth Floor
 San Francisco, California 94102

With a copy mailed to:

David Kraska, Law Department
 Pacific Gas and Electric Company
 P.O. Box 7442
 San Francisco, California 94120

Pacific Gas and Electric Company must respond within five business days of receipt and serve copies of its response on each protestant and the Energy Division. Within 30 days after Pacific Gas and Electric Company has submitted its response, the Executive Director of the CPUC will send you a copy of an Executive Resolution granting or denying the request and stating the reasons for the decision.

Assistance in Filing a Protest: For assistance in filing a protest, contact the CPUC Public Advisor in San Francisco at (415) 703-2074 or 1-866-849-8390 (toll-free) or TTY (415) 703-5258 or public.advisor@cpuc.ca.gov.

Additional Project Information: To obtain further information on the proposed project, please call Pacific Gas and Electric Company's Project Information Line at (415) 973-5530.
