ADVICE 2228-G

Public Utilities Commission of the State of California

Pacific Gas & Electric Company (PG&E) hereby submits for filing revisions to its gas tariffs. The affected tariff sheets are listed on the enclosed Attachment I.

The purpose of this filing is to request Commission approval for PG&E to provide gas marketers and shippers (typically backbone transmission customers) the option to receive monthly billing information electronically for gas services provided by PG&E. By electing and using electronic billing, gas marketers and shippers have the opportunity to make their bill payment processes more timely and efficient. Gas marketers and shippers have requested this service in customer surveys.

Billing information will be transmitted by PG&E to customers in a pre-determined manner via e-mail or by posting on PG&E's website. Electronic billing information provided to customers will contain all the same information as in the current "Blue Bill" paper format. Customers electing the electronic billing option will no longer receive a paper format "Blue Bill".

In order to receive billing information electronically, customers must execute Form No. 79-967--Electronic Billing Customer Agreement (Agreement), with PG&E. The Agreement covers procedures for electronic billing presentation, security and confidentiality, website access, responsibilities in the event of electronic system failures, nonpayment notices, and other rights and terms of transaction. Agreement Exhibit A provides billing communication contacts for each party.

Customers will submit payment of their bills either by check or electronic funds transfer, as they do currently in accordance with gas Rules 8, 9, 11, and 25 (where applicable).

This filing will not affect any other rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.

PG&E requests that this filing be approved on regular notice, **May 31, 2000** which is 40 days after the date of this filing.
