Advice 2351-G/2173-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Revised Service Planning Applications for New Construction

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its electric and gas standard forms as follows: Service Planning Sheet for New Construction - Residential Service (Form 62-0683), Service Planning Sheet for New Construction - Residential Subdivision (Form 62-0684), Service Planning Sheet for New Construction - Commercial Industrial Service (Form 62-0685), Service Planning Sheet for New Construction - Agricultural Service (Form 62-0686), and the elimination of Application for Service for New Construction (Form 62-0682). The affected tariffs are listed on the enclosed Attachment I.¹

Purpose

First PG&E is modifying the title of the following forms. The modified title is more applicable to the information requested.

- Form 62-0683: from Service Planning for New Construction–Residential Services to Application for Service – Residential Service
- Form 62-0684: from Service Planning for New Construction–Residential Subdivisions to Application for Service–Residential Subdivisions/Development

¹ PG&E reserves all legal rights to challenge the decisions or statutes under which it has been required to make this advice filing, and nothing in this advice filing constitutes a waiver of such rights. Also, PG&E reserves any additional legal rights to challenge the requirement to make this advice filing by reason of its status as a debtor under Chapter 11 of the Bankruptcy Code, and nothing in this advice filing constitutes a waiver of such rights.

- Form 62-0685: from Service Planning for New Construction–Commercial/Industrial Service to Application for Service–Commercial/Industrial Development

Second, the Application for Service for New Construction (Form 62-0682) contains information from applicants for gas and electric service for new construction projects. Forms 62-0683, 62-0684, 62-0685 and 62-0686 contain information for serving new single-family residential projects, residential subdivisions, commercial/industrial facilities, and agricultural customers, respectively. PG&E requests approval to eliminate Application for Service for New Construction, Form 62-0682, and to incorporate information requested in that form into Standard Application for New Construction, Forms 62-0683, 62-0684, 62-0685, and 62-0686. This will provide a more uniform and consistent method for obtaining critical load and project information from new business applicants, as well as eliminating the necessity for the applicant to fill out two forms.

Third, in general, Forms 62-0683, 62-0684, 62-0685, and 62-0686 are designed to collect specific information needed to serve new single-family residential projects, residential subdivisions, commercial/industrial facilities, and agricultural customers, respectively. PG&E is also modifying each form to request the following information or to inform customers of options. This includes:

- Adding reference to the new E-NET option in each of the forms, in the *Attachment* section of each application.
- Proposing to remove any references (in all of the Application for Services forms) to “Option 1” or “Unit Cost” in accordance with Decision (D.) 99-06-079, to conform with deletion of these terms from its Declarations and General Terms and Conditions. The Declaration and General Terms and Conditions are used in conjunction with Gas and Electric Rules 15 and 16, PG&E’s new business tariffs.

This filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other rate schedule or rule.
