Advice 2593-G
(Pacific Gas and Electric Company ID U39G)

Subject: Core Gas Procurement Rate Changes effective December 7, 2004

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas tariffs. The affected tariff sheets are listed on the enclosed Attachment I.

Purpose

The purpose of this filing is to submit changes to core end-use customer gas procurement rates effective **December 7, 2004**.

This filing is submitted in compliance with Decision (D.) 97-10-065, which approved monthly price changes for core gas procurement rates. In accordance with D. 97-10-065, core gas procurement rates generally change on the fifth business day of the month. Decision 98-07-025 allows PG&E to change its core procurement rates on the first day of the month when core transportation rates change on the first of the month.

December 2004 Procurement Rate Changes

PG&E is revising the gas procurement rates shown on core end-use customer Schedules G-1, GM, GS, GT, GL-1, GML, GSL, GTL, G-NR1, G-NR2, G-NGV1, G-NGV2 and G-CP—*Gas Procurement Service to Core End-Use Customers*. The procurement charges shown on Schedule G-CP are for illustrative purposes only and are the same as those shown on the end-use customer schedules. The gas procurement rate varies by rate schedule due to the allocation of pipeline capacity and storage charges to the core customer classes.

Schedule G-CP procurement charges proposed in this filing are shown below:

	Residential (All schedules)	Small Commercial (G-NR1)	Large Commercial (G-NR2)	Natural Gas Vehicles (G-NGV1/2)
Schedule G-CP Procurement Charge (\$/therm)	\$0.78003	\$0.77706	\$0.75320	\$0.76819

The Schedule G-CP rates effective **December 7, 2004**, include:

- a) A monthly weighted average cost of gas (WACOG) of **\$0.61714** per therm, down from last month's WACOG of **\$0.63334** per therm;
- b) An adjustment of **\$0.05347** per therm, to amortize over one month the expected \$22 million undercollection in the sales subaccount of the Purchased Gas Account (PGA);
- c) An adjustment to interstate and backbone capacity charges accounting for the monthly election of backbone and interstate capacity by gas Energy Service Providers (ESPs);
- d) A core storage rate component reflecting the core firm storage revenue requirement, adjusted to account for elections of core firm storage capacity by gas ESPs.

Effective Date

In compliance with D. 97-08-055 and D. 97-10-065, PG&E requests that this advice filing be effective **December 7, 2004**. The prices in this filing shall remain in effect until PG&E's next such filing with the Commission.

Protests

Anyone wishing to protest this filing may do so by sending a letter by **December 20, 2004**, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:
