Advice 2661-G
(Pacific Gas and Electric Company ID U39G)

Subject: October 7, 2005, CORE Monthly Gas Procurement Rate Changes

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas tariffs. The affected tariff sheets are included in Attachment I to this filing.

Purpose

The purpose of this filing is to submit changes to PG&E's core end-use customer gas rates effective **October 7, 2005**. This filing is submitted in compliance with Decision (D.) 97-10-065, which approved monthly changes for gas procurement rates for core customers. In accordance with D. 97-10-065, core gas procurement rates generally change on the fifth business day of the month. However, D. 98-07-025 allows PG&E to change its core procurement rates on the first day of the month when core transportation rates change on the first of the month.

Procurement Rate Changes

PG&E is revising the gas procurement charges shown on core end-use customer Schedules G-1, GM, GS, GT, GL-1, GML, GSL, GTL, G-NR1, G-NR2, G-NGV1, G-NGV2 and G-CP—*Gas Procurement Service to Core End-Use Customers*. The procurement charges shown on Schedule G-CP are for illustrative purposes only and are the same as those shown on the end-use customer schedules. The gas procurement rate varies by rate schedule due to the allocation of capacity charges to the core customer classes.

Schedule G-CP procurement charges proposed in this filing are shown below:

	Residential (All schedules)	Small Commercial (G-NR1)	Large Commercial (G-NR2)	Natural Gas Vehicles (G-NGV1/2)
Schedule G-CP Procurement Charge (\$/therm)	\$1.23073	\$1.22573	\$1.19198	\$1.17953

The Schedule G-CP rates effective **October 7, 2005**, include:

- a) A monthly weighted average cost of gas (WACOG) of **\$1.02152** per therm, compared to last month's WACOG of \$0.81056 per therm.
- b) An adjustment of **\$0.07962** per therm to amortize an expected \$17.2 million undercollection in the sale subaccount of the Purchased Gas Account (PGA) and to amortize over two months \$10.9 million remaining from the \$26 million received in May 2005 from El Paso Natural Gas Company to pay off their obligation to PG&E's core gas customers under the El Paso Settlement file (Federal Energy Regulatory Commission (FERC) in FERC Docket No. RP00-241-000, et al).
- c) Adjustments to core interstate and intrastate backbone capacity and core firm storage charges to account for the election of pipeline and storage capacity by gas Energy Service Providers (ESPs).

Effective Date

In accordance with D. 97-10-065, PG&E requests that this advice filing be approved effective **October 7, 2005**.

Protests

Anyone wishing to protest this filing may do so by sending a letter by **October 20, 2005**, which is 20 days from the date of this filing.
