Advice 2804-G

(Pacific Gas and Electric Company ID U39G)

Subject: February 7, 2007 Gas Core Procurement Rate Changes

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas tariffs. The affected tariff sheets are included in Attachment I to this filing.

Purpose

The purpose of this filing is to submit changes to PG&E's core end-use customer gas rates effective **February 7, 2007**. This filing is submitted in compliance with Decision (D.) 97-10-065, which approved monthly changes for gas procurement rates for core customers. In accordance with D. 97-10-065, core gas procurement rates generally change on the fifth business day of the month. However, D. 98-07-025 allows PG&E to change its core procurement rates on the first day of the month when core transportation rates change on the first of the month.

Procurement Rate Changes

PG&E is revising the gas procurement charges shown on core end-use customer Schedules G-1, G1-NGV, GM, GS, GT, GL-1, GL1-NGV, GML, GSL, GTL, G-NR1, G-NR2, G-NGV1, G-NGV2 and G-CP—*Gas Procurement Service to Core End-Use Customers*. The procurement charges shown on Schedule G-CP are for illustrative purposes only and are the same as those shown on the end-use customer schedules. The gas procurement rate varies by rate schedule due to the allocation of capacity charges and winter gas savings program costs to the core customer classes.

Schedule G-CP procurement charges proposed in this filing are shown below:

	Residential (G-1, GM, GS, GT, GL-1, GML, GSL, GTL)	Residential (G1-NGV, GL1-NGV)	Small Commercial (G-NR1)	Large Commercial (G-NR2)	Natural Gas Vehicles (G-NGV1/2)
Schedule G-CP Procurement Charge (\$/therm)	\$0.76591	\$0.74378	\$0.77444	\$0.73966	\$0.70857

The Schedule G-CP rates effective **February 7, 2007**, include:

- a) A monthly weighted average cost of gas (WACOG) of **\$0.65758** per therm, compared to last month's WACOG of \$0.64743 per therm;
- b) An adjustment of \$0.06152 per therm to recover the hedging costs recorded in the Emergency Core Gas Hedging Plan Subaccount of the Purchased Gas Account (PGA);
- c) A credit adjustment of \$0.08472 per therm to amortize over one month an expected \$26.8 million overcollection in the Core Subaccount of the PGA.

Effective Date

In accordance with D.97-10-065 and D.98-07-025, PG&E requests that this advice filing be approved effective **February 7, 2007**.

Protests

Anyone wishing to protest this filing may do so by sending a letter by **February 20, 2007**, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:
