Advice 2854-G

(Pacific Gas and Electric Company ID U39G)

Subject: August 1, 2007 Gas Core Procurement Rate Changes

Public Utilities Commission of the State of California

Pacific Gas and Electric Company (PG&E) hereby submits for filing revisions to its gas tariffs. The affected tariff sheets are included in Attachment I to this filing.

Purpose

The purpose of this filing is to submit changes to PG&E's core end-use customer gas rates effective **August 1, 2007**. This filing is submitted in compliance with Decision (D.) 97-10-065, which approved monthly changes for gas procurement rates for core customers. In accordance with D.97-10-065, core gas procurement rates generally change on the fifth business day of the month. However, D.98-07-025 allows PG&E to change its core procurement rates on the first day of the month when core transportation rates change on the first of the month, as is the case this month.

During the month of August 2007, PG&E will be modifying its Customer Information Systems as part of overall September 4th, SmartMeter 1.0 Implementation. Due to the magnitude of this undertaking, we are trying to minimize system changes in an effort to make sure that the software changes are correctly installed and functioning smoothly, and to minimize impacts to customer service. An August 1st procurement rate effective date will help ensure the success of the SmartMeter program implementation.

Procurement Rate Changes

PG&E is revising the gas procurement charges shown on core end-use customer Schedules G-1, G1-NGV, GM, GS, GT, GL-1, GL1-NGV, GML, GSL, GTL, G-NR1, G-NR2, G-NGV1, G-NGV2 and G-CP—*Gas Procurement Service to Core End-Use Customers*. The procurement charges shown on Schedule G-CP are for illustrative purposes only and are the same as those shown on the end-use customer schedules. The gas procurement rate varies by rate schedule due to the allocation of capacity charges and winter gas savings program costs to the core customer classes.

Schedule G-CP procurement charges proposed in this filing are shown below:

	Residential (G-1, GM, GS, GT, GL-1, GML, GSL, GTL)	Residential (G1-NGV, GL1-NGV)	Small Commercial (G-NR1)	Large Commercial (G-NR2)	Natural Gas Vehicles (G-NGV1/2)
Schedule G-CP Procurement Charge (\$/therm)	\$0.82607	\$0.80424	\$0.77571	\$0.74030	\$0.70910

The Schedule G-CP rates effective **August 1, 2007**, include:

- a) A monthly weighted average cost of gas (WACOG) of **\$0.57919** per therm, compared to last month's WACOG of \$0.67382 per therm;
- b) A charge of \$0.05994 per therm to amortize over one month an expected \$7 million undercollection in the Core Subaccount of the Purchased Gas Account.

Effective Date

In accordance with D.97-10-065 and D.98-07-025, PG&E requests that this advice filing be approved effective **August 1, 2007**.

Protests

Anyone wishing to protest this filing may do so by sending a letter by **August 14, 2007**, which is 20 days from the date of this filing. The protest must state the grounds upon which it is based, including such items as financial and service impact, and should be submitted expeditiously. Protests should be mailed to:
