Advice 2864-G/3114-E

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Transfer 2006 Unspent Gas Carryover Funds**Purpose**

PG&E requests approval to transfer unspent 2006 gas funding from the Gas Public Purpose Programs Low Income Balancing Account (Gas PPPLIBA) to the 2006 Electric PPPLIBA balance to correct for underspending on gas Low Income Energy Efficiency (LIEE) measures and overspending on electric LIEE measures.

Background

In its Application (A.) 05-06-005, for the 2006 – 2007 Low Income Energy Efficiency (LIEE) Program and California Alternate Rates for Energy (CARE) Program, PG&E proposed to maintain the 70 percent / 30 percent electric / gas cost allocation split previously approved in Decision (D.) 05-04-052. Application 05-06-005 was approved by D.05-012-026, in which Ordering Paragraph 4 stated, “[t]he ratemaking treatment of each utility’s Low Income Energy Efficiency and CARE program funding shall not change from that authorized in D.05-04-052.” Ordering Paragraph 3 ordered the utilities to accelerate LIEE and CARE participation in anticipation of high winter energy costs and ordered them to file a budget augmentation application 90 days before they were to be needed.¹ Ordering Paragraph 12 also stated that, “[e]ach of the utilities shall seek a 2006 budget augmentation, through an application to be filed no later than April 14, 2006.”

On April 14, 2006, PG&E filed A.06-04-014 in which it sought approval to transfer \$12 million in 2005 unspent LIEE carryover funding and augment the LIEE budget by an additional \$21.3 million. Application 06-04-014 was approved in D.06-08-025.

¹ Ordering Paragraph 3, D.05-12-026, p.40.

On June 30, 2006, PG&E filed A.06-06-034, for the 2007 – 2008 LIEE and CARE Programs. This Application was approved in D.06-12-038, in which Ordering Paragraph 15 stated, “[t]he utilities may carry over funds from previous periods to the 2007 – 2008 budget periods but may not allocate carry-over funds to administrative overhead costs, regulatory costs or the costs of studies as set forth herein.” Further, Ordering Paragraph 17 authorizes the utilities to “shift funds between LIEE programs so as to promote the efficient and effective implementation of the LIEE program, but may not shift additional funds to administrative overhead costs, regulatory costs or the costs of studies as set forth herein.”

Transfer of Unspent 2006 Gas Funds to Make Whole 2006 Electric Program Budget

As of June 30, 2007, PG&E has \$2,972,592 in net unspent 2006 LIEE carryover funding. This consists of overspending of \$2,523,142 in the Electric PPPLIBA relative to the approved 2006 electric program budget and underspending of \$5,495,734 in the Gas PPPLIBA relative to the approved gas program budget. In this advice letter, PG&E requests approval to transfer a total of \$3,593,800 of the remaining balance from the Program Year (PY) 2006 Gas PPPLIBA to the Electric PPPLIBA. This will allow PG&E to reconcile the overspending of the 2006 electric program budget by transferring \$2,523,142 in unspent 2006 gas funding from the Gas PPPLIBA to the Electric PPPLIBA and allocate a forecasted carry-over amount of \$1,070,658 to expand the implementation of its PY 2007 electric LIEE measures. The remaining \$1,901,934 in unspent 2006 gas funds will be carried over to the 2007 LIEE gas program budget pursuant to Ordering Paragraph 15 of D.06-12-038.
