Advice 2979-G/3375-E
(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Request for Approval to Adjust the Year (PY) 2009-2011 Gas and Electric Low Income Energy Efficiency (LIEE) Expense Ratio and Budget Allocation Factors

Purpose

Pacific Gas and Electric Company (PG&E) hereby requests Commission approval to adjust the gas and electric LIEE program expense ratios and budget allocation factors so as to promote the efficient and effective implementation of the LIEE program.

Background

On May 15, 2008, PG&E filed A.08-05-022, for the 2009 – 2011 LIEE and CARE Programs. In this application, PG&E proposed an expense ratio and budget allocation factors of 38% gas and 62% electric. This ratio was based on a forecast of the cost of proposed gas and electric LIEE measures to be installed for PG&E's customers in the 2009-2011 program period. PG&E based its LIEE Program and therefore its expense ratio and budget allocation factors on a 'tiered' approach, meaning that PG&E proposed to install more measures in homes with higher energy usage and fewer measures in homes with lower energy usage.

On November 6, 2008, the Commission issued D.08-11-031. The decision issued several directives which impacted the LIEE Program expense ratio and budget allocation proposed by PG&E. Ordering Paragraph (OP) 15 orders "The IOUs shall install all feasible measures for all eligible LIEE customers." In addition, in OP 40, the Commission ... "set a maximum \$6.90 per installed bulb cost that is the same across IOUs." This is less than the cost assumed by PG&E when estimating the LIEE budget. The result of both of these directives is the expense ratio and budget allocation factors for PG&E's 2009-2011 LIEE program are 41% for gas and 59% for electric.

PG&E Gas and Electric PY 2009-2011 LIEE Budgets

	2009	2010	2011
Total LIEE Budget without NGAT	\$ 109,056,366	\$ 151,067,347	\$ 156,789,038
Gas			
Gas Budgets as Approved in D.08-11-031 (38%)	\$ 41,441,419	\$ 57,405,592	\$ 59,579,834
Requested Gas Budgets (41%)	\$ 44,713,110	\$ 61,937,612	\$ 64,283,506
Difference	\$ 3,271,691	\$ 4,532,020	\$ 4,703,671
Electric			
Electric Budgets as Approved in D.08-11-031 (62%)	\$ 67,614,947	\$ 93,661,755	\$ 97,209,204
Requested Electric Budgets (59%)	\$ 64,343,256	\$ 89,129,735	\$ 92,505,532
Difference	\$ (3,271,691)	\$ (4,532,020)	\$ (4,703,671)

As shown in the table above, these changes result in an increase to the 2009 gas budget of \$3.3 million and a corresponding decrease to the 2009 electric budget. To implement this change, PG&E proposes to modify the percentage allocation between gas and electric to 41% and 59% respectively and record the adjusted 2009 budgets and revenue requirements to their respective accounts. Consequently, any over or undercollection will be recorded in the LIEE gas and electric balancing accounts and will be incorporated into rates in the 2010 Annual Electric True-up for electric customers and the 2010 Public Purpose Program Gas Surcharge Advice Letter for gas customers.

Protests

Anyone wishing to protest this filing may do so by letter sent via U.S. mail, by facsimile or electronically, any of which must be received no later than **January 2, 2009** which is 20 days after the date of this filing. Protests should be mailed to:
