

GAS SCHEDULE G-WGSP
WINTER GAS SAVINGS PROGRAM

Sheet 1

| | | |
|----------------|---|--|
| APPLICABILITY: | <p>Schedule G-WGSP rewards gas customers who reduce their natural gas usage from their Base Usage (defined below) during the Winter Gas Savings Program (WGSP) period from December 1, 2011 through January 31, 2012 and December 1, 2012 through January 31, 2013 and continuing thereafter for the months of December and January unless modified further (Program Periods). This schedule is applicable to residential and commercial customers served on one of the following PG&E rate schedules: G-1, G1-NGV, GL1-NGV, GM, GS, GT, GL-1, GML, GSL, GTL, G-NR1, and G-NR2.</p> <p>The following are excluded from participating in this schedule: (1) customers where continuous service (for either the current or any previous customer) did not exist at the service address for one or more of the previous WGSP periods in the previous three (3) years; (2) customers who initiated service at their current service address on or after the October 1 that precedes the current Program period; and (3) customers currently taking service under a qualifying rate schedule in conjunction with noncore transportation rate Schedule G-EG and/or Schedule G-NT on the same service agreement.</p> <p>Schedule G-WGSP establishes a limited credit for natural gas conservation to assist customers in managing their winter gas bills. Regardless of the customer's billing cycle, the start and end dates of this program are December 1 and January 31, respectively, for all eligible customers.</p> | <p>(D)/(N) I (D)/(N) (N) (N)</p> <p>(D)/(N)</p> <p>(D)/(N)</p> |
| TERRITORY: | This schedule applies everywhere PG&E provides natural gas service. | |
| CREDIT RATES: | <p>The credit is available to eligible customers achieving a reduction in natural gas usage during each, Program Period compared to the customer's Base Usage for that period.</p> <p>Base Usage (BU equals the customer's average usage for the Program Period during the prior three winters, if available, adjusted for weather differences. Customers who reduce usage by at least ten percent (10%) during the program period will receive a twenty percent (20%) credit on their natural gas charges. Customers who reduce usage from one to nine percent (1% - 9%) during the program period will receive a corresponding 1% to 9% credit on their PG&E natural gas charges in the billing period.</p> <p>The customer's regular monthly bill will continue to be calculated according to their otherwise applicable schedule during the program period.</p> <p>Credit Calculations for customers taking service under schedule G-CT (Core Transport) will only be provided a credit for the transportation portion of their PG&E bill.</p> | <p>(D)/(N)</p> <p>(D)/(N) (D)</p> <p>(D)</p> <p>(D)</p> <p>(N) (N)</p> <p>(N) (N)</p> |

GAS SCHEDULE G-WGSP
WINTER GAS SAVINGS PROGRAM

Sheet 2

**SPECIAL
 CONDITIONS:**

1. If the customer was not at the current service address or does not have usage for the prior three (3) WGSP periods, PG&E may include prior customer(s)'s usage at the service address, when available, as a proxy for the customer's usage in the calculation of the current Winter Program Period's BU. (T)
2. Customer must meet the applicability criteria of the program and also receive continuous service during the program period.
3. If successful in reducing natural gas usage, customers will receive a credit on their PG&E natural gas charges for the Program Periods excluding utility user's taxes, franchise fee surcharges under Schedule G-SUR, the City Franchise Surcharge and ClimateSmart Charges, which are prorated, as necessary, to put the charges on an equivalent calendar year basis. The credit will be calculated on applicable PG&E customer, procurement, and transportation charges, and applicable charges billed under Schedule G-PPPS. (D)/(N)
4. For customers billed using SmartMeter™ interval data prior to the start of the WGSP, the actual exact daily usage during the Program Period will be used. All customers not billed using SmartMeter™ interval data and with billing periods that do not align exactly with the Program Periods respective start and end dates of the program will have their usage prorated during those months. (N)
(D)/(N)
I
(D)/(N)
(N)
5. The customer's reduction in natural gas usage will be rounded to the nearest whole number percentage point for the purpose of determining eligibility for the credit.
6. A weather adjustment of the BU amount will be made for colder or warmer than normal weather that might occur during the program period in order to fairly compare past BU and present program period usage. Heating Degree Days (HDD) is a measure of how far below a standard reference temperature (60 degrees Fahrenheit) the actual temperatures during the program period have been. The weather-adjustment factor (WAF) applied to each customer's BU will be based on the billing serial of the customer and the customer's climate zone. The HDDs used to calculate the WAF's for the program period will be based on all available recorded weather data and a forecast of the remaining weather to allow for the credit to be issued during the next billing period bill on or after January 31 of the eligible program year. GAS SCHEDULE G-WGSP
WINTER GAS SAVINGS PROGRAM

Sheet 3

SPECIAL
 CONDITIONS:
 (Cont'd.)

7. PG&E is not required to develop an adjusted BU amount for customers that might have experienced increased consumption due to occupancy increases or changes in consumption patterns, or for customers who have implemented efficiency and conservation measures in the previous year to allow these customers to qualify for the bill credit.
8. A minimum reduction of 1% is required to receive a credit. Similarly, customers exceeding 10% reductions will only be rewarded with a 20% credit.
9. For customers with multiple accounts, summary billings, or multiple meters at a premise, the credit will be calculated and applied, if applicable, to each of the customer's individual service agreements.
10. For master-metered customers that sub-meter, the credit shall be determined by usage measured by the master-meter. Master-metered customers, including mobile home park owners with sub-metered tenants, receiving a credit shall distribute the credit to sub-metered tenants consistent with Public Utilities Code section 739.5(b).
11. Any disputes arising from the provision of service under this Schedule or other aspects of the Winter Gas Savings Program will be deemed disputes over amounts billed for natural gas and will be handled as provided for in PG&E's Rule 10, Disputed Bills.
12. PG&E normally reads meters each month with minor exceptions. If, because of unusual conditions or for reasons beyond PG&E's control, the customer's meter cannot be read on the scheduled reading date, or if for any reason accurate meter data is not available, PG&E will make estimates according to its applicable tariff rules. In these instances, the estimated meter reads will form the basis of the comparisons in determining whether customers qualify for the bill credit.
13. For customers who were on Schedule G-NT but are now on an eligible WGSP rate schedule, G-NT billed usages from the past 3 years at their service location may be used to establish their BU for WGSP.
