

Pacific Gas and Electric Company  
Small Business Program Management Support Letter  
October 2025

Sangram Bhosale  
Vice President and Chief Procurement Officer  
Pacific Gas and Electric Company

### **Our Commitment to Small Business Partnerships**

At Pacific Gas and Electric Company (PG&E), small businesses are essential to our success and to the communities we serve. For more than 40 years, PG&E has worked to ensure that small businesses have meaningful opportunities to grow with us. That commitment remains strong today.

We are grateful for the partnership and innovation that small businesses bring to our supply chain. Your contributions help us deliver safe, reliable, and clean energy to our customers every day.

Our policy is clear: small businesses, including those owned by veterans, women, and individuals in historically underrepresented communities, must have the maximum practicable opportunity to participate in our procurement process. This approach aligns with federal small business principles and reinforces our commitment to fair and inclusive procurement practices.

Through our Supply Chain Responsibility program, we host outreach events, embed inclusive practices in our sourcing strategies, and encourage our prime suppliers to sub-contract with small businesses whenever possible. Together, we can continue to build a stronger, more resilient energy future for California.

Thank you for your continued partnership and commitment.
