**EXHIBIT C
PRELIMINARY PROJECT SCHEDULE**

EXHIBIT C

MORAGA-OAKLAND X 115 KV REBUILD PROJECT PRELIMINARY PROJECT SCHEDULE

PTC Application Submitted	November 15, 2024
Protests and Notice of deficiencies, if any	December 15, 2024
Response to any deficiencies	January 14, 2025, or sooner
Application deemed complete	February 13, 2025, or sooner
Draft Environmental Impact Report (EIR) released ¹ and Public Review Period Begins	October 13, 2025
Close of Public Draft EIR Review Period	November 27, 2025
EIR finalized	February 27, 2026
Proposed date for parties to PTC proceeding to file Opening Testimony with the CPUC, if necessary	March 14, 2026
Proposed date for parties to PTC proceeding to file Rebuttal Testimony with the CPUC, if necessary	March 29, 2026
Proposed date for CPUC Evidentiary Hearings, if necessary	April 28, 2026
Proposed date for parties to PTC proceeding to file Opening Briefs with the CPUC	May 19, 2026
Proposed date for parties to PTC proceeding to file Reply Briefs with the CPUC. Matter is submitted for decision	June 9, 2026
Proposed date for CPUC to issue proposed decision on PTC Application	July 24, 2026
Proposed date for parties to PTC proceeding to file comments on the CPUC's proposed decision on PTC Application	August 7, 2026

¹ While the Proponent's Environmental Assessment submitted with this Application determines that all environmental impacts from the proposed project will be less-than-significant, this certification schedule assumes that the Commission will issue a Draft Environmental Impact Report as indicated as expected by CPUC during the Prefiling Consultation with PG&E. The Commission will make the final determination regarding the appropriate CEQA process.

Proposed date for parties to PTC proceeding to file replies to comments on CPUC's proposed decision on PTC Application	August 14, 2026
PTC Decision Adopted and Effective and EIR Certified	August 17, 2026
Secondary permits issued by other governmental authorities	August 2027
Acquisition of Land Rights, as needed	August 2027
Materials Procurement	August 2028
Initial Notice to Proceed / Construction Begins ²	August 2028
Construction Substantially Complete	November 2030
Project Operational	December 2030
Construction Complete	July 2031

² A detailed permitting and construction schedule may be found in Table 3.6-1 of the PEA appended to the Application as Exhibit B.
