

PG&E – CCCE
Joint Rate Comparisons

As a part of our mutual commitment to support your energy choice, Central Coast Community Energy (CCCE) and PG&E have partnered to create a comparison of our typical electric rates, average monthly charges and generation portfolio contents. Below you will find a representative comparison of our rates, average monthly bills and power generation portfolio content based on customer class. To find your specific electric rate, please scroll down to your rate plan to view the rate and bill comparisons.

Definitions

Generation Rate is the cost of creating electricity to power your home or business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

PG&E Delivery Rate is a charge assessed by PG&E to deliver electricity to your home or business. The PG&E delivery rate depends on your electricity usage, but is charged equally to both MBCP and PG&E customers.

PG&E PCIA/FF represents the Power Charge Indifference Adjustment (PCIA) and the Franchise Fee surcharge (FF). The PCIA is a charge to recover PG&E's costs for generation resources that are currently above the market rate. These resources were committed to prior to a customer's switch to a third-party electric generation provider. PG&E acts as a collection agent for the Franchise Fee surcharge, which is levied by the California Public Utilities Commission on behalf of cities and counties in PG&E's service territory for all customers. The costs for resources included in the PCIA and FF surcharges are included in the generation rate for PG&E bundled service customers

Additional Messages

Monterey Bay Community Power provides electricity to the counties of Monterey, Santa Cruz, and San Benito entirely from renewable and hydroelectric resources.

MBCP is a not-for-profit public agency and sets its rates to be competitive with PG&E. MBCP also provides all customers with periodic rebates for their energy costs. Visit mbcommunitypower.org or call (888) 909-6227 (MBCP) to learn more.

PG&E continues to provide all electric delivery, billing, and gas services for MBCP territory. Please contact PG&E for related issues.
