Definitions

Generation Rate is the cost of creating electricity to power your home or business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

PG&E Delivery Rate is a charge assessed by PG&E to deliver electricity to your home or business. The PG&E delivery rate depends on your electricity usage but is charged equally to both Ava and PG&E customers.

PG&E PCIA/FF represents the Power Charge Indifference Adjustment (PCIA) and the Franchise Fee surcharge (FF). The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above Market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit www.pge.com/cca

Additional Messages

East Bay Community Energy (EBCE) is now Ava Community Energy (Ava)!

Ava Community Energy remains your public electricity provider, serving a growing list of communities in Alameda County and the Valley, including Albany, Berkeley, Dublin, Emeryville, Fremont, Hayward, Livermore, Newark, Oakland, Piedmont, Pleasanton, San Leandro, Tracy, Union City, and unincorporated Alameda County.

At Ava, we're committed to creating a brighter future in our communities and beyond. We do that by procuring clean electricity on your behalf and using our not-for-profit structure to invest in programs and incentives that enhance well-being, lower costs, and increase resilience for everyone.

Learn more about what our programs can do for you at avaenergy.org/programs and explore a customized list of local, state, and federal incentives with our interactive incentive finder at incentives.avaenergy.org.

On this bill, you'll see charges from both Ava and PG&E. That's because Ava procures electricity on your behalf (generation), and PG&E delivers that electricity through their physical infrastructure (delivery). You can learn more at avaenergy.org, or call 1-833-699-3223.

Look here to identify your electric rate schedule. Once you have that, you can find your rate
