Definitions

Generation Rate is the cost of creating electricity to power your home or business. The generation rate varies based on your energy provider and the resources included in your energy provider's generation supply.

PG&E Delivery Rate is a charge assessed by PG&E to deliver electricity to your home or business. The PG&E delivery rate depends on your electricity usage, but is charged equally to both SVCE and PG&E customers.

PG&E PCIA/FF represents the Power Charge Indifference Adjustment (PCIA) and the Franchise Fee surcharge (FF). The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay the above market costs for generation resources that were procured by PG&E on their behalf. "Above market" refers to expenditures for electric generation resources that cannot be fully recovered through sales of these resources at current market prices. PG&E acts as a collection agent for the FF surcharge, which is levied by the California Public Utilities Commission on behalf of cities and counties in PG&E's service territory for all customers. PG&E bundled customers pay the PCIA and FF fees associated with the most currently available vintage year. PG&E charges SVCE customers the PCIA and FF fees based on the year that they transitioned to SVCE service. Visit www.svcleanenergy.org/your-bill for more information.

Where Do I Find My Electric Rate Schedule?

Need some help finding your electric rate? Go to the "Electric Delivery Charges" section of your energy statement - you'll find your electric rate in the upper left.

The image shows a screenshot of a PG&E Energy Statement. At the top, it says "ENERGY STATEMENT" with the PG&E logo and the website "www.pge.com/MyEnergy". To the right, it lists "Account No: 1023456789-0", "Statement Date: MM/DD/YYYY", and "Due Date: MM/DD/YYYY". Below this, there is a section titled "Details of PG&E Electric Delivery Charges" with a sub-header "MM/DD/YYYY - MM/DD/YYYY (29 billing days)". A yellow box highlights the "Rate Schedule: E1 S Residential Service" line. Below this, there are two tables showing tier usage for two periods: 04/26/2019 - 04/30/2019 and 05/01/2019 - 05/24/2019. Each table lists "Your Tier Usage" for tiers 1 and 2, along with allowances and usage amounts. At the bottom of the statement, it shows "Total PG&E Electric Delivery Charges" as \$83.93. To the right of the main table is a "Service Information" section with details like Meter #, Current Meter Reading, Prior Meter Reading, Total Usage, Baseline Territory, Heat Source, Serial, and Rotating Outage Block.
