*Public Safety Partners, communication providers, water agencies, emergency hospitals and publicly-owned utilities receive this advanced notification.

**Medical Baseline Program Customers and Self-Identified Vulnerable Customers receive unique PSPS Watch and PSPS Warning notifications, but all other notifications align with all other customers.

PUBLIC SAFETY POWER SHUTOFF OVERVIEW

High winds can cause tree branches or debris to contact energized electric lines, which could damage our equipment and cause a wildfire. As a result, we may need to turn off power during severe weather to help prevent wildfires. This is called a Public Safety Power Shutoff (PSPS).

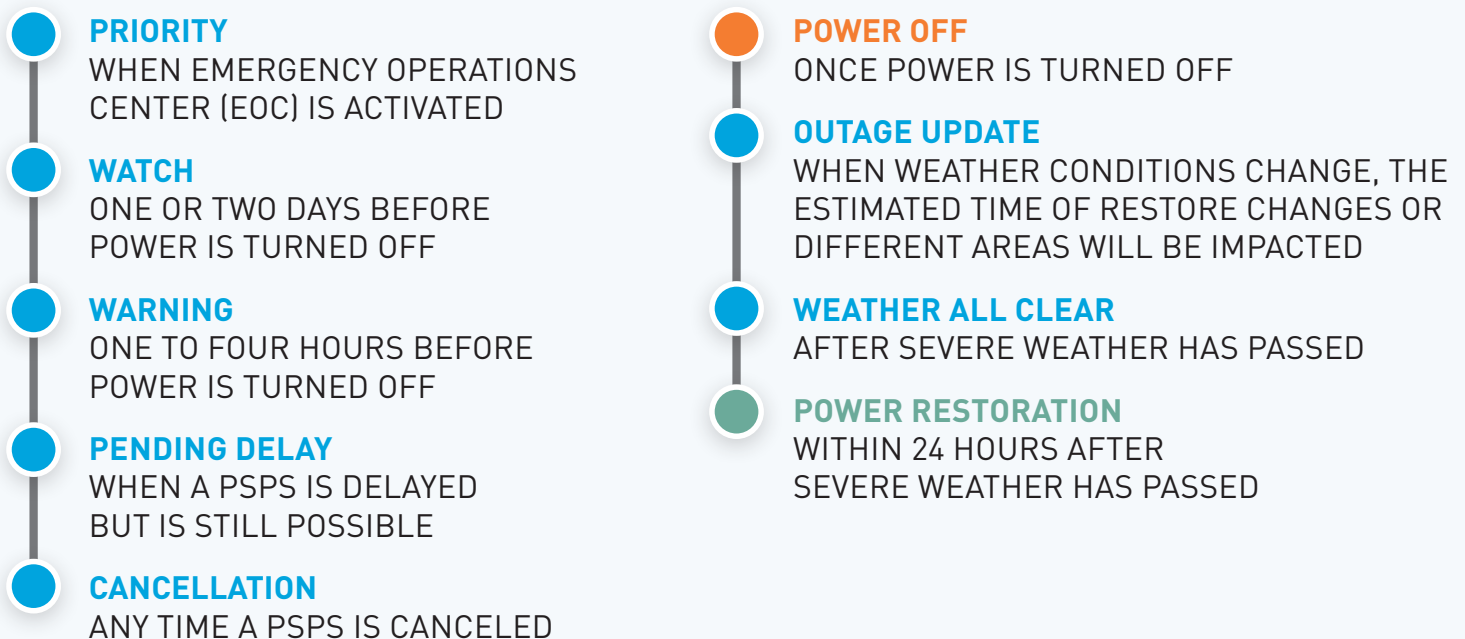

PG&E will not take any chances with customer safety. The sole focus of a PSPS is to keep our customers safe. For the safety of our customers and communities, PSPS continues to be a necessary tool as a last resort.

This document includes the notifications scripts that PG&E may send to potentially impacted Public Safety Partners, critical facilities and customers at key intervals before, during and after a potential PSPS. Please note these are samples only, subject to change and do not include all potential notifications. These scripts do not include planned outreach to the California Office of Emergency Services, California Public Utilities Commission, Office of the Governor and other key emergency service providers. In-language PSPS customer notifications are currently available in 16 languages, including: English, Spanish, Chinese (Mandarin and Cantonese), Vietnamese, Korean, Tagalog, Russian, Arabic, Farsi, Punjabi, Japanese, Khmer, Hmong, Thai, Hindi and Portuguese. We also pre-record general notification messaging in American Sign Language to serve those who are deaf and hard of hearing. Refer to [page 121-122](#) for a more detailed description of PG&E's in-language PSPS notification practices.

PSPS Event Notifications

When possible, PG&E will provide notifications to potentially impacted customers two days, one day and just prior to shutting off power. Customers will also be notified when their power has been restored. Advanced notifications are also made to Public Safety Partners as soon as PG&E's Emergency Operations Center (EOC) is activated.

PSPS notifications will be provided via call, text and/or email both day and night, as needed. This includes "Warning," "Cancellation," "Power Off," "Restoration" and "All Clear" notifications.

City, County, Tribal and Community Choice Aggregator (CCA) Notifications

PG&E will make every attempt to provide notice to cities, counties, Tribes, CCAs, first responders and other agencies in advance of notifying customers through:

- Calls
- Text Messages
- Emails

These notifications are sent based on potential PSPS impacts to PG&E electric service within an agencies jurisdiction and are not tied to a specific PG&E account. Agencies will also receive notifications specific to their accounts if their service may be interrupted during a PSPS.

The following outlines the various notifications PG&E will send prior to, during and after a PSPS:

City, County, Tribal and CCA

PHONE/VOICE

This is P G and E calling on [DATE] at [TIME] with a Public Safety Power Shutoff alert. Due to current weather forecasts, portions of [CUSTOMER NAME] are estimated to shut off starting [TIME] on [DATE] through [TIME] on [DATE]. Restoration for your area is estimated on [DATE] by [TIME]. Actual shutoff and restoration times may vary depending on weather or equipment conditions. We will provide daily updates until the severe weather has passed or power has been restored. Visit [p g e dot com forward slash p s p s portal](http://pge.com/forward/pspsportal) for more information. This link is for public safety partner use only.

Customer-Owned Lines, Publicly-Owned Utilities, Transmission and Wholesale Customers

PG&E will make every attempt to provide notifications to Publicly-Owned Utilities, Transmission-level customers and Wholesale Customers through automated calls, texts and emails, as well as live calls. PG&E will continue to support these customers through two PG&E contacts:

- Critical Infrastructure Lead (CIL) automated notification and/or Customer Relationship Manager leading up to the de-energization
- Grid Control Center (GCC) operators during de-energization and re-energization

The following outlines the various notifications PG&E will send prior to, during and after a PSPS:

Customer-Owned Lines, Publicly-Owned Utilities, Transmission and Wholesale Customers

PHONE/VOICE

Hello, this message is from Pacific Gas and Electric regarding [SERVICE DESCRIPTOR] line serving [CIRCUIT] substation. Gusty winds and dry conditions are forecasted to begin around [TIME] on [DATE] with the peak period of fire risk forecasted to last until [TIME] on [DATE]. The estimated restoration is [DATE] by [TIME]. When de-energization is imminent, the Transmission Grid Control Center will notify your transmission operators and be available to answer questions. You can reach the Transmission Grid Control Center at 707-449-6700, for operational questions. For non-operational questions, reach out to 415-973-4760.

We are continuing to monitor conditions and will only turn off power for safety if conditions warrant.

We will continue to keep you informed.

Press # to repeat this message.

Thank you.

Pacific Gas and Electric Emergency Operations Center
Critical Infrastructure Lead

PHONE/VOICE

Hello This is Pacific Gas & Electric calling regarding grid conditions expected to commence around [TIME] on [DATE] due to Public Safety Power Shutoff events. We do NOT expect your facility to lose power during the current event, but we do anticipate a fault duty drop that should be evaluated for your protective equipment to continue to operate as designed. These events will cause significant power flow deviations that may have a significant impact on the fault duty at [INDUSTRY CLASSIFICATION] substation.

Please have your facility's Protection Engineer or 3rd party protection contractor contact PG&E System Protection Engineering at 925.328.5090 as soon as possible. PG&E's Protection Engineering will give your protection specialist the anticipated fault duty needed for protection settings during this event.

Thank you.
P G and E Critical Infrastructure Lead

PHONE/VOICE

This is [CUSTOMER NAME] at PG&E calling regarding grid conditions expected to commence [TIME], [DATE] due to a Public Safety Power Shutoff event. These events will cause significant power flow deviations that may have a significant impact on the fault duty at your point of interconnection. We do not expect your facility to lose power during the current event, but we do anticipate a fault duty drop that should be evaluated for your protective equipment to continue to operate as designed. Please have your facility's Protection Engineer or 3rd party protection contractor contact PG&E System Protection Engineering at 925-328-5090 as soon as possible. PG&E's Protection Engineering will give your protection specialist the anticipated fault duty needed for protection settings during this event. Thank you.

General Customer, Critical Facility, and Medical Baseline Notifications

We will attempt to reach potentially impacted customers through automated calls, texts and emails using all contact information we have on file. We will also post event-specific information on pge.com and social media channels, as well as keep local news, radio outlets and community based organizations informed and updated.

Public Safety Partner Customers that have a facility identified as potentially affected will receive an advance notification with facility information (in addition to the notifications sent to agencies as described in the previous section). This includes police and fire facilities, communication providers, water agencies, emergency hospitals and publicly-owned utilities.

Medical Baseline Program customers will also receive unique PSPS Watch and PSPS Warning notifications. These messages include customized phone, text and email messages that request confirmation that the notification was received. If previous alerts are not acknowledged, we will make additional attempts to notify the customer. This will continue hourly, or be conducted in person, until we are able to reach them.

The following outlines the various notifications PG&E will send prior to, during and after a PSPS:

KEY:

- Telecom Providers, Water Agencies, Emergency Hospitals, Publicly-Owned Utilities
- Microgrid Watch Notification (General and Medical Baseline Customers)
- Medical Baseline Program Customers
- All Customers
- General Customers

Telecom Providers, Water Agencies, Emergency Hospitals, Publicly-Owned Utilities

PHONE/VOICE (SINGLE PREM)

HEADLINE: Public Safety Power Shutoff

SUBHEAD: PSPS Outage Watch

Due to current weather forecasts, your area is currently under a Watch for a Public Safety Power Shutoff. Current weather forecasts, including high winds and dry conditions, may require us to turn off your power to help prevent a wildfire.

ADDRESS: [ADDRESS, CITY, STATE, COUNTY]

ESTIMATED SHUTOFF: [DAY], [DATE] [TIME]-[TIME]

Shutoff times may be delayed if winds arrive later than forecast.

We expect weather to improve by [TIME] on [DAY], [DATE]. After weather has improved, we will inspect equipment before restoring power.

ESTIMATED RESTORATION: [DAY], [DATE] by [TIME].

Restoration time may change depending on weather and equipment damage.

We recommend all customers plan for an extended outage. We will provide daily updates until the weather risk has passed or power has been restored. This will include a Warning alert if we have determined it is necessary to turn off your power. Weather forecasts change frequently. Shutoff forecasts will be most accurate the day of the potential outage.

HEADLINE: Public Safety Power Shutoff

SUBHEAD: PSPS Outage Warning

To protect public safety, PG&E has upgraded the Public Safety Power Shutoff Watch to a Warning. Current weather forecasts, including high winds and dry conditions, will require us to turn off your power to help prevent a wildfire.

ADDRESS: [ADDRESS, CITY, STATE, COUNTY]

ESTIMATED SHUTOFF: [DAY], [DATE] [TIME]-[TIME]

Shutoff times may be delayed if winds arrive later than forecast. We expect weather to improve by [TIME] on [DAY], [DATE]. After weather has improved, we will inspect equipment before restoring power.

ESTIMATED RESTORATION: [DAY], [DATE] by [TIME].

Restoration time may change depending on weather and equipment damage.

We recommend all customers plan for an extended outage. We will provide daily updates until the weather risk has passed or power has been restored.

For current outage status visit pge.com/outagestatus. For more PSPS information including Community Resource Centers and other support options, visit pge.com/pspsupdates or call 1-800-743-5002. Dial 211 for medical, health, and safety support resources. To view in ASL visit www.pge.com/aslwarning.

HEADLINE: Public Safety Power Shutoff

SUBHEAD: PSPS Outage Warning

To protect public safety, PG&E has upgraded the Public Safety Power Shutoff Watch to a Warning. Current weather forecasts, including high winds and dry conditions, will require us to turn off power in your area to help prevent a wildfire.

BACKUP POWER WILL BE PROVIDED

Microgrid backup power will be provided to your address to shorten your outage time. After weather conditions have improved and we have completed necessary inspections and repairs, we will remove the backup power and restore your regular service.

ADDRESS: [ADDRESS, CITY, STATE, COUNTY] County

Microgrid Warning Notification - General and Medical Baseline Customers

EMAIL (SINGLE PREM) CONT.

ONE OUTAGE

This address will experience an outage of up to 4 hours when microgrid backup power is removed.

OUTAGE START TIME: Sometime between [ESTIMATED MICROGRID REMOVAL SHUTOFF START DAY] [ESTIMATED MICROGRID REMOVAL SHUTOFF START DATE] [ESTIMATED MICROGRID REMOVAL SHUTOFF START TIME] and [ESTIMATED MICROGRID REMOVAL SHUTOFF END DAY] [ESTIMATED MICROGRID REMOVAL SHUTOFF END DATE] [ESTIMATED MICROGRID REMOVAL SHUTOFF END TIME]

TWO OUTAGES

This address will experience two outages of up to 4 hours each, once when microgrid backup power is installed and again when it is removed.

OUTAGE #1 START TIME: Sometime between [ESTIMATED MICROGRID REMOVAL SHUTOFF START DAY] [ESTIMATED MICROGRID REMOVAL SHUTOFF START DATE] [ESTIMATED MICROGRID REMOVAL SHUTOFF START TIME] and [ESTIMATED MICROGRID REMOVAL SHUTOFF END DAY] [ESTIMATED MICROGRID REMOVAL SHUTOFF END DATE] [ESTIMATED MICROGRID REMOVAL SHUTOFF END TIME]

OUTAGE #2 START TIME: Sometime between [ESTIMATED MICROGRID REMOVAL SHUTOFF START DAY] [ESTIMATED MICROGRID REMOVAL SHUTOFF START DATE] [ESTIMATED MICROGRID REMOVAL SHUTOFF START TIME] and [ESTIMATED MICROGRID REMOVAL SHUTOFF END DAY] [ESTIMATED MICROGRID REMOVAL SHUTOFF END DATE] [ESTIMATED MICROGRID REMOVAL SHUTOFF END TIME]

NEWSLETTERS & WEBSITES

If severe weather threatens a portion of the electric system serving your community, it may be necessary for PG&E to turn off electricity in the interest of public safety. This is called a Public Safety Power Shutoff (PSPS). PG&E is asking all of its electric customers to be prepared for these possible public safety power outages. For planning purposes, PG&E suggests customers prepare for multiple-day outages.

We share what we know about the weather and our equipment as soon as we can. While weather conditions can be uncertain, we aim to send you notifications via calls, texts and emails two days ahead, one day ahead, just before shutting off power, once power is turned off and daily until power is restored. Make sure PG&E has your current contact information by visiting pge.com/mywildfirealerts or calling 1-866-743-6589. You can also find tips for evaluating your home and preparing an emergency plan to be ready for the threat of wildfire and possible power outages at pge.com/wildfiresafety.

NIXLE

PG&E Safety Notification: Forecasted weather conditions could cause power outages in your area. Prepare a plan. More info: pge.com or 1-800-743-5002.

Are you prepared for power outages? PG&E may need to turn off electricity in the interest of public safety. This is called a Public Safety Power Shutoff. [@pacificgasandelectric](#) wants all of its electric customers to be prepared for these possible public safety power outages. For planning purposes, PG&E suggests customers prepare for multiple-day outages.

[@pacificgasandelectric](#) goal, dependent on weather, is to send customer notifications 48 hours in advance, 24 hours in advance and just prior to shutting off power. They will do so through automated calls, texts and emails. Make sure PG&E has your current contact information by visiting pge.com/mywildfirealerts or calling 1-866-743-6589. You can also find tips for evaluating your home and preparing an emergency plan to be ready for the growing threat of wildfire and possible power outages at pge.com/wildfiresafety.

[@PGE4Me](#) may turn off electricity for safety if severe weather threatens a portion of the electric system. This is called a Public Safety Power Shutoff. Visit pge.com/wildfiresafety for more info. #PSPS

[@PGE4Me](#) is asking customers to prepare for a possible Public Safety Power Shutoff due to severe weather conditions. Visit pge.com/wildfiresafety to learn more. #PSPS

[@PGE4Me](#) invites every electric customer to review preparedness tips at pge.com/wildfiresafety & learn more about its Public Safety Power Shutoff program. Even customers outside of a high fire-threat area could be impacted. #PSPS

[@PGE4Me](#) is will provide notice to customers in advance of a Public Safety Power Shutoff. To ensure you receive the notifications, visit pge.com/mywildfirealerts to update your contact information with PG&E. #PSPS

Before, during and after a PSPS, PG&E posts information on Facebook, Instagram, X and Nextdoor. Cities, counties and agencies are encouraged to repost information as it becomes available.

Newsletter, Website, Nixle

NEXTDOOR

IMPORTANT SAFETY Notification: Due to current weather forecasts, your area is currently under a Watch for a Public Safety Power Shutoff. Portions of your community are estimated to be shut off beginning [DATE] between [TIME] and [TIME] on [DATE]. Estimated restoration for your area is on [DATE] by [TIME]. Actual shutoff and restoration times may be delayed depending on weather and equipment conditions. If these conditions persist, PG&E may need to turn off power in your neighborhood. If we do need to turn off power for safety, we will work to restore power as soon as it is safe to do so.

If you see a downed powerline, assume it is energized and extremely dangerous. Do not touch or try to move it — and keep children and animals away. Report downed powerlines immediately by calling 911.

Please have your emergency plan ready. For more information, visit [pge.com](https://www.pge.com) or call 1-800-PGE-5002.

Before, during and after a PSPS, PG&E posts information on Facebook, Instagram, X and Nextdoor. Cities, counties and agencies are encouraged to repost information as it becomes available.

PG&E Media and Social Media Overview

MEDIA ENGAGEMENT

During a PSPS, PG&E distributes daily news releases about weather conditions, Customer Resource Center (CRC) hours, infrastructure damages and restoration times. PG&E also engages multicultural media to inform the public in multiple languages. During a large PSPS, we also hold press conferences to help inform the public.

SOCIAL MEDIA ENGAGEMENT

Before, during and after a PSPS, PG&E posts updates on Facebook, Nextdoor and X. Upon request, we can also provide the content of our customer notifications to share via city or county websites, Nixle and Reverse 911.

In-Language Notifications

OVERVIEW

Information on PSPS outages will be offered in 15 non-English languages, including: Spanish, Chinese (Mandarin and Cantonese), Vietnamese, Korean, Tagalog, Russian, Arabic, Farsi, Punjabi, Japanese, Khmer, Hmong, Thai, Hindi and Portuguese. You can choose to receive alerts in one of these languages at pge.com/myalerts.

You can also call 1-866-743-6589 for translated support in more than 240+ languages. We also pre-record general notification messaging in American Sign Language to serve those who are deaf and hard of hearing.

There will be some variation in the overall customer experience of in-language notifications on two factors: (1) the specific languages for the automated phone call notifications and (2) if a language preference has been set by the customer.

	Language Preference Set by Customer		Language Preference Not Set by Customer			
	Language		Language

WEBSITE

At pge.com/pmps, materials are translated in 15 non-English languages, including Spanish, Chinese (Mandarin and Cantonese), Vietnamese, Korean, Tagalog, Russian, Arabic, Farsi, Punjabi, Japanese, Khmer, Hmong, Thai, Hindi and Portuguese.

CALL CENTER

PG&E's call center providers translation services in 240+ languages, including 10 indigenous languages.

INDIGENOUS LANGUAGE SUPPORT

PG&E is engaging with Community-Based Organizations (CBOs) and multi-cultural media organizations to provide translated communications in a variety of languages spoken by Indigenous communities that occupy significant roles in California's agricultural economy (e.g., Mixteco, Zapoteco). This includes outreach and preparedness messaging and/or PSPS event updates, such as providing Facebook Live updates, messages on radio stations serving indigenous communities, and/or community events/meetings.
