PUBLIC SAFETY POWER SHUTOFF OVERVIEW

High winds can cause tree branches or debris to contact energized electric lines, which could damage our equipment and cause a wildfire. As a result, we may need to turn off power during severe weather to help prevent wildfires. This is called a Public Safety Power Shutoff (PSPS).

PG&E will not take any chances with customer safety. The sole focus of a PSPS is to keep our customers safe. For the safety of our customers and communities, PSPS continues to be a necessary tool as a last resort.

This document includes the notifications scripts that PG&E may send to potentially impacted Public Safety Partners, critical facilities and customers at key intervals before, during and after a potential PSPS event. Please note these are samples only, subject to change and do not include all potential notifications. These scripts do not include planned outreach to the California Office of Emergency Services, California Public Utilities Commission, Office of the Governor and other key emergency service providers. In-language PSPS customer notifications are currently available in 16 languages, including: English, Spanish, Chinese (Mandarin and Cantonese), Vietnamese, Korean, Tagalog, Russian, Arabic, Farsi, Punjabi, Japanese, Khmer, Hmong, Thai, Hindi and Portuguese. We also pre-record general notification messaging in American Sign Language to serve those who are deaf and hard of hearing. Refer to [page 88-89](#) for a more detailed description of PG&E's in-language PSPS notification practices.

PSPS Event Notifications

When possible, PG&E will provide notifications to potentially impacted customers two days, one day and just prior to shutting off power. Customers will also be notified when their power has been restored. Advanced notifications are also made to Public Safety Partners as soon as PG&E's Emergency Operations Center (EOC) is activated.

PSPS notifications will be provided via call, text and/or email both day and night, as needed. This includes "Warning," "Cancellation," "Power Off," "Restoration" and "All Clear" notifications.

*For general customers only since notification is address-specific.

City, County, Tribal and Community Choice Aggregator (CCA) Notifications

PG&E will make every attempt to provide notice to cities, counties, tribes, CCAs, first responders and other agencies in advance of notifying customers through:

- Calls
- Text Messages
- Emails

These notifications are sent based on potential PSPS impacts to PG&E electric service within an agencies jurisdiction and are not tied to a specific PG&E account. Agencies will also receive notifications specific to their accounts if their service may be interrupted during a PSPS event.

The following outlines the various notifications PG&E will send prior to, during and after a PSPS event:

City, County, Tribal and CCA

PHONE/VOICE

This is P G and E calling on [DATE] at [TIME] with a Public Safety Power Shutoff alert. Due to current weather forecasts, portions of [CUSTOMER NAME] are estimated to shut off starting [TIME] on [DATE] through [TIME] on [DATE]. Restoration for your area is estimated on [DATE] by [TIME]. Actual shutoff and restoration times may vary depending on weather or equipment conditions. We will provide daily updates until the severe weather has passed or power has been restored. General Customer, Critical Facility and Medical Baseline Notifications

We will attempt to reach potentially impacted customers through automated calls, texts and emails using all contact information we have on file. We will also post event-specific information on [pge.com](https://www.pge.com) and social media channels, as well as keep local news, radio outlets and community based organizations informed and updated.

Public Safety Partner Customers that have a facility identified as potentially affected will receive an advance notification with facility information (in addition to the notifications sent to agencies as described in the previous section). This includes police and fire facilities, communication providers, water agencies, emergency hospitals and publicly-owned utilities.

Medical Baseline Program Participants will also receive unique PSPS Watch and PSPS Warning notifications. These messages include customized phone, text and email messages that request confirmation that the notification was received. If previous alerts are not acknowledged, we will make additional attempts to notify the customer. This will continue hourly, or be conducted in person, until we are able to reach them.

The following outlines the various notifications PG&E will send prior to, during and after a PSPS event:

HEADLINE: Public Safety Power Shutoff

SUBHEAD: PPS Outage Watch

Due to current weather forecasts, your area is currently under a Watch for a Public Safety Power Shutoff. Current weather forecasts, including high winds and dry conditions, may require us to turn off your power to help prevent a wildfire.

ADDRESS: [ADDRESS, CITY, STATE, COUNTY]

ESTIMATED SHUTOFF: [DAY], [DATE] [TIME]-[TIME]

Shutoff times may be delayed if winds arrive later than forecast.

ESTIMATED RESTORATION: [DAY], [DATE] by [TIME].

Restoration time may change depending on weather and equipment damage.

Medical Baseline Program Participants

EMAIL (SINGLE PREM) CONT.

We recommend all customers plan for an extended outage. We will provide daily updates until the weather risk has passed or power has been restored. This will include a Warning alert if we have determined it is necessary to turn off your power. Weather forecasts change frequently. Shutoff forecasts will be most accurate the day of the potential outage. If this is not the correct email address for [ADDRESS], please call 1-866-743-6589. For more information visit pge.com/pspsupdates or call 1-800-743-5002.

RESOURCES TO HELP YOU PREPARE:

- Do you or someone in your household have a health condition where a loss of power could impact your safety or wellbeing? Additional help may be available at pge.com/afn.
- To view city/county level information, visit pge.com/pspsupdates.
- To look up additional addresses that may be affected, visit pge.com/addresslookup.
- To view a general area map of the potential outage area, visit pge.com/pspsmaps.
- Get outage tips and a sample emergency plan at pge.com/outageprep.
- For generator safety tips, visit pge.com/generatorsafety.
- To learn more about Public Safety Power Shutoffs including the criteria used to turn off power, visit pge.com/psps.
- For a 7-day Public Safety Power Shutoff forecast, visit pge.com/pspsweather.
- If you see a downed powerline, assume it is energized and extremely dangerous. Report immediately by calling 911.

Thank you,
PG&E Customer Service

NEWSLETTERS & WEBSITES

If severe weather threatens a portion of the electric system serving your community, it may be necessary for PG&E to turn off electricity in the interest of public safety. This is called a Public Safety Power Shutoff (PSPS). PG&E is asking all of its electric customers to be prepared for these possible public safety power outages. For planning purposes, PG&E suggests customers prepare for multiple-day outages.

We share what we know about the weather and our equipment as soon as we can. While weather conditions can be uncertain, we aim to send you notifications via calls, texts and emails two days ahead, one day ahead, just before shutting off power, once power is turned off and daily until power is restored. Make sure PG&E has your current contact information by visiting pge.com/mywildfirealerts or calling 1-866-743-6589. You can also find tips for evaluating your home and preparing an emergency plan to be ready for the threat of wildfire and possible power outages at pge.com/wildfiresafety.

NIXLE

PG&E Safety Notification: Forecasted weather conditions could cause power outages in your area. Prepare a plan. More info: pge.com or 1-800-743-5002.

Are you prepared for power outages? PG&E may need to turn off electricity in the interest of public safety. This is called a Public Safety Power Shutoff. [@pacificgasandelectric](#) wants all of its electric customers to be prepared for these possible public safety power outages. For planning purposes, PG&E suggests customers prepare for multiple-day outages.

[@pacificgasandelectric](#) goal, dependent on weather, is to send customer notifications 48 hours in advance, 24 hours in advance and just prior to shutting off power. They will do so through automated calls, texts and emails. Make sure PG&E has your current contact information by visiting [pge.com/mywildfirealerts](#) or calling 1-866-743-6589. You can also find tips for evaluating your home and preparing an emergency plan to be ready for the growing threat of wildfire and possible power outages at [pge.com/wildfiresafety](#).

TWITTER

[@PGE4Me](#) may turn off electricity for safety if severe weather threatens a portion of the electric system. This is called a Public Safety Power Shutoff. Visit [pge.com/wildfiresafety](#) for more info. #PSPS

[@PGE4Me](#) is asking customers to prepare for a possible Public Safety Power Shutoff due to severe weather conditions. Visit [pge.com/wildfiresafety](#) to learn more. #PSPS

[@PGE4Me](#) invites every electric customer to review preparedness tips at [pge.com/wildfiresafety](#) & learn more about its Public Safety Power Shutoff program. Even customers outside of a high fire-threat area could be impacted. #PSPS

[@PGE4Me](#) is will provide notice to customers in advance of a Public Safety Power Shutoff. To ensure you receive the notifications, visit [pge.com/mywildfirealerts](#) to update your contact information with PG&E. #PSPS

Before, during and after a PSPS event, PG&E posts information on Facebook, Instagram, Twitter and Nextdoor. Cities, counties and agencies are encouraged to repost information as it becomes available.

NEXTDOOR

IMPORTANT SAFETY Notification: Due to current weather forecasts, your area is currently under a Watch for a Public Safety Power Shutoff. Portions of your community are estimated to be shut off beginning [DATE] between [TIME] and [TIME] on [DATE]. Estimated restoration for your area is on [DATE] by [TIME]. Actual shutoff and restoration times may be delayed depending on weather and equipment conditions. If these conditions persist, PG&E may need to turn off power in your neighborhood. If we do need to turn off power for safety, we will work to restore power as soon as it is safe to do so.

If you see a downed powerline, assume it is energized and extremely dangerous. Do not touch or try to move it — and keep children and animals away. Report downed powerlines immediately by calling 911.

Please have your emergency plan ready. For more information, visit [pge.com](https://www.pge.com) or call 1-800-PGE-5002.

Before, during and after a PSPS event, PG&E posts information on Facebook, Instagram, Twitter and Nextdoor. Cities, counties and agencies are encouraged to repost information as it becomes available.

PG&E Media and Social Media Overview

MEDIA ENGAGEMENT

During a PSPS event, PG&E distributes daily news releases about weather conditions, Customer Resource Center (CRC) hours, infrastructure damages and restoration times. PG&E also engages multicultural media to inform the public in multiple languages. During a large PSPS event, we also hold press conferences to help inform the public.

SOCIAL MEDIA ENGAGEMENT

Before, during and after a PSPS event, PG&E posts updates on Facebook, Nextdoor and Twitter. Upon request, we can also provide the content of our customer notifications to share via city or county websites, Nixle and Reverse 911.

In-Language Notifications

OVERVIEW

Information on PSPS outages will be offered in 15 non-English languages, including: Spanish, Chinese (Mandarin and Cantonese), Vietnamese, Korean, Tagalog, Russian, Arabic, Farsi, Punjabi, Japanese, Khmer, Hmong, Thai, Hindi and Portuguese. You can choose to receive alerts in one of these languages at pge.com/myalerts.

You can also call 1-866-743-6589 for translated support in more than 240+ languages. We also pre-record general notification messaging in American Sign Language to serve those who are deaf and hard of hearing.

There will be some variation in the overall customer experience of in-language notifications on two factors: (1) the specific languages for the automated phone call notifications and (2) if a language preference has been set by the customer.

Language Preference Set by Customer			Language Preference Not Set by Customer	
Language			Language	
- Spanish - Chinese - Vietnamese - Tagalog - Russian			- Korean - Arabic - Punjabi - Farsi - Japanese	
- Khmer - Hmong - Thai - Hindu - Portuguese			- Khmer - Hmong - Thai - Hindu - Portuguese

CALL CENTER

PG&E's call center providers translation services in 240+ languages, including 10 indigenous languages.

INDIGENOUS LANGUAGE SUPPORT

PG&E is engaging with Community-Based Organizations (CBOs) and multi-cultural media organizations to provide translated communications in a variety of languages spoken by Indigenous communities that occupy significant roles in California's agricultural economy (e.g., Mixteco, Zapoteco). This includes outreach and preparedness messaging and/or PSPS event updates, such as providing Facebook Live updates, messages on radio stations serving indigenous communities, and/or community events/meetings.
