

HOW YOU CAN HELP YOUR WORKPLACE PREPARE IN CASE OF A POWER OUTAGE

Outages can be impactful, but we have resources, tools and tips to help you and your coworkers prepare.

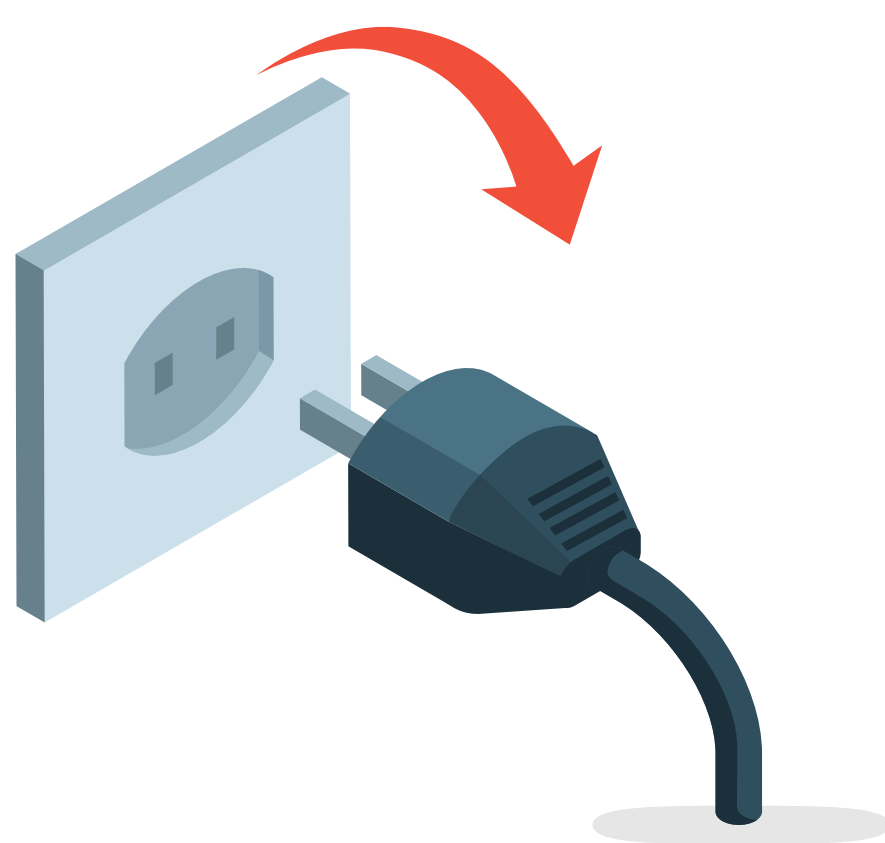

Sign up for Address Alerts to get updates on wildfire safety outages impacting your workplace at pge.com/addressalerts.

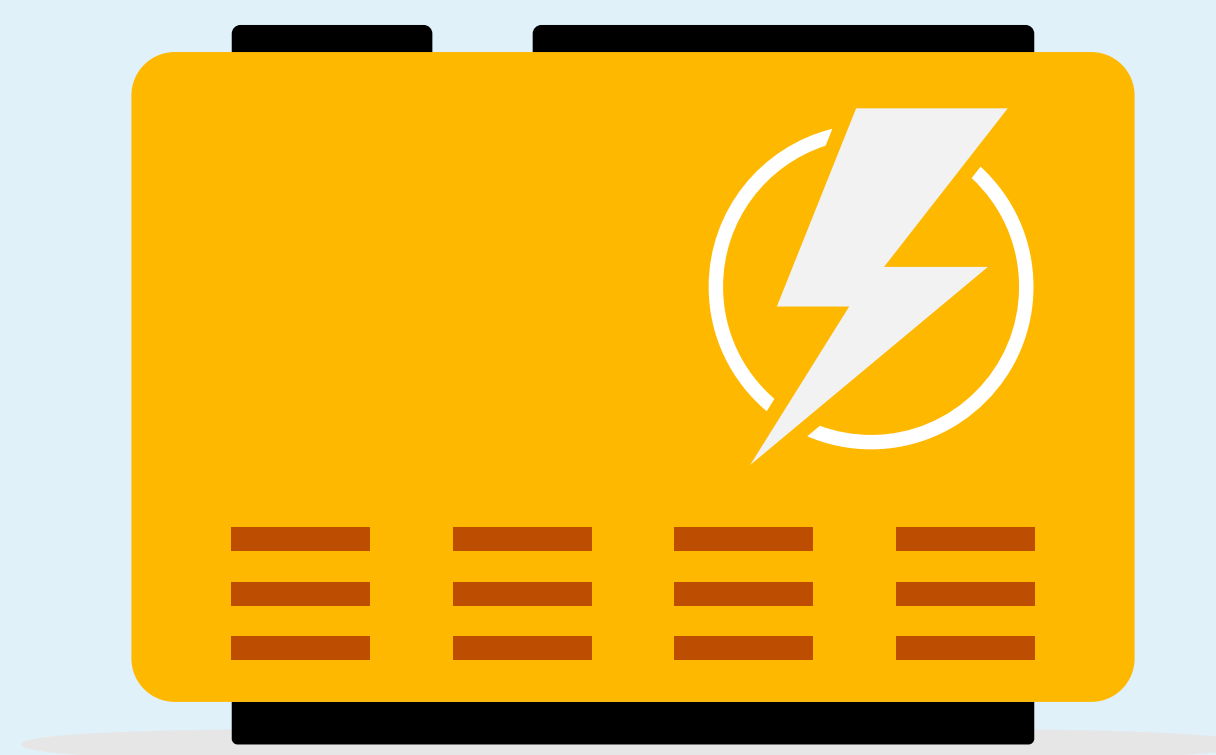

Ensure there is an emergency kit stocked with batteries, flashlights and water.

Unplug devices before or during an outage to help prevent damage when power is restored.

Be familiar with backup power options for power-reliant devices.

Prepare and practice the safety plan with your coworkers.

Build your personal safety plan with help from live staff at 211. Call **211**, text **"PREPARE"** to **211-211** or visit pge.com/211.
