Working to Keep Your Neighborhood Safe

**What to expect as you see
crews in your neighborhood**

Some of the measures included in this document are contemplated as additional precautionary measures intended to further reduce the risk of wildfires. "PG&E" refers to Pacific Gas and Electric Company, a subsidiary of PG&E Corporation. ©2025 Pacific Gas and Electric Company. All rights reserved. CCC-0624-4560. 1/3/2025.

Upgrading Your Electric System to Prevent Wildfires and Keep the Power On

We've identified the area around your home or business for important wildfire safety work. This work includes installing new poles, covered powerlines and equipment, and/or burying powerlines underground.

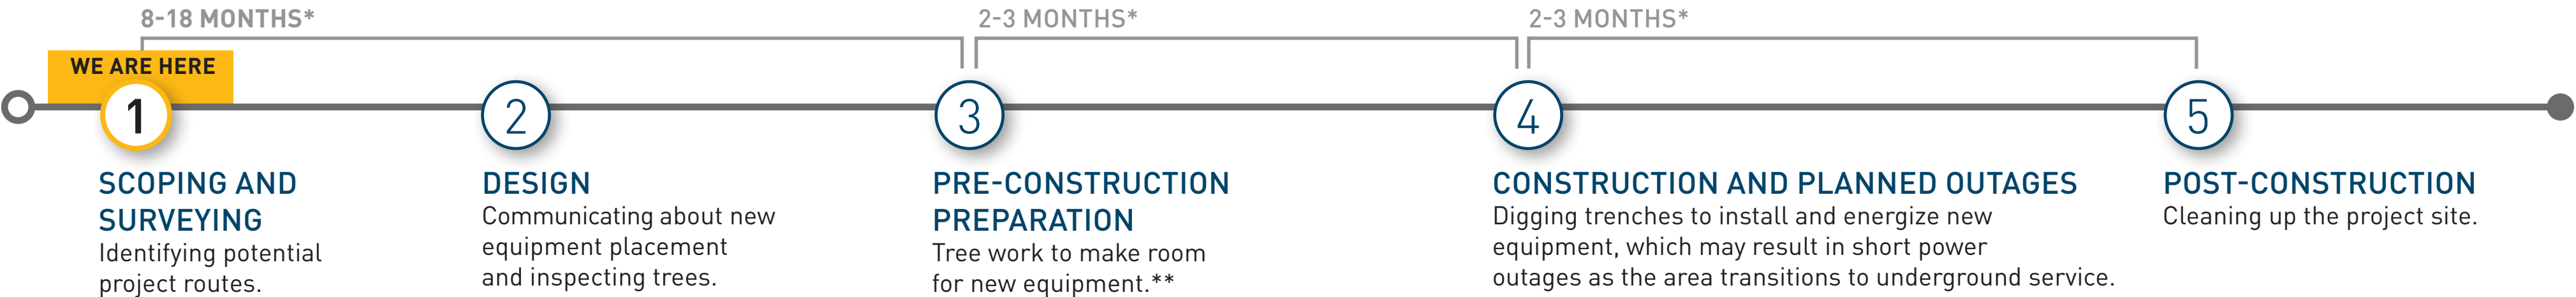

What Is Ahead

We will be in your neighborhood to survey the area to inform our project plans. We will reach out if we need to access your property via phone and/or text.

- ✓ These projects are complex and can take more than 12-24 months to complete.
- ✓ We will send you more details and any schedule updates in future communications including letters, emails, text messages and/or phone calls.

What You'll See in Your Neighborhood

*Timing is approximate and varies by project. Work may occur in phases. Weather and other factors affecting safe working conditions may change our schedule.
**Vegetation and tree work may continue through entire project from this phase forward.
