

PG&E - Marketing & Communications | FERA Customer Testimonial

I am a single mom of two kids. I have a 19-year-old son and a 12-year-old daughter. They are my life, my passion. I do everything I can for them.

When I first applied to PGD Financial Assistance, I was struggling dearly. I lost one of my jobs. I've always had two jobs. Realizing that I was approved for FERA was a sigh of relief. Receiving that first bill, and then actually seeing the difference and seeing the discount, definitely happiness and joy from being able to say, I think I can manage paying this from now on.
