

Truck Talk - @PottedSpiderPlant – Video Transcript

Jeramy, let me read this to you.

Let's hear it.

It comes from Pottedspiderplant. "They're undergrounding a bunch of lines in rural areas with our money. Who pays for the lines to be undergrounded?"

Yeah.

But we all benefit from it.

And it's not that expensive. It's about a buck a month on your bill. Trimming trees costs a lot more.

You want lines underground, Pottedspiderplant. We don't want wildfires and smokey days where kids cannot go out and play.

That would drive me crazy.

That would drive me crazy.

Be stuck inside my house with my kid all day.

Yeah.

(both laugh)
